Army Voice In Atom Plan Gains Impetus

Spy Activity Reports Push Senate Demands

WASHINGTON, Feb. 4 (U. P.)—New reports of Russian spy activity gave impetus today to senate demands that the military have a bigger voice in the domestic atomic energy program.

The drive gained force after Bernard M. Baruch told members of the senate atomic energy committee that he was deeply disturbed by leakage of atomic secrets. Mr. Baruch suggested that Moscow may have revived the atomic spy ring uncovered in Canada last year.

Some senators believed Mr. Baruch's testimony strengthened their argument that military men should be given a larger role under the civilian atomic control commission. Others believed, however, that his stand merely highlighted a "planned attempt" to give the army control of the atomic program.

List Other Developments

Other congressional developments:

ONE: Falling in behind President Truman, four leading senate Democrats began marking out a party line against Republican proposals for a flat increase in rents. The senate banking committee, which is considering legislation to extend rent controls, called rent administrator Ivan Carson to explain how the program works.

TWO: Chairman Leo Allen (R. Ill.) of the house rules committee, offered a compromise plan for graduated income tax cuts. Under his plan there would be a 20 per cent cut for persons earning up to \$2500 a year; 17 per cent for incomes between \$2500 and \$5000; 15 per cent for those between \$5000 and \$10,000, and 10 per cent for those above \$10,000.

THREE: Republicans in both the house and senate challenged President Truman to justify his request for extension of three major war powers. House Republicans promised a complete review of the administration's "great control complex" when the request is taken up.

Attacks G. O. P. Leaders

Meanwhile, Democratic National Chairman Robert E. Hannegan attacked the Republican leaders who made the "ill-advised" promise for a flat 20 per cent cut in income taxes.

Mr. Hannegan noted that some "qualified" Republicans had also pledged prompt repeal of excise taxes but that the G. O. P. majority had "acknowledged the error" by approving Mr. Truman's request to extend the lines.

The Republican outcry against the administration's "control complex" was evoked by the President's request for a year's extension of controls over sugar and other scarce foods, industrial materials and shipping. These provisions of the second war powers act are scheduled to expire March 31.

Rep. Earl C. Michener (R. Mich.) and Senator Alexander Wiley (R. Wis.) chairmen of the house and senate judiciary committees, said they would require strong evidence that an extension was needed before they would approve the President's request.

Holdup 'Victim' Hard to Convince

PITTSBURGH, Feb. 4 (U. P.)—Albert N. Heyl, Pittsburgh service station operator, is a stubborn man. But he's willing to give sometimes a little.

Two holdup men, brandishing pistols, walked into his station last night.

"Lie down on the floor," one ordered.

Mr. Heyl refused.

"Go back to the washroom," the other amended. "We want to look you up."

Mr. Heyl shook his head.

"Give us your money," the bandits demanded.

"You ought to be home in bed," Mr. Heyl answered. "Here's a dollar—now get the hell out of here."

Clay Doesn't Deny Subversive Groups

STUTTGART, Feb. 4 (U. P.)—Lt. Gen. Lucius D. Clay, deputy American military governor of Germany, said today he would be "the last one to deny the possibility that Nazi-sponsored subversive groups may exist in the American zone."

"Actually," Gen. Clay told a press conference, "the time has just now arrived when we should begin to worry about such underground groups."

Military authorities previously have denied the existence of any organized underground movement.

Gen. Clay's disclosure came in answer to a question about the recent charges of underground activity made by the international committee for European questions.

Clear Driver in Death Of Woman Companion

TERRE HAUTE, Ind., Feb. 4 (U. P.)—Authorities held today that the driver of an automobile from which a woman companion leaped was not responsible for her death.

Vigo county officials said that Arthur Lowe, 23, would be freed in connection with the death of Mrs. Dorothy Johnson Young, 26.

Mr. Lowe said he and Mrs. Young were drinking before they went for a ride. The woman asked Mr. Lowe to stop the automobile. Then she jumped out before the car rolled to a halt, he said. She died in a hospital.

'Burned Records' Reported Checked

WASHINGTON, Feb. 4 (U. P.)—Alarmed at the possible loss of evidence for future inquiries, the senate war investigating committee sent an aid to the White House today to check reports of wholesale burning of records in one government department.

At the same time, Chairman Owen Brewster (R. Me.) suggested that President Truman forbid destruction of official records and papers which the committee might want to see.

Senator Brewster did not identify the department where the reported paper burning took place. Committee Counsel George Meader went to the White House to look into the matter.

The committee agreed to go into the question of destruction of government papers at its first full session yesterday. The meeting was described as "harmonious."

Hint Zhukov Back In Russ Favor

Marshal Mentioned In Army Paper

By HARRISON SALISBURY
United Press Foreign News Editor

A hint that Marshal Georgi Zhukov, removed last summer as commander of Soviet ground forces, may be winning his way back to Soviet favor appeared in the Moscow press today.

Marshal Zhukov's name had not appeared in the Russian press for more than eight months. No official announcement ever has been published of his removal as ground force commander. Marshal Ivan S. Konev succeeded Marshal Zhukov.

Today's mention of Marshal Zhukov came in an article in the newspaper, Red Star, Soviet army organ. The article was a review of the background of Soviet army and navy leaders.

Marshal Zhukov's name was included in a list of what were described as "outstanding military personalities" whom Generalissimo Stalin "brought up and moved forward to responsible posts leading the new military cadres which bore the whole burden of the war against Hitlerite Germany and her allies."

Marshal Zhukov's removal as commander of Soviet ground forces, the chief military command under Generalissimo Stalin, was first revealed by the United Press last July.

His removal aroused widespread speculation, particularly when it was learned that he had been sent to Odessa to command the military garrison there, a post of minor responsibility in the Soviet army organization.

Woman Flees Attacker Here

A 20-year-old woman was forced into an automobile last night while waiting for a streetcar, but later escaped from the would-be attacker.

The young woman told police she was accosted at Meridian and McCarty sts. and taken to Riverside park. There the attempted attack took place. She jumped from the car and ran.

Wade Jones, 22, of 1612 S. Sherman dr., was beaten early today by six men. He was attacked after leaving a restaurant near 10th st. and Dorman ave., he told police.

He could ascribe no reason for the attack.

Flora Lewis, 57, of 1146 W. New York st., lost her purse containing \$8 to a hoodlum who grabbed it as she alighted from a streetcar at Belle View pl. and Michigan st. last night.

A Red cab driver, George Lane, 44, of 2824 N. Temple ave., told police he was robbed of \$8 last night by a stickup man who entered his cab at Fountain Square.

A purse belonging to Wilma McCollie, 1664 Park ave., Apt. 5, was stolen from the St. Moritz tavern, 109 N. Pennsylvania st., last night, police said. The purse contained \$100 in cash and \$149 in checks.
