WARNING
It has come to our attention that, in some instances, other preparations are being offered in substitute for "Creomulsion."
While these substitute preparations may cost you a few cents less than "Creomulsion," when you, or one of your loved ones is sick, you are not interested in getting an ounce more medicine, or saving a dime—you want a dependable preparation that you know will give relief.
So, for coughs, chest colds, or bronchial irritations, insist upon, and get "Creomulsion," which contains genuine Beechwood Creosote in addition to other well-known and widely used remedial agencies.
NOTE: In buying "Creomulsion," inspect the carton and you will see that "Creomulsion" is ONE word, not divided by a hyphen, and is spelled "CREOMULSION."
