When colds strike, and cause coughing
spasms most young mothers believe
in quick action, so they relieve distress
this modern way. They rub VapoRub
on throat, chest and back at bedtime.
Take a tip from them.

Even as you rub it on, VapoRub's
wonderful, penetrating-stimulating
action (as pictured) starts to work to
help relieve phlegm, coughing, con-
gestion and irritation in upper breathing
passages. Then for hours VapoRub
keeps on working. It invites restful
sleep, and often by morning most of
the misery of the cold is gone.

Remember this:

ONLY VAPORUB GIVES YOU this special
penetrating-stimulating action.
It is time-tested and home-proved...
the best known home remedy for
relieving coughing and other miseries
of children's colds. **VICKS**
