

For three-quarters of a century Indiana has been our home. Deep are the roots that bind us to Indiana soil and Indiana people.

Through long and pleasant association we know the graciousness of the Hoosier spirit, the courtesy and kindness that mark this friendly State.

This Tulip Leaf is a symbol of the milestone we have reached this year. You will see it often during 1947 . . . for we have chosen the State Tree of Indiana as the emblem of our 75th Year.

As the New Year opens for all of us, we send our greetings . . . our thanks . . . our best wishes to all of you.

L. S. & Co.
