**"look
WHITER
feel
SOFTER!"**

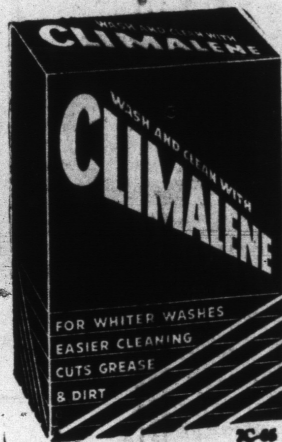

We asked several hundred housewives what they thought of the new quicker-action Climalene. Here are a few typical answers, word for word:

"It softens water better and gets clothes much whiter."

"Cuts the dirt and gets the clothes cleaner."

"Whiter wash without bleach... clothes are softer."

Find Scientist's Missing Daughter

BOSTON, July 10 (U. P.)—Nadia Ann Evans, 13-year-old daughter of a widely known scientist missing for three days from a New Hampshire girls camp, was found in a Boston hospital today. Her father said she apparently had run away "on a romantic whim."

The blond daughter of Prof. Robley D. Evans, nuclear physicist at Massachusetts Institute of Technology, was found last night on Boston Common by a family friend. She was taken to a hospital to rest.

Police said she had twice previously disappeared from a private school at Lenox. She had been sought by a 200-man posse in the New Hampshire woods and by police in seven states.

"Nadia is very tired but not harmed in any way," Prof. Evans said after the reunion with his daughter. "She evidently left camp on a romantic whim. She just wanted to run away. I don't know what a 13-year-old girl thinks about."

Young Democrat Chief Rips GOP Congress

WASHINGTON, July 10 (U. P.)—Joe C. Carr of Nashville, Tenn., national president of the Young Democratic Clubs of America, urged today that the nation repudiate the "do-nothingism of the Republican congress."

Speaking at a one-day meeting of state and national Young Democrat leaders, Mr. Carr said the 80th congress "has done little but embark on backward steps toward the days of Coolidge and Hoover."

"I believe," he told the delegates, "that we should go on record nationally and locally that youth is solidly behind the President's firm but friendly foreign policy. We should support his program for sound military preparedness and for unification of the armed forces."
