

## One Son Freed, Other Killed Shocking News for Cribelars

T. Sgt. Eugene Cribelar . . .  
killed on Luzon.

S. Sgt. Paul Cribelar . . .  
freed from Stalag 17-B.

### By MILDRED KOSCHMANN

In just 90 minutes two war department telegrams brought joy and tears to the home of Mr. and Mrs. Charles Cribelar, 1140 N. Alton ave. The first announced the long-awaited news that S. Sgt. Paul R. Cribelar, one of the four Cribelars, has been liberated from Stalag 17-B. He had been interned there since June, 1943.

The second came just one and a half hours later. T. Sgt. Eugene Cribelar, the second serviceman in the family, was killed in action on Luzon, May 18.

Both messages were received on June 6.

T. Sgt. Cribelar, who was 25, had been wounded on Luzon in February. According to the war department, there was no record of his

having returned to active duty after he was hit.

A member of the 25th division, 35th infantry, T. Sgt. Cribelar had been overseas two years and had participated in campaigns in New Caledonia, the Philippines and several other South Pacific spots.

For 14 months he was an instructor at Camp Wheeler, Ga. after going into the army Oct. 9, 1941. He was captain of the R. O. T. C. band at Washington high school while a student there and worked for the Trees Bottling Co. here after his graduation.

Taken prisoner on his first mission, S. Sgt. Cribelar was liberated May 3. According to the last V-mail letter he sent his mother, he expects to be home very soon.

Two brothers, Dean and James, and a sister, Wilma Jean, live in Indianapolis.

## NATIONS DISCUSS PROBLEMS OF FOOD

(Continued From Page One)

strate satisfactorily to its neighbors that its own civilian rations are down to the minimum—just last month further cuts were made in meats, fats, sugar, cheese and canned goods.

There is a world shortage in those items on which Americans had to tighten up recently too, and there simply will not be enough to go around in Europe this winter.

**Political Weapon**

However, the combined food board, controlled principally by the United States, Britain and Canada, worked out what it hopes is an equitable distribution and its plans will be discussed here.

It is too bad, but food is a political weapon.

The allies were lavish in their promises to occupied Europe of the good things which would follow liberation. But only in a small degree have these promises been fulfilled.

This explains, in part, the touchiness of the British foreign office in

(Continued From Page One)

paganda efforts to whip up home front morale.

Today's developments were:

**PROPAGANDA**—Radio Tokyo said "scores" of Flying Fortresses

discussing the conference and what it might accomplish.

Although the discussions primarily concern northwest Europe, Russia, Greece, Yugoslavia and Czechoslovakia were invited to participate. This is intended to avoid any implication that the European food problem is restricted to any particular area.

The Soviets have not sent an official delegation. But the Russian, N. I. Feonov, who is the United Nations Relief and Rehabilitation administration's deputy director general for supplies in Europe, is attending as an observer.

Canada is similarly represented and D. A. Fitzgerald of war food administration represents the United States.

Other delegates came from Norway, Denmark, Holland, Belgium, Luxembourg and France.

## Yanks Pushing Doomed Jap Army Toward Sea

(Continued From Page One)

and Liberators from Europe have arrived in the Philippines to join the mounting American air offensive. Though it was known that bombers from Lt. Gen. James H. Doolittle's 8th air force were on their way from Britain to the Far East, this was the first report any had arrived. It was not confirmed by allied sources.

Radio Tokyo told the Japanese people that American forces in the Pacific appeared to be preparing for a new offensive, but admitted that it did not know whether it would be directed toward China or Japan proper.

Another broadcast urged the Japanese to make home islands a fortress and prepare to fight to the last man because there could be no unconditional surrender.

Tokyo said the plight of the Okinawa garrison was "truly" desperate.

Premier Kantaro Suzuki, recognizing the inevitability of defeat on the island, told newsmen in the Japanese capital that he had no intention of resigning when Okinawa falls.

"We have only to smash the

enemy seaborne force while at sea,"

Suzuki said. "When he comes to the shore, strike him right there. When he lands, destroy him on land. That's all."

**JAPAN**—Tokyo admitted the fall of the oil-rich island of Tarakan to invading Australian and Netherlands troops.

Premier Kantaro Suzuki told a press conference today, radio Tokyo said, that he would not resign even if Okinawa falls to the American troops.

"I am as determined as ever to carry on my job to tide over this national crisis," Suzuki was quoted.

**AIR WAR**—The American air offensive went into its ninth straight day. Tokyo said American B-24 Liberators appeared over the Tokyo-Yokohama area today for the first time, harbingers of heavier air blows yet to come.

Radio Tokyo said the Americans already had in use or under construction 10 airfields on Okinawa and adjacent islands.

Taking off from the fields, more than 50 Corsairs dropped 12 tons of bombs and rockets on Japanese suicide-plane bases on Kyushu Tuesday. It was

the "biggest force from Okinawa yet to hit Japan."

Two Liberators, teammates of the Flying Fortresses in the aerial destruction of Germany, appeared over Tokyo-Yokohama area at 11:30 a. m. today, Tokyo said. The broadcast claimed that both were shot by anti-aircraft guns.

**BORNEO**—Australian troops of the famed "fighting 9th" division drove into the outskirts of Brunel, capital of the Borneo sultanate of the same name, after an amphibious landing on the shores of Brunel river east of the city.

Another Australian column captured Brunel airstrip and rolled on unopposed within two miles north of Brunel in an eight-mile advance along the Broketon-Brunel road.

Field reports said the Japanese already had abandoned Brunel. The city probably will fall within the next 24 hours.

**WICKARD APPROVED**

WASHINGTON, June 14 (U.P.).—The senate agriculture committee by a 11-6 vote today approved the nomination of Claude R. Wickard to be rural electrification administrator.

## PUPILS IN HOSPITAL TO GET DIPLOMAS

(Continued From Page One)

Three students who completed their high school courses at Sunny side sanatorium will receive diplomas at graduation exercises tonight at Sunnyside.

The graduates are James Snellson and Dawson Junior Jones, Technical high school students before entering Sunnyside, and Ros Lee Trice, who formerly attended Crispus Attucks.

Herman Clark, a student at John Hope school 26 before entering the sanatorium, will be graduated in high school.

Speakers will be Dr. Frank I. Jennings, superintendent of Sunny side; H. H. Anderson, principal of Technical high school; R. A. Lane Crispus Attucks principal, and Robert F. Gladden, county school superintendent.

**COUNCIL TO MEET**

The Past Presidents' council of the Daughters of Union Veterans of the Civil War will meet tomorrow at the home of Mrs. Elizabeth Underwood, 627 Stevens st. A luncheon will precede the meeting.

## UNDAUNTED ROBIN HAS NEST ON TRAIN

(Continued From Page One)

nest hasn't lost a twig in its many journeys to and from Chicago. Conductor Arthur Fletcher found the eggs two weeks ago.

**TRAINMEN** who have watched the faithful bird hope she won't be too disappointed if her eggs don't hatch. No. 645's runs have stirred up chilly breezes during the last fortnight. The trainmen fear the eggs have been too cold to make the railroading robin a mother.

## 'Y' GRADS TO HEAR TALK BY DR. ESCH

Dr. I. Lynd Esch, president of Indiana Central college, will speak at a graduation dinner for students of the Y. M. C. A. night high school at the Central Y. M. C. A. at 6 p. m. today.

Nine "Y" students will be guests and diplomas will be presented to Myrtle Phelps and James Carney.

## Loses Hand, but Saves Comrades

MANILA, June 14 (U.P.).—After his left hand had been severed by a Japanese officer's sabre, Pfc. Glenn J. Hansen of St. Paul, Minn., used his carbine like a rifle to kill two Japanese and save the lives of several comrades.

His story was revealed today with announcement that he had been awarded the distinguished service cross.

After killing the Japanese, Hansen calmly waited in a fox-hole until dawn and then walked nearly two miles to a first-aid station, carrying the severed hand.

## CAR KILLS HOOSIER

FT. WAYNE, June 14 (U.P.).—John Radenbaugh, 65, was killed today when struck by an automobile driven by Carl J. Suedhoff Jr., 20, a war veteran recently returned from overseas. Police charged Suedhoff with reckless driving and placed him under \$400 bond.
