At long last A&P's meat men are cutting up again... cutting up meat, that is! And are they happy! You'll be, too, when you see the tender, juicy cuts in our refrigerated cases. Don't expect miracles, though! Even A&P can't pull steaks, chops and roasts out of a hat on a few days notice. It takes time to get cattle from ranges to our Meat Departments. Consequently, you may not be able to get just what you want when you want it. But you can get meat. And before long we'll have all the meat you can eat... in your favorite cuts. In the meantime we offer these top-quality cuts at prices that compare favorably with those prevailing elsewhere. Come in and see for yourself!
