

REYNAUD CALLS PETAIN PLOTTER

Blames Him for Fall of
France in 1940.

By DUDLEY ANN HARMON
United Press Staff Correspondent
PARIS, May 11.—Paul Reynaud, France's last pre-Vichy premier, blames the fall of France and his own resignation as premier in 1940 on Marshal Henri Philippe Petain.

In an exclusive interview with the United Press, Reynaud said his capture and four-and-one-half-year imprisonment by the Nazis resulted from a "plot by Petain."

"The man most responsible for the fall of France is Petain," he said. "I will testify to this, although I am unwilling to reveal the details of the plot until then. Can Clear up 'Abscess'."

"I think the Petain trial will be a good thing for France, contrary to the opinion of many people," he added. "By exposing Petain we will clear up for all time the 'Petain abscess' in France."

The graying ex-premier revealed that he was imprisoned on order of the Vichy authorities in June, 1940, through a secret writ because every magistrate approached by the Vichy agents refused to sign a warrant for his arrest.

Reynaud said he was deeply touched by the welcome given him at the Paris airport yesterday by his political followers. But he insisted he would not return to politics until he has completed a book in which he will review the causes of France's downfall and outline a plan for national reform.

"We Were Spoiled," he said, "is a new education teaching the French fortitude and stoicism. We were spoiled before the war and did not realize the need for strength. The league of nations failed because it did not have gendarmes. The new society of nations outlined at Dumbarton Oaks must have a strong international army, including French forces."

Reynaud said he was impressed by the exploits of the American army in Germany and expressed his sorrow at the death of President Roosevelt "who sent me such a touching telegram when I resigned."

Reynaud said he had no fear of German torture during his imprisonment because he was prepared to cut his throat if the Nazis tried to use him against the interests of France.

HOUSE MEMBERS VOTE SELVES EXPENSE CASH

WASHINGTON, May 11 (U. P.).—House members voted themselves a \$2500 tax-exempt expense allowance yesterday after six hours of heated debate.

The disputed proposal was contained in a \$50,000,000 congressional appropriation approved by a stand-

ing vote of 179 to 83 after opponents of the expense item failed in their efforts to knock it out or reduce it to \$1000.

The senate still must act on the bill. Tradition requires, however, that neither house attempt to overturn the decisions relating to the financial operation of the other.

EMERGENCY FLOOD BILL GOES TO HOUSE

WASHINGTON, May 11 (U. P.).—The senate has passed and sent to the house a \$12,000,000 emergency flood control bill.

The measure would authorize a \$12,000,000 appropriation for re-

pair and restoration of levees and other flood control works damaged by floods in 1944 and 1945.

Among the river basins affected are those of the upper and lower Mississippi, the Ohio, Missouri, St. Francis, the Red river of Louisiana, Texas, Oklahoma and Arkansas, and the Sacramento-San Joaquin.

BOND REDEMPTIONS OFF SINCE V-E DAY

WASHINGTON, May 11 (U. P.).—Secretary of the Treasury Henry Morgenthau Jr. reported today that war bond redemptions have decreased since V-E day.

His statement came in response to inquiries about reports that war

bond redemptions had come heavier after victory in Europe.
