

LAST WAR BOND DRIVE IS BEGUN

Scouts Canvass Downtown Area Today.

Indiana's Victory loan campaign—last organized bond drive—opened today with approximately 4000 Boy Scouts canvassing the "mile-square." Democratic and Republican party workers joined forces to solicit in the outlying sections.

Highlighting the opening week's activities will be a gigantic street rally Wednesday in the Coliseum at which Movie Star Ann Sheridan will be guest of honor.

Campaign workers will seek to raise \$45,000,000 in the county and \$165,000,000 throughout the state. The national goal is \$1 billion.

Also participating in the rally will be 11 high school bands and a military band from Ft. Harrison. An ice carnival with a Halloween motif and starring Hedi Stenif, Viennese skating star, will be a part of the program.

No Admission Charge

Speakers besides Miss Sheridan will include Maj. Gen. Frank W. Milburn, Will H. Hays, former movie czar, Governor Gates and others.

The program is free to the public. Doors of the Coliseum will be opened at 8:30 p. m., with the high school bands swinging into action a half-hour later. The ice carnival will follow.

At 8:30 p. m., the Indianapolis Maenchor of the Athenaeum Turners will give a concert. Following this, Miss Sheridan and her party will enter the Coliseum in sleighs, with a special military escort.

Dr. Fabien Sevilsky, Indianapolis Symphony orchestra conductor, will direct the combined high school bands. The show is scheduled to close at 9:30 p. m.

A breakfast club broadcast from 8 to 9 a. m. has been scheduled tomorrow in Cadie tabernacle. Doors will open at 7:15 a. m.

WORKS BOARD URGES REPAIR OF CROSSINGS

Officials representing major railroads with approximately 200 street crossings in the city told the works board today a shortage of labor and materials has handicapped their repair efforts.

With many complaints from motorists whose automobiles have been damaged by rough crossings, the board has been attempting to improve conditions.

"This isn't a big matter for the railroads, but it is for motorists," declared Dr. Walter E. Hemphill, board vice president.

The railroad men said they would inform the board within a few weeks on their progress in according to the city's requests.

BRITISH FIGHT REVOLT IN JAVA

Report Casualties in Battle With Extremists.

BATAVIA, Oct. 29 (U. P.)—Bloody fighting flared with renewed intensity today at Soerabaja, biggest naval base in Java, where 2000 to 3000 British troops battled Indonesian extremists armed with captured Japanese tanks and armored cars.

British officers reported that their occupation forces had suffered "some" casualties in the battle of Soerabaja. One Indian officer was known killed and a British officer and several Indian troops wounded.

Dr. I. R. Sukarno, president of the unrecognized Indonesian republic, disavowed the resistance movement at Soerabaja. He flew to the city in eastern Java to investigate the status of the extremists, led by one Dr. Mustopo. Sukarno said Mustopo was "insane."

American freighters due

The fighting at Soerabaja was the most violent manifestation of native resistance in the Netherlands East Indies since the surrender of Japan.

Two American freighters carrying Dutch stores from Dutch and British New Guinea were due to reach Batavia tomorrow. They were the 6800-ton Cape Spear, skippered by Capt. Charles Hudson of Rochester, N. Y., and a 10,000-ton liberty ship of which Capt. William Bowman of San Pedro, Cal., was commander.

Six British Thunderbolts swooped over the city in a show of strength. A Dutch Catalina flying boat flew over Soerabaja this morning and returned to Batavia with 11 machine gun bullet holes in the fuselage.

The situation eased somewhat late today when a truce went into effect in the area surrounding the headquarters of the British commander, Brig. A. W. F. Mallaby, in southern Soerabaja.

Guns still blazed however, in the postoffice and railway station areas, near a schoolhouse, at a hospital and in a residential area. One outlying British platoon was reported overrun, but this was not confirmed.

Grave concern was felt for the safety of some 6000 Dutch and Eurasian men, women and children guarded by comparatively light British Indian forces after being rescued Friday from imprisonment by the extremists.

LORAIN, O., Oct. 29 (U. P.)—Gordon C. Wellman, 23, will be arraigned today on a charge of murdering Mrs. Helen Duffield, wife of a sailor now enroute home from the Pacific.

Police said Wellman, a steelworker, confessed to the slaying when arrested in Columbus Saturday night. They quoted him as saying Mrs. Duffield was a stranger to him and he shot her accidentally last Wednesday when she refused to turn over her car keys to him.

Wellman told police he wanted the car to drive south with a girl friend.

Police Hold Man on Charge Of Slaying Father-in-Law

Police today hold on a murder charge Leslie R. Roselle, 31, of 845 S. Missouri st., in the slaying of his father-in-law Saturday night.

Roselle was arrested in the press room at police headquarters 20 minutes after the slaying of Aaron B. Gunn, 60, at the S. Missouri st. address. Mr. Gunn lived at 829 1/2 N. East st.

A family quarrel led to the slaying, Mr. Roselle said. Mr. Gunn had become irritated from teasing over a nosebleed he had.

Police said that Mr. Gunn seized his daughter, Mrs. Gladys Atchison, 229 N. Walcott st., and threw her to the floor. Daughter Mrs. Roselle attempted to intervene and called her husband.

Roselle told police he grabbed a rifle for fear he wouldn't be able to stop the fight. He said he fired four shots from the 22 caliber rifle and fled.

Survivors of Mr. Gunn other than the two daughters are two other daughters, Mrs. Ora Keel and Mrs.

Leslie Roselle; two sons, Melvin and Carl, and his wife, Etta, all of this city.

YOUTH HELD; USED BOYS FOR TARGETS

ATLANTA, Ga., Oct. 29 (U. P.)—A 16-year-old boy was held in \$1000 bail today on a charge of terrorizing five younger boys into a burglary gang after forcing them to run through the woods as human targets for his pistol practice.

Police said the boy was Wayne Busby, "a neighborhood bully" who dominated his five "henchmen," including a 7-year-old. One of the burglaries he engineered, Detective Lt. D. L. Taylor said, was at the Acme Lock and Key Co., where the boys stole 12 automatic pistols.

Busby used the guns as his personal arsenal in regular target practice during which he would send the younger gang members scurrying through a city park wood as he peppered shots around them, police said.

One of the boys told police a shot once barely missed his head. Police said apparently none of the boys was ever hit.

Another one of the gang said Busby once strung him up by his hands in a basement because he had made a "mistake."
