## GRAND JURY TO HEAR EVIDENCE IN DECEMBER

Flagrant Cases Will Be  
Tried Without Waiting  
U. S. Indictment.

Extending their investigation to other counties, Indiana district OPA officials today began the preparation of legal reports necessary for the criminal prosecution of a dozen or more alleged violators of meat price regulations.

Following a conference yesterday with U. S. District Attorney B. Howard Caughran, the agency's enforcement staff began the methodical task of assembling evidence. This will take about 10 days, it was indicated.

The evidence will be submitted to Mr. Caughran for study. If he feels a criminal violation has occurred, the cases will be presented to the federal grand jury in December, he asserted.

**Priority for Meat Cases**  
However, the district attorney added that "cases of flagrant violation may be prosecuted by information (affidavit) without waiting for the grand jury to return an indictment."

Mr. Caughran, OPA officials said, has agreed to give the meat cases priority in his office.

As the week-old government inquiry continued, OPA investigators reported that violations were "more severe than the ones we found prior to June 30, when the old OPA law was in effect."

They said it used to be common to find one or two-cent a pound overcharges among meat dealers. Now, overcharges amount to as much as 100 per cent.

**Short Weighing Found**  
Hamburger, investigators cited, has a ceiling price of 29 cents a pound; some has sold for as high as 75 cents.

Ft. Wayne is getting special attention, OPA officials said, after a number of complaints were received from consumers there.

Short-weighing also has been found. Prosecution on this score, however, is not within OPA's jurisdiction and must be assumed by local authorities, it was explained.

Likewise, charges that some meat packers, restaurant and hotel dealers, and others are hoarding meat and awaiting possible abolition of OPA cannot be investigated by the agency, a spokesman said.

In a recent investigation of this type ordered by Governor Maurice Tobin of Massachusetts, approximately six million pounds of meat was located in freezers.

## Southerner Stops Grant—At Last

MACON, Ga., Oct. 3 (U. P.).—Macon speed cop Fred Singleton should have been around when Yankee Gen. William T. Sherman was making his now famous march through Georgia to the sea. Yesterday officer Singleton stepped in and did what the entire Confederate army couldn't do. He stopped Ulysses Grant. Grant, a Negro motorist, was taken technical prisoner here when he ignored a Macon stop light.

**NEW WILLYS UNVEILED**  
TOLEDO, O., Oct. 3 (U. P.).—Willis-Overland today unveiled its post-war 6-70 sedan, a six-cylinder, up-horsepower, "functionally designed" passenger car which Willis officials claim is the first U. S. auto featuring independent suspension of all four wheels.

## LOCAL MAN DOOMED FOR KILLING GUARD

ANAMOSA, Iowa, Oct. 3 (U. P.).—Louis B. Hofer, 35, Indianapolis, was found guilty of first degree murder today in connection with the death last June of an Iowa reformatory guard.

A jury deliberated an hour and 40 minutes before recommending the death sentence.

Hofer and another reformatory inmate were charged with beating John Hinz, 49, a guard, with a hammer during an escape from the institution. The men were captured after one of the most extensive manhunts in Iowa history.

The Indianapolis man was serving a 25-year sentence for robbery and Larson a five-year sentence for larceny. Larson goes on trial Monday.

## Menke Scholarship Established at I. U.

Times State Service  
BLOOMINGTON, Ind., Oct. 3.—The memory of William Menke of Huntingburg, former Indiana university basketball star who was killed in a plane crash during the war, will be perpetuated by a scholarship established through gifts by his parents, Mr. and Mrs. W. E. Menke, and the City Securities Corp., of Indianapolis.

Earnings on the fund, administered by the Indiana university foundation, will go to the student who most nearly represents the ideals of Lt. Menke, according to terms of the gift. He was killed in a navy plane crash off Puerto Rico in 1945. He had been associated with the City Securities Corp. following his graduation from I. U. in 1941.

## LAWYER ACCUSED IN DEATH OF WIFE

WASHINGTON, Oct. 3 (U. P.).—Homer R. Hendricks, 46-year-old tax attorney, was held in the Rockville, Md., jail. He is charged with shooting to death his wife, Gertrude, 42, in their fashionable Bethesda, Md., home.

Police said Hendricks, well-known in Washington legal circles, admitted firing three shots into his wife's body after an all-night quarrel. He was charged with first degree murder and held without bond.

**UNIFIES REGULATIONS**  
WASHINGTON, Oct. 3 (U. P.).—The civilian production administration today unified all regulations on rayon linings under one single order, which also forbids export of these lining material.

## Admits Reprisals On Russ Traitors

CHICAGO, Oct. 3 (U. P.).—A Soviet spokesman has denied reports of a Soviet campaign of terror against Lithuanians, but admitted that reprisals have been taken against "a few war traitors."

Semon Stefanyk, professor of jurisprudence at the University of Lviv and a deputy to the supreme Soviet of the U. S. S. R., told the Lawyers' guild yesterday:

"Unfortunately, in some of our republics, during the occupation, there were a few who sided with the Nazis and became traitors to their country."

"What are you going to do with dogs like that?"  
Mr. Stefanyk is touring the United States with a delegation of Ukrainian artists and writers.
