THE DOCTOR SAYS: Ailment Strikes Most-Used Joints

## Chronic Arthritis—Common Threat

By WILLIAM A. O'BRIEN, M. D.  
A JOINT is formed at the point  
where one bone meets another.  
Joint pains and stiffness result  
from changes in or around the  
joints, which are surrounded by  
tough capsules and lined with  
smooth, velvety membranes. The  
ligaments of muscles which origi-  
nate above help to support a joint  
as they pass to their insertion be-  
low. All these structures must  
work together to develop efficient  
action.

JOINT stiffness is caused by ad-  
hesions, injury to the joint capsule,  
ligaments or muscles, inflammation  
or fractures.

In an injury of a joint, the cap-  
sule and ligaments may be torn.  
When these heal, the joint may be  
left encased in scar tissue, but this  
can be broken up by stretching.

If a fracture involves a joint, the  
cartilage with which the ends of  
the bone are padded also may be  
torn. If in healing, the joint sur-  
faces are replaced by new bone for-  
mation, a special operation will be  
necessary to restore motion.

INFLAMED joints are red,  
swollen, hot, painful and have  
limited motion. Joint infection fol-  
lows injury or infection elsewhere  
in the body. The joints are actually  
inflamed in rheumatic fever as part

of a general infection. Acute ar-  
thritis usually responds to specific  
drugs, heat and rest, but if pus  
forms, it must be drained.

Chronic arthritis can develop at  
any time in life, although it is  
more common in middle and old  
age. One variety is caused by an  
infection, another by excessive wear  
and tear, a third by metabolic  
changes. All forms of chronic ar-  
thritis are made worse by emotional  
difficulties; a severe physical or

Dr. O'Brien

### Named Associate Magazine Editor

J. EDWARD MOSELEY of Oak-  
land, Cal., has accepted the ap-  
pointment as associate editor of  
World Call mag-  
azine with  
headquarters at  
222 Downey ave.  
Dr. George W.  
Buckner Jr. is  
editor.

In addition to  
writing for  
World Call, in-  
ternational  
magazine of the  
Disciples of  
Christ, Mr.  
Moseley will handle public rela-  
tions for the United Christian  
Missionary Society. He has had  
many years' experience on news-  
papers and magazines.

He was for 10 years associate  
editor of the Christian Evangelist,  
national weekly of the Disciples,  
St. Louis, and was formerly em-  
ployed by the Seattle Times and  
the Spokane Chronicle. More re-  
cently, he served as area director  
of the national council of Chris-  
tians and Jews, Oakland. He re-  
ceived his A. B. degree at the  
Spokane university and his mas-  
ter's at the University of Chicago.

### CAPT. DOYLE ASSIGNED TO PERSONNEL POST

Capt. John J. Doyle of Logansport,  
a graduate of Indiana university in  
1940, has been assigned to Ft. Har-  
rison as personnel director on the  
staff of Col. Edward L. Strohm, Jr.,  
post commander.

Capt. Doyle was with the 38th di-  
vision in the Pacific when they took  
Bataan, Corregidor and Luzon. He  
wears three battle stars.

An accounting major at Indiana,  
he became sales accountant for  
Burroughs' Adding Machine Co. in  
Chicago after graduation. He is  
married and has a 22-month-old  
son.

emotional shock may precede the  
onset of the disease.

SUDDEN or repeated exposure to  
dampness, rain and cold coupled  
with fatigue can bring on arthritis  
in individuals of any age. Men who  
develop chronic arthritis may tell  
of standing in water for long pe-  
riods of time. Sleeping in the rain  
or prolonged exposure to cold  
weather also cause chronic arthritis.

Arthritis has a tendency to de-  
velop in joints which are used most.  
In women, the hands suffer most,  
while in men, the spine, ribs and  
shoulders are most often affected.

In every form of joint infection  
or injury, relief of pain and pre-  
vention of disability are the main  
objectives of treatment. Chronic  
joint infections have a tendency to  
run a self-limited course, and if  
severe crippling is prevented, the  
patients can be restored to eco-  
nomic and social usefulness.

### AUXILIARY TO MEET

G. I. A., division 128, social club  
auxiliary will meet at noon tomor-  
row in the home of Mrs. Latta Via  
2402 N. Talbot st., for a covered-  
dish luncheon. Mrs. Cora Dorsey and  
Mrs. Martin Hines will assist.

Mr. Moseley

### MISSING HOOSIER IS NOW LISTED DEAD

WASHINGTON, Jan. 9 (U. P.).—  
The navy announced today that  
Russell Carl Hannah, aviation ord-  
nanceman 1-c, U. S. N., son of Mr.  
and Mrs. Charley Hannah, Wave-  
land, Ind., formerly reported miss-  
ing, is now listed as dead.

### Advertisement

For the reader de-  
siring the address  
of a needlecraft  
magazine, Mrs. L.  
K. L., Minnesota,  
writes: "I'm sure  
the needlework  
lover would like Aunt Ellen's  
WORKBASKET. This monthly pa-  
tern and direction service brings  
the latest creations in handcraft  
and needlework from the country's  
foremost artists and designers. It  
is \$1.00 a year for twelve issues,  
but no samples are sent because  
each issue contains large hot iron  
transfer patterns as well as ideas  
for such items as dollies, edgings,  
bedspreads, tablecloths, hats, bags,  
and baby's things. Orders should  
be sent to the WORKBASKET, 3344  
Westport Station, Kansas City 2,  
Mo." If you are not delightfully  
pleased with the first issue, Aunt  
Ellen will return your dollar and  
you may keep the material you have  
received without any obligation.

## WARNING

It has come to our attention that, in some  
instances, other preparations are being offered  
in substitute for "Creomulsion."

While these substitute preparations may cost  
you a few cents less than "Creomulsion," when  
you, or one of your loved ones is sick, you are  
not interested in getting an ounce more medi-  
cine, or saving a dime—you want a dependable  
preparation that you know will give relief.

So, for coughs, chest colds, or bronchial ir-  
ritations, insist upon, and get "Creomulsion,"  
which contains genuine Beechwood Creosote  
in addition to other well-known and widely  
used remedial agencies.

NOTE: In buying "Creomulsion," inspect  
the carton and you will see that  
"Creomulsion" is ONE word,  
not divided by a hyphen, and  
is spelled "CREOMULSION."

Creomulsion Company Atlanta, Georgia

W. T. GRANT CO. 25 E. WASH.

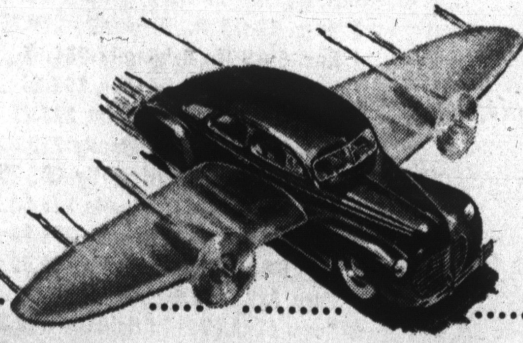

*Famous thrills!*

1913, West Point, N. Y.: A straggling squad of 18 football players came out  
of the Midwest to battle the mighty Cadets... to give them a "breather."  
The New York newspapers sent cub reporters to watch the workout.  
And they saw plenty! They saw forward passing the like of which  
had never before been seen on an eastern gridiron. They saw  
the brash young men from the prairies take a 14-13 lead at the half.  
and go on to win, 35-13, in a game that established Notre  
Dame as a football power. And three of the touchdown  
passes were caught by Notre Dame's captain, a tow-headed end—  
named—KNUTE ROCKNE.

1946, anywhere in the Midwest, another great thrill! Split-  
second starting with Standard Red Crown  
Standard White Crown Gasoline, now stepped-up with  
aviation fuel ingredients. Yes, there's a thrill you'll appreciate  
these cold days. Quick starts... flashing pick-up...  
full, smooth power... thrifty mileage. Find out,  
today, how well your car can perform. For quick  
starting, say to your Standard Oil Dealer—

*"Thrill'er up!"*
