Single Game Mark Is Set

Although the Universal league, last of the city's reputed fast loops to close the season, furnished an abundance of high scoring last night, Helen Jefferson posted the best single game of the season in the feminine ranks for the outstanding feat of the evening.

Rolling in the Brightwood Fuedrout at Moon-Lite alleys, Mrs. Jefferson opened weakly with 113, stepped up to 189 and then combined nine consecutive strikes and a spare for a 270, the season record, and a 552 total. The fuel loop closes its season next week.

Carl Mindach, rolling with Bittrich's Market in the Universal's final session at Pritchett's had the best three-game total, 217, 258, 188—663. Fourteen additional soloists passed 600.

Pryor Smith had 640, Bob McPherson 639, Al Weevie 631, Gib Smith 631, Earl Gocking 630, Harry Stivers 629, Bill Van Pelt 611, Buckner 611, Bernie Mills 610, Miller Ensminger 608, John Eder 606, Clarence Moxley 606, Koch 601 and Tony Mascara 601.

Five Women High

Five additional women of the Brightwood-league topped 500, Judy Hindel having 547, Mickey Rotert 517, Marie Nash 513, Betty Oprey 512 and Margaret Ingersoll 510.

In other regular league sessions, Bob Barrett led the Marvin Shell leaguers at West Side with 634, Jack Falk paced Broad Ripple Legion bowlers at the Uptown with 581, Chris Emhardt topped Elis leaguers at the Antlers with 555; Chester Frazee was leader in the Holcomb-Hoke at Fountain Square with 507; Verna Mae Yingling had 562, the best series in the Underwood Ladies at the Antlers; Rose Taylor set the pace in St. Philip No. 1 with 540 and Holly Maitre was best in the Uptown Ladies with 478.

Two big series were rolled in Spring league competition. Bob Sweeney having 255, 214, 186 in the Mitchell Bros. Mixed at the Speedway and Patty Striebeck 224, 181, 201—606 in the Pennsylvania Mixed. The final standings of the Universal league found Kidwell Electric heading the teams with a 89-36 record, while Bill Blyth topped the individuals with a 199 average. Roberts Milk was the team winner in the Marvin Shell with 68-37. Bob Carnagua led the individual average list with 190. Tool Room No. 1 had 69-36 for the Holcomb-Hoke lead and Don Rohr a 170 average, the best in the individual race.

Officers for the 1945-46 season were elected by Universal leaguers. Al Menges was named president, Dutch Hagler, vice president, and Fred Tegeler, secretary treasurer.

State to Deliver Pheasant Chicks

Annual delivery of day-old pheasant chicks to conservation club brooders through the northern part of the state will start May 16, Harrell F. Mosbaugh, director of the fish and game division of the Indiana department of conservation, said today.

First shipment will be from the Wells county game farm near Bluffton, and will number 2400 birds. The next shipment will be from the Jasper-Pulaski farm on May 21.

After the latter date 2400 chicks will be sent out every other day for approximately eight weeks. Before the end of the season 75,000 birds will have been shipped to the 426 clubs which have contracted to rear them to eight weeks of age, when the young will be liberated under the supervision of the district conservation officer.

Groundwork

Millions will be needed for "Deferred Maintenance"

TODAY's mighty war loads are riding on foundations like that pictured... "highways" into which the railroads have put more than 4 billion dollars for improvements since the last war. This groundwork is the necessary basis for carrying the greatest load in history.

Wear and tear on roadway, bridges, locomotives, cars and equipment have been terrific. And material and labor for needed maintenance are not obtainable now beyond the minimum necessary for safe, continued operation. As a result, much work that should be done has had to be deferred. So the railroads

are wearing out 25 per cent faster than they can be restored.

Money from current revenue should be saved to pay for the needed repairs and replacements when material and labor are available. But the tax law forbids. If money for needed repairs cannot be spent as it is earned it is considered "profit" and practically taxed away. But it isn't profit. It is the life-blood of the railroads.

To tax this money away, simply because it cannot be spent now due to war conditions, threatens the backbone of American transportation.

Congressional amendment of the tax law to permit this money to be put aside for repairs and replacement would mean strong postwar railroads and thousands of jobs for returning fighting men in furnishing materials and restoring the railroads for the needs of tomorrow.
