CHURCH NEWS—
CARE Plans
Application
Centers Here

Stores to Aid in Drive
To Help Needy Europeans

The department stores of the city will open application centers for the convenience of persons wishing to send individual CARE packages to needy Europeans.

The sender of a package may designate the person overseas who is to receive it or he may permit CARE to decide that matter. All the packages are filled by CARE in New York City and each costs \$10. There are four types—the cotton, blanket, food and woolen packages.

Will Accept Payment
The department stores, as announced yesterday by the William H. Block Co., will accept the package sender's application and payment and furnish a receipt for the package. A similar service for some time has been provided by local banks. It is an accommodation to Indianapolis citizens and affords no financial returns either to the banks or the department stores.

The Rt. Rev. R. A. Kirchhoffer, bishop of the Episcopal diocese of Indianapolis, is the new chairman of the recently organized Indianapolis CARE committee. Mrs. Perry Lesh is vice chairman and Virgil Sheppard, secretary.

Ship to 14 Countries
CARE is the non-profit, co-operative for American Remittances to Europe. It ships the packages to designated persons in 14 European countries.

The food package contains one pound each of beef, liver, corned beef, apples, prunes and coffee; 2 lbs. each of shortening, sugar, chocolate and whole milk; 7 lbs. of flour; 8 oz. of egg powder; 6 oz. of soap, and 1/4 oz. of yeast. (The package for Britain will contain 4 lb. of tea instead of the coffee).

The CARE cotton package provides 17 1/2 yds. of fine cotton goods plus sewing equipment such as needles, thimble, scissors and eight spoons of thread.

In the woolen package will be found enough material to make a suit or coat for an adult, two suits for children or other articles of much-needed clothing. Heavy cotton lining, thread, buttons, needles and a thimble are added to 3 1/2 yards of 100 per cent wool cloth.

Wool Blankets Included
You will be sending overseas in the CARE blanket package, in addition to excellent bedding, two all-wool blankets which can be made into clothing. This package contains two pairs of shoe heels and soles, a pair of scissors, an assortment of pins, needles, threads, yarn, a thimble and a comb.

Delivery of packages is guaranteed in Austria, Belgium, Czechoslovakia, Finland, France, England, Scotland, Wales, Northern Ireland, Greece, Hungary, Italy, Netherlands, Norway, Poland, Rumania, the American, British and French zones of Germany and all of Berlin.

CARE is composed of American Friends, Brethren, Unitarian and Congregational Christian Service committees; the Committee on Christian Science War-time Activities of the Mother Church, General Conference of the Seventh Day Adventists, War Relief Services, National Catholic Welfare conference, American Jewish Joint Distribution committee and many others.

'Love' Is Subject
Of Lesson-Sermon
"Love" is the subject of the lesson-sermon in all Churches of Christ, Scientist, for tomorrow.

The golden text is: "Let him that glorifieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise loving kindness, judgment and righteousness in the earth." Jer. 3:24.

The lesson sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Love is impartial and universal in its adaptation and bestowals," p. 13.

Baptists to Mark
50th Anniversary
The Indiana Baptist State Missionary convention will hold its 50th anniversary meeting Tuesday, through Aug. 10, in the Mt. Paran Baptist church.

The golden jubilee sessions schedule the anniversary sermon given by Dr. B. L. White of South Bend, president of the State Sunday School association, Wednesday at 11 a. m. Officers and delegates will be entertained with a reception that night. A twilight jubilee parade will march in the community of the Mt. Paran church Thursday at 8 p. m.

The event will include religious floats, several bands and many marchers. Mrs. E. J. Hines of Shelbyville is convention president.

EVENTS—
Ordination
Of Cleric Set
Tomorrow
Ceremony to Honor
Rev. G. O. Taylor

The Rev. W. C. Birkner of Ft. Wayne will ordain and commission the Rev. George Owen Taylor in ceremonies tomorrow at 7:30 p. m. in the Trinity Lutheran church.

The Rev. Mr. Taylor is the newly appointed pastor of the recently established Lutheran church in Irvington. The new congregation of 40 persons has been meeting in the American Legion home. Local officials announce that a permanent location will be found as well as a suitable name. The Rev. Mr. Taylor will organize the congregation. It belongs to the denomination called the Lutheran church—Missouri synod.

He is 24, a native of Chicago, and a graduate of Concordia Theological seminary, St. Louis. He and his wife, the former Miss Dorothy Hofer of Missouri, to whom he was married in June, are living at 5039 E. New York st.

The Rev. Walter C. Maas, host pastor, will preach at the ordination and Clarence Elbert, choir director, and the Trinity choir will give the music.

Other religious events follow:
OLIVE BRANCH CHRISTIAN CHURCH—The annual two-week vacation Bible school for children between the ages of 12 to 19, will open Monday. Sessions will be held daily from 9 to 11 a. m. Mrs. Alma Herrick, church school superintendent, will direct the school.

IRVINGTON METHODIST CHURCH—The Rev. Martin L. Hopkins, youth minister, will preach on "Why Stand We Here?" at 10:30 a. m. in the absence of the pastor, Dr. R. C. Pearson. Other supply pastors to be heard on Sundays during Dr. Pearson's vacation in order: Dr. John P. Edwards, Indianapolis; Dr. J. H. Carpenter, Batesville; Dr. Guy O. Harvey, Jeffersonville. The Rev. Mr. Glinney is the son of Mr. and Mrs. Walter Glinney.

CENTURY CHRISTIAN CHURCH—The Rev. Robert G. Glinney, youth minister, will preach on "Why Stand We Here?" at 11:30 a. m. in the absence of the pastor, Dr. R. C. Pearson. Other supply pastors to be heard on Sundays during Dr. Pearson's vacation in order: Dr. John P. Edwards, Indianapolis; Dr. J. H. Carpenter, Batesville; Dr. Guy O. Harvey, Jeffersonville. The Rev. Mr. Glinney is the son of Mr. and Mrs. Walter Glinney.

VOLUNTEERS OF AMERICA—Paul Hubbe, local chairman, will give the talk at the evangelistic services tomorrow at 7:30 p. m. in the chapel, 320 N. Illinois st. Other speakers will be: a team of Miss Dixie Russell, pianist; Mrs. Myrtle Brand, song leader; Mrs. Loretta Rouds, pianist; and the Puller, singers. L. C. Grace K. Randall, local commander of the Volunteers, will preside.

VETERANS HOSPITAL CHAPEL—Mrs. Eva Bryan will sing accompanied by Mrs. Mary Battles at the 9 a. m. Protestant service tomorrow. The Rev. C. G. Munton, chaplain, will speak. Arrangements for the music were made through the Gaiety unit at 44 1/2th district American Legion auxiliary.

CHRISTIAN FIREARMS COUNCIL—WHEELER MISSION—The council will provide the evening evangelistic programs for the mission Aug. 7 and 14. Council Chairman C. H. Hopper will speak and Robert McConnell will preside.

YOUTH FOR CHRIST, ROBERTS PARK METHODIST CHURCH—Donald Durant, pastor, and the other members of the Ambassador quartet, of the Missionary Training Institute, Nyack, N. Y., will sing at the 7:30 p. m. rally tonight and the 3 p. m. "dedication" tomorrow in the church. The Rev. Carolyn Scott of Crawfordville, Ind., will preach.

Urges Bible
For Guidance

English Pastor Sees
Pattern for Peace

BUFFALO, N. Y., Aug. 2 (U. P.).—Despite many contradictory historical facts, the Bible is the "moral foundation" to history, William Robinson of Birmingham, England, told the international convention of Disciples of Christ today.

He said that if the world were to live by the Bible it would mean a family of nations "each concerned with the needs of the other and the world's needs, rather than destruction."

Convention executive secretary, Guineas M. Cook of Indianapolis, in a late speech yesterday, outlined the functions and purposes of the yearly convocation.

Roy C. Snodgrass, pastor of the First Christian Church in Amarillo, Tex., was unanimously elected president of the international convention yesterday during the fourth day's business session. Five other officers and five executive committee members also were elected.

Delegates passed a resolution asking the immediate termination of Myron C. Taylor's assignment to the vatican and urged strict enforcement of the constitution provision for separation of church and state. The resolution further requested that federal educational aid be limited to public schools.

Each of the "A" series was developed primarily for research, with the exception of A-4, later known as the V-2. The A-10 was the end result toward which this whole program was directed. This is the weapon which the Germans expected to use in bombing New York.

The A-10 was described by him as a booster rocket placed behind the A-9, giving it two-step co-operation to secure ranges of 3000 miles. The A-9 was much like the A-10, more familiarly called the V-2, with wings added to give increased range and using acid as an oxidizer in its fuel.

State to Spend \$70,800
To Kill Dust on Park Roads

Other Improvements to Bring Outlay
To \$190,300; One Swimming Pool Planned

Visitors to Indiana's state parks today were promised \$70,800 worth of relief from the dust they've been getting in their eyes.

At the same time, Park Director Kenneth Coughlin announced plans for new facilities in several of the parks which will bring the total outlay in the new improvement program to \$190,300. The dust relief will come in the form of paving for park roads.

The program, financed out of the special excise tax fund for postwar building, will add new family cabins, one swimming pool, water and sewage equipment and a new bath house to the facilities of the park system.

The current outlay represents the cash available from the fund which eventually to provide nearly \$1 million for park improvements.

The paving program was necessary, Mr. Coughlin said, because increased usage of park roads was grinding other surfacing to dust and causing discomfort and inconvenience to sightseers.

Broken down, park by park, here are the plans:
Shakamak—\$10,000 for paving.
Pekagon—\$12,000 for paving.
Lincoln—\$30,000 for a new bathhouse and refectory (fancy work for high-class hamburger joint) and \$12,000 for a sewage disposal system.

Brown county—\$24,800 for paving.
Tippecanoe river—\$10,000 for paving, \$45,000 for a new swimming pool for the group camp.
McGermick's Creek—\$5,000 for paving, \$20,000 for a dozen new family cabins.

Mounds—\$8,000 for paving, \$6,000 for a bathhouse and boats.
Turkey Run—\$6,500 for addition to the water plant.
Tippecanoe Battleground Memorial—\$1000 for paving.

Real Silk Profit Put
At \$494,611 for Half-Year

Real Silk Hosiery Mills, Inc., and subsidiary companies today announced that the preliminary estimate for the six months ended June 30th would show a consolidated profit of \$494,611.18 after depreciation of \$77,481.29 and a provision of \$265,000 for federal income taxes.

The figure compares with a consolidated net profit for the same period last year of \$467,970.49 after depreciation of \$77,481.29 and a provision of \$265,000 for federal income taxes.

Reveal Nazis Planned Rocket
To Blast N. Y. at 6000 MPH

A-9 Was Designed to Employ Booster
Weighing 190,000 Pounds for Acceleration

WASHINGTON, Aug. 2.—The Germans planned a bomb to cross the Atlantic and blast New York. It was a rocket to be started on its long journey by another rocket which detached itself when its job was done.

This was revealed today by Brig. Gen. William L. Richardson of the U. S. army air forces.

Gen. Richardson, chief of the defense division, spoke as a guest of Watson Davis, director of Science Service, on "Adventures in Science," heard over the Columbia network.

The Germans, he said, developed several rockets known as the "A" series. The V-2, used against London, was one of these. Although it was the only one of this series to be used operationally in the last war, it is not hard to visualize what might have been in store for the allies had the Germans been given sufficient time to complete developments.

Aid Used in Fuel
Each of the "A" series was developed primarily for research, with the exception of A-4, later known as the V-2. The A-10 was the end result toward which this whole program was directed. This is the weapon which the Germans expected to use in bombing New York.

The A-10 was described by him as a booster rocket placed behind the A-9, giving it two-step co-operation to secure ranges of 3000 miles. The A-9 was much like the A-10, more familiarly called the V-2, with wings added to give increased range and using acid as an oxidizer in its fuel.

The total weight of the A-10 was to have been 190,000 pounds. The weapon was nearly 12 feet in diameter and 25 feet long. The 29,000-pound A-9 was to have been accelerated to a speed of 2500 miles per hour by the use of the A-10 as a launching rocket, which detached itself and would drop free after serving its purpose.

It was the A-9 that would reach the target. Its rocket motor would be turned on when the A-10 dropped. This would increase its speed to about 6000 miles an hour. It would have carried a warhead of about 2000 pounds. This is a payload of only 1 per cent of the starting weight of the weapon, but there is evidence to believe, he stated, that the Germans intended to utilize an atomic warhead which would have made this weapon extremely deadly.

Spring rd.

Mrs. Logan will co-operate with civic and patriotic organizations in sponsoring a carnival from 6 to 8:45 p. m. tomorrow for patients at the hospital and their families.

2 Get Bail in Case
Of Beaten Orphan

NEWPORT, Ind., Aug. 2 (U. P.).—Mr. and Mrs. Karl G. Klepura were held under bond totaling \$4500 today after they denied in court that they beat, abused and overworked a 13-year-old Polish war orphan.

They pleaded not guilty in Vermillion circuit court late yesterday to charges growing out of a story young Edward Zuber told Sheriff Loren Griffin. Edward said Mrs. Klepura beat him with a hammer and a crowbar and that he spent four days hiding from her in a woods.

Mrs. Klepura, 36, denied two charges of assault and battery and cruelty to children. Mr. Klepura pleaded innocent to a charge of abuse, unnecessary and cruel punishment and overwork. The wife's bond was set at \$3000, the husband's at \$1500.

Mrs. Klepura wept during the courtroom arraignment and fondled Edward's 8-year-old brother. The couple took the brothers from a children's home a month ago as their foster youngsters.

Edward remained in a Clinton hospital, recovering from exposure and bruises which Sheriff Griffin said "covered his whole body."

Women of Moose
To Install Unit

Mrs. Frances Wiebke, graduate grand regent and member of the Grand Council of the Women of the Moose, will install a new chapter of Women of the Moose at Madison tomorrow.

A delegation of officers and escorts from the Indianapolis chapter will assist her in the installation.

Mrs. Wiebke is one of eight women selected from all chapters in the U. S. to serve on the Grand Council, the governing board of the Women of the Moose.

Lane Bryant Shares
Profits With Employees

Lane Bryant, Inc., is distributing its semi-annual profit-sharing bonus to employees of one full year of full-time service to their credit.

Employees with one year credit are receiving a \$12.32 profit-sharing bonus. Employees who have been with the firm two years or more receive 10 per cent additional for each extra year.

The firm announces 477 employees are sharing in the bonus. Since the plan began in July, 1942, Indianapolis employees of the firm have received more than \$95,000.

Hansom Cab Gets Stuck,
Snarls Up Times Square

NEW YORK, Aug. 2 (U. P.).—Fifty-five-year-old Henry Duff's hansom cab, a relic of the gay 90's got stuck in the middle of the street at Times square early today.

Traffic stopped and a crowd gathered to shout encouragement to Mr. Huff and his horse. A police emergency squad jacked up the carriage and pried a wheel from the crack along an abandoned, street-car track.

Ship Movements
Scheduled ship movements today:
Leaving New York: Constantinian to Cape Town; Oceanic Victory to Rotterdam; Paragway to Copenhagen; Sobieski to Genoa; Steel Maker to Alexandria; Cape Isabel to Cristobal; New Haven to Puerto de la Cruz; PL Amherst to Bermuda; Malpo to Africa; Mormacosta to Sao de Janeiro; Puerto Rico to Havana; Arriving San Francisco: Gen. Mitchell from Canal Zone.
