

Yank Sub Invades Jap Harbor, Riddles Ships, Escapes Unharmed

BY COURTEENY MOORE

United Press Staff Correspondent
WASHINGTON, June 4.—The navy revealed today the daring exploit of a U. S. submarine that sneaked at night into a harbor jammed with Japanese ships.

It surfaced under the muzzles of enemy guns and torpedoed vessels all about it.

Then it got away in a miraculous exhibition of broken-field running.

IT IS the sort of thriller with which boys' books about war are

filled but which sound too incredible really to have happened. This episode was real enough, however, and earned Cmdr. Eugene B. Fluckey of the submarine Barb the medal of honor and his entire crew the presidential unit citation.

The medal of honor award was previously announced but the citation was granted today.

The mission the heroic sub-skipper selected and which won him the nation's highest award was "virtually a suicide mission—a naval epic."

PACIFIC VETS GET DISCHARGES

27,000 Will Be On Way Home This Month.

Times Foreign Service

MANILA, June 4.—By the end of June 27,000 veterans of the Pacific fighting will be on their way home, or awaiting transportation to the States for discharge from the army. Headquarters of the United States armed forces in the Far East made the announcement here today.

By the end of this week about 8000 men from the southwest Pacific area will be in disposition camps or en route home.

An additional 12,000 from the same area will have left their units in three weeks. The other 7000 to be sent to the States during the month will come from the Pacific ocean area.

Some By Plane

Quotas will be filled by nonessential men with the highest number of points, under the system announced recently in Washington. About 18,600 enlisted men and 1334 officers will make up the southwest Pacific area's June quota, which includes tactical and service troops and members of the air corps.

Air transportation will be furnished for 1200 combat troops, including 1121 enlisted men. The others will return by ship.

The majority of those leaving the theater will have at least 105 points.

Refuse Discharges

In the 1st cavalry division, which has a quota of 500, top man is T-Sgt. Russell L. Thornton, Rio Grande City, Tex., with 149 points. He has been in the army 56 months, overseas 22 months, has four campaign stars, the bronze star and the purple heart with cluster. His three children account for his remaining 36 points.

Not all of those offered discharge have accepted. A bandsman with the 1st cavalry, who has 128 points, refused to go home. He has but two years to serve before becoming eligible for retirement as a 30-year man.

With the inauguration of the point system the old method of rotation, has come to a formal end. Henceforth, temporary duty in the states will be limited to key personnel badly in need of rest.
