**GOV. GREEN IS  
MASON'S GUEST**

**Sees Obligation to Extend  
Aid to Veterans.**

The byword of Masonry, to support one another in laudable undertakings, will be the obligation of all Masons toward returning veterans. Governor Dwight H. Green of Illinois told members of Mystic Tie Lodge 398 at the annual past masters' meeting last night in the Masonic Temple.

"Our greatest obligation would be to provide a sound and happy future for the young people bearing the brunt of the struggle," Governor Green said.

He spoke of the need of more productive action to provide homes for discharged servicemen and their families. The governor blamed the government for "tinkering with our national economy" as the basis for strikes.

**Clashing Policies**

"Price policies, wage policies and tax policies, all perhaps nobly conceived, have worked at such cross purposes that labor and capital are unable to find the common ground where they can both prosper," he emphasized.

The third obligation the country has toward veterans is to protect and insure them and their families against future wars by outlawing the atom bomb.

"Our tasks of peace," he continued, "are no more insurmountable than the herculean assignments we have just fulfilled in war."

Governor Green stated a definite need exists for a revised foreign and domestic policy with the strength and courage the pioneers had in building the country.

**Smith Presides**

The unity learned in freemasonry "must be the strength of the America of tomorrow in which our brave sons and daughters shall realize the dreams we share with them," he concluded.

Governor Green was accompanied by Leslie P. Voila, administrative assistant, and Capt. E. F. Van Diver, aide. A native Hoosier, the Illinois executive served as sovereign prince in the Scottish Rite's Valley of Chicago and is an honorary 33d degree member of the Rite's supreme council.

Wilbur E. Smith, worshipful master, presided at the dinner.

**\$50,000 FUND IS  
GIVEN TO DEPAUW**

A \$50,000 scholarship fund for women students has been established at DePauw university by the McMahan family of Rochester, Ind., and Fresno, Cal., President Clyde E. McMahan announced today.

The McMahan foundation is the gift of Mr. and Mrs. Otto McMahan of Rochester, their daughter, Rebekka McMahan Boswell of Rochester, and their sons, Robert O. McMahan and Maj. George T. McMahan of Fresno, Cal. Robert, who was a Rector scholar at DePauw, desired to show his appreciation and suggested formation of the foundation to the family.

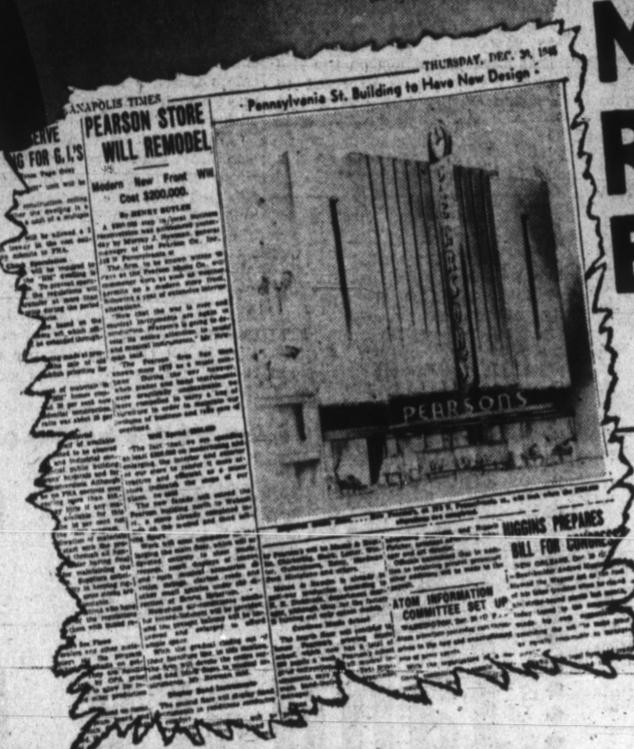

**TEXAN OPPOSES OPA  
CEILING ON COTTON**

HILLSBORO, Tex., Jan. 8 (U.P.)—The Texas cotton industry will resist the plan of Price Administrator Chester Bowles to put a ceiling price on the 1946 cotton crop because "it is not justified," Burris C. Jackson, chairman of the statewide cotton committee of Texas, said today.

He did not say what form the "resistance" would take.

# GAVE UP OUR LEASE!

## MAIN STORE TO BE REMODELED AND DEVOTED ENTIRELY TO MUSIC BUSINESS

We are planning for a brighter, more enterprising tomorrow so that we can be of greater service to you, for we have always believed that whatever best serves our customers, also serves us best.

As soon as the two leased floors adjoining our building and the second floor in our own building can be cleared of all furniture, we will start devoting our entire attention to Music and Musical Instruments.
