

Truman Rests On Missouri After Strenuous Visit To Rio

Dons Slacks, Sport Shirts, Yachting Cap

Cancels Side Trip To Puerto Rico

By MERRIMAN SMITH
Associated Press White House Reporter
ABOARD BATTLESHIP MISSOURI, Sept. 8.—President Truman, tired after a hectic week in Brazil, devoted himself to rest and relaxation today as this 55,000-ton battlewagon steamed through warm South Atlantic water en route to the United States.

The President sailed from Rio de Janeiro yesterday afternoon following a gala sendoff. He started the leisurely voyage home with the conviction that his visit had helped solidify the good neighbor policy in South America. He will arrive in Washington Sept. 20.

The Missouri encountered ideal sailing weather on the first day out and the President took advantage of the excellent cruising conditions to put protocol behind him. He replaced the top hats and tailcoats of his Brazilian trip with slacks, sport shirts and casual caps.

He "Outranks" Leahy
Mr. Truman's penchant for unusual headgear fascinated the Missouri's crew members who saw him strolling the decks variously in his six-star yachting cap or his favorite old white sulky cap.

The President quipped that the six-star cap, presented to him by Washington yachtsmen, enabled him to outrank his chief of staff, Fleet Adm. William D. Leahy, a five-star officer.

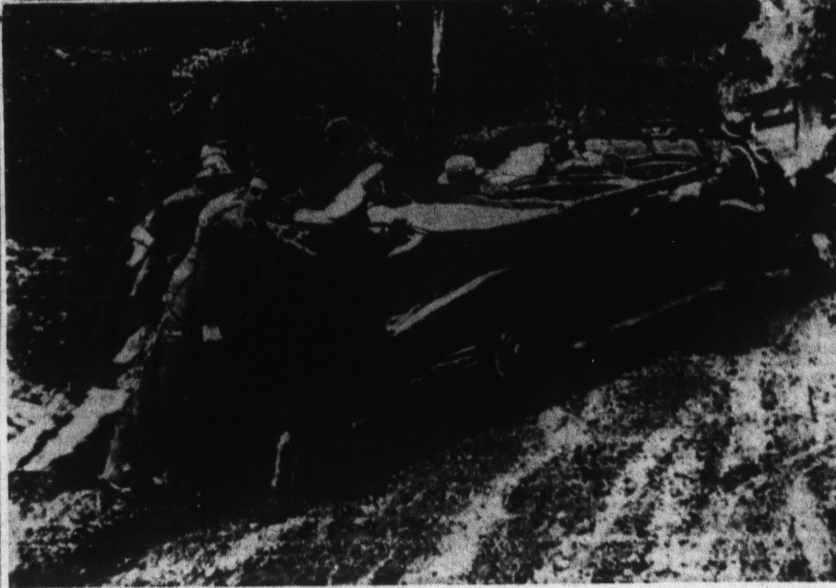

Mr. Truman had the Missouri's skipper, Capt. Robert L. Dennison, as a dinner guest last night and then saw the movie "The Trouble With Women." The President was in high spirits but was plainly tired after the six days of social engagements and speeches in Rio.

He took a nap during the afternoon and retired immediately after seeing the movie.

The President escaped injury Saturday when the phaeton carrying him to the home of Ernest G. Fontes, wealthy Brazilian businessman, skidded off a soggy mountain road outside the capital.

A big event of the return trip will be the hijinks Thursday when the ship crosses the equator. Mr. Truman, his family and staff members who are making the crossing for the first time will be subjected to traditional initiation into the mysterious court of King Neptune and Davey Jones.

White House Press Secretary Charles G. Ross said the President's plans for the return trip had been changed and that Mr. Truman would go directly to Norfolk, Va., aboard the Missouri, reaching there Sept. 19. The President and his party will then board the Presidential yacht Williamsburg for the overnight run up the Potomac.

CLOSE CALL WITH DEATH—Car of President Truman (seated rear right with light hat) is pushed back onto road after it skidded and came to a stop about two feet from a precipitous cliff at Rio de Janeiro last Saturday. The President narrowly escaped a possible serious mishap.

Plot to Bomb London Revealed

French Arrest 14 Stern Gang Members

PARIS, Sept. 8 (U. P.).—French authorities reported today that they had thwarted a fantastic plot by the Stern gang of the Jewish underground to bomb London from the air. The French police seized 14 schemers, including a New York rabbi and a former U. S. army aviator.

The planned bombing of London was described as an act of reprisal for the British decision to send some 4300 Jewish refugees back to Germany. They were being debarked at Hamburg today.

In London, an air ministry spokesman said the city's air defenses were "ready for any emergency" from the moment word of the bomb-plot was received. There was no sign that the reported plot was being dismissed lightly, and equally no evidence of over-emphasis.

Woman Is Arrested
The surette nationale—the French FBI—reported that the Stern gang plot called for showering propaganda leaflets on London, as well as explosives.

Arrested Saturday night were Rabbi Baruch D. Korff, 33, New York; Reginald D. Gilbert, described as a former U. S. army pilot, and Mrs. Judith Rosenberg, 23, red-haired Hungarian.

Surette agents said they were about to take off for London when the arrests were made at a private airport at Toussus le Noble, near Versailles.

Had 10,000 Pamphlets
When arrested, the three had 10,000 pamphlets to be dropped over London. The pamphlets warned that the Stern gang was "prepared to fight a war of liberation now to avoid a war of enslavement tomorrow."

Interior ministry officials declined to say directly whether the three were linked with the reported scheme to drop explosives on London. Two purported Sternists, identified only as "Jacques" and "Oiga," were arrested Saturday in an apartment where officials found six bombs made of fire extinguishers.

The officers said the bombs were to be dropped on London.

Rabbi Korff came to Paris from New York recently to organize a "parachute invasion" of Palestine.

'Jewish State' Includes Arabs
LAKE SUCCESS, N. Y., Sept. 8 (U. P.).—The full text of the United Nations Palestine committee report disclosed today that at least 416,000 "Arabs and others" will live in the proposed Jewish state recommended by the subcommittee majority.

Jews living in the area of the proposed Jewish state numbered 500,000 in 1946, the report said, but increased immigration envisioned by the committee would bring the Jewish population to some 650,000 during the recommended transitional period.

Jerusalem, which would come under the jurisdiction of the United Nations as a sort of "free" city, would contain an almost equal number of Jews and Arabs. There were about 100,000 Jews and 106,000 Arabs living in Jerusalem in 1946.

The problem of minorities was "No. 1" among the difficulties listed by the committee in connection with the majority plan for dividing Palestine into Arab and Jewish states. At last count there were 1,200,000 Arabs and 625,000 Jews living in the Holy Land.

Some 8000 Jews now are living among 715,000 Arabs in the area which would become the Arab state. A summary of the committee's recommendations was made public in Geneva last week, but the details and the reasons for the decisions were included in the 165-page, 70,000-word report released today. Conclusions reached by 11-nation committee will form the basis for what is expected to be a warm debate in the United Nations general assembly which meets Sept. 9 at Flushing.

Yapock in Debut At Bronx Zoo (Water Opossum)

By Science Service
NEW YORK, Sept. 8.—Yapock is an animal that crossword puzzle makers overlooked, perhaps because it is so rare. The first yapock ever to be seen alive outside its native Central American mountain forests has been placed on exhibit at the Bronx zoo.

It is the prize specimen among 111 birds and mammals brought back from Costa Rica by Charles Corbier of the New York Zoological society, at the end of a 15-week expedition.

The animal, which is a female, is a water opossum with a 12-inch body and a 14-inch tail. Her hind feet are webbed, but her forepaws are like little hands. Her fur, a silky gray in color, is marked on the back with a dark double dumbbell pattern.

Lewis Chief AFL
Foe of Labor Bill
Reported Leading Fight Against NLRB

By FRED W. PERKINS
Chicago-Based Staff Writer
CHICAGO, Sept. 8.—Belligerent John L. Lewis, president of the United Mine Workers, is reported to be the strongest advocate of defiance of the Taft-Hartley law among A. F. of L. chieftains who open a week's meeting here today.

An informed A. F. of L. source said that if it were not for Mr. Lewis, the 15 members of the executive council probably would adopt a program of limited co-operation with the national labor relations board—particularly because this would put the rival C. I. O. on a spot and in an unfavorable competitive position.

Mr. Lewis is said to oppose recognition of the new NLRB, or the law under which it operates. Recently he forced coal operators to agree in their new labor contract not to use the law's provisions for damage suits against the miners' union for illegal strikes.

Mr. Lewis sits in the council as the A. F. of L.'s 13th vice president but has much more influence than that ranking might indicate. The main body of his own union has got along without dependence on the old NLRB. However, the union's catch-all division, District 50, has called on the board many times for assistance in rows with other unions.

The present Lewis attitude bolsters reports that District 50 is about to fold up and turn the workers it has organized over to other A. F. of L. unions.

An official spokesman for the A. F. of L. said here that a decision on how the A. F. of L. shall conduct itself under the new law is at the top of the agenda in the executive council meeting.

Stalin Calls Russia Bulwark of Peace
MOSCOW, Sept. 8 (U. P.).—The Soviet people had the assurance of Premier Josef Stalin today that although agents of imperialism were trying in one way or another to provoke a new war, Russia stood as a great peace-loving, power and mighty bulwark of peace.

Mr. Stalin sent a message of greeting to the people of Moscow on the 800th anniversary of the city. Moscow was decorated gaily, and the people flocked through the streets in a holiday mood. Veteran observers here agreed that, with a good harvest assured, Moscow looked more prosperous than it has in years.

Born With 2 Tongues
NAMO CITY, Japan, Sept. 8 (U. P.).—A baby girl with two tongues was born here last Thursday, the newspapers Mainichi reported today. The extra tongue, which was located on top of the girl's normal tongue, was removed successfully by surgery.

Hanley Expected To Get Nomination

10th District Democrats To Vote Thursday

The Democratic 10th district will oppose Ralph Harvey, Republican member of the legislature and chairman of the state budget committee, for 10th district congressman, is expected to be Frank A. Hanley, Muncie automobile dealer.

Mr. Hanley is believed to have the support of most of the state Democratic organization and has been endorsed by labor leaders from Richmond, Connersville, New Castle and Muncie. Labor leaders in the district voted to support Mr. Hanley at a meeting Saturday night.

The Democratic candidate who convention to nominate a candidate, originally scheduled for tonight, will be held Thursday night at Muncie. The convention date was postponed in order to give Democratic county chairmen more time to plan for the meeting.

Half-Dozen Members
Half a dozen other Democratic candidates have been mentioned for the race, but party leaders were convinced that most of them will withdraw before balloting starts.

State Representative Harvey, owner of a 500-acre farm in Henry county, was nominated as C. O. P. candidate by county chairman and vice chairman in a prolonged session of balloting at Richmond Saturday.

When balloting opened at the convention there were 23 candidates in the field. The contest finally resolved into a two-way contest between Mr. Harvey and Leo Kinman, Shelbyville publisher.

Mr. Harvey finally received a bare majority on the 10th ballot and was nominated unanimously on the 11th.

10 Face Hearing In Week-End Raids
Ten persons were scheduled to appear in court today as the result of a series of week-end raids.

James Stale, 44, of 719 Ft. Wayne ave. was charged with violation of the 1935 beverage act after a police officer reported purchasing a pint of whiskey for \$5 from him yesterday. The purchase was made at 716 Ft. Wayne ave., where police confiscated beer, whiskey and wine.

Noland Hollowell, 1516 N. Arsenal ave. and Sam Sperman, 1218 E. 19th st., were arrested yesterday on charges of advertising a lottery and keeping a room for pool selling. They were arrested in a pool room in the rear of 1142½ E. 19th st., where police confiscated baseball and pick-and-win tickets.

Outdoor dice games accounted for seven arrests, all charged with disorderly conduct. Three men were arrested when police broke up a game in the 400 block of Park st. Forty-five cents was confiscated. Four men were arrested in a dice game in an alley in the 300 block of Middle st. Police confiscated \$2.

Order Cafeteria Probe
TERRE HAUTE, Ind., Sept. 8 (U. P.).—An investigation of the 16 Vigo county school cafeterias has been ordered by the state board of health. Dr. Charles L. Maxwell, director of the board's west-central branch, said today, as an aftermath of the recent food-poisoning episode at Blackhawk high school where 52 pupils and teachers were stricken.

Purdue Awaits Enrollment of 13,000

New High Mark Due; Term Opens Sept. 18

LAFAYETTE, Ind., Sept. 8.—Plans are being completed at Purdue university for the opening of the new term on Sept. 18 when an all-time high enrollment of approximately 13,000 students is expected.

The orientation period for the new students opens Sept. 10, with an address of welcome by President Frederick L. Hovey and is in charge of Dr. George Davis, director of the office of student affairs.

Orientation tests for entering students get under way at 1 p. m. Wednesday, and at 2 p. m. a session for new students and their parents will be held in Memorial Union building with Vice President Frank C. Hockema as the speaker.

Johnston to Speak
T. R. Johnston, director of the division of information, will speak to the newcomers at night to acquaint them with the university and some of its history and traditions.

The orientation tests will be completed Thursday. Scheduled for the same day are student activities meetings, sessions for ROTC enrollees and special meetings for home economics students, culminating that night with a smoker for the men and a style show for the women.

The orientation program continues through Friday and Saturday with a preview of the Boilermaker gridiron squad set for Saturday afternoon. A mixer dance is planned for that night.

Registration will begin Sept. 15 and continue through Wednesday with class work starting Sept. 18.

Girl, 22, Sought In Club Slaying
Police today searched for a 22-year-old girl in connection with the fatal stabbing of Ollie Crump, 1008 N. Missouri st., early yesterday at the Indianapolis Industrial club, 926 N. Capitol ave.

Mr. Crump was taken to General hospital at 2:57 a. m. Sunday by three men who found him in front of the club. He died three minutes later.

The three men told police they were driving by the Industrial club and saw several persons carrying a man out. The man was left on the sidewalk, they said.

The men in the car investigated and found the man to be the stabbing victim. They took him to the hospital.

Police who went to the Industrial club learned the stabbing grew out of an argument between Mr. Crump and a girl.

Witnesses said the girl stabbed Mr. Crump. The nature of the argument was not learned and witnesses could not identify the girl.

Police also are investigating the shooting of Elizabeth Williams, 27, of 2031 Alford st., last night. The shooting victim, in serious condition in General hospital, was shot in the face by a 45 automatic.

She named her assailant to police and told them the shooting grew out of an argument over car keys. Police are seeking the man she named for assault and battery with intent to kill.

Time for Action, Pope Declares
ROME, Sept. 8 (U. P.).—His Holiness, Pope Pius XII told 250,000 persons massed in St. Peter's square today that the time for action had come in a world situation in which "the opposing fronts in the religious and moral fields are becoming ever more clearly defined."

"The time for reflection and planning is past," the Pope said. "Now is the time for action. Are you ready? ... the time for the test is here."

The Pope spoke to men of the Catholic action organization, meeting here on their 25th anniversary. His address, delivered in Italian, followed up closely his exchange of letters with President Truman 10 days ago. Both leaders pledged themselves to work for a moral world order—an order, the texts as made it plain, which was opposed to the condition which Communist domination has brought about in eastern Europe.

NATIONAL 24-HOUR FORECAST SUMMARY: Warm, southerly winds will dominate the eastern two-thirds of the U. S., Monday night, except in New England where somewhat cooler conditions will result from northerly breezes off the Atlantic. (Arrows on FOTOCAST show how major air masses are flowing over the nation.)

Above normal temperatures will continue in the Middle Atlantic states, through the South and in most of the plains states, tonight and Tuesday morning.

More seasonable temperatures will prevail in the Northern and Central Rocky Mountain states where cooler weather is expected. But, this section of the Rockies and New England will be the only portions of the country favored

by cooling winds in the next 24 hours, according to the forecasts. Showers and thunderstorms are forecast in relatively few states. The dotted "affected area" on the map show where these storms are called for in Michigan, Illinois, Wisconsin, Iowa, Minnesota and the Rockies. The rain showers in the western Great Lakes sector will develop ahead of the cold air front moving east-southeastward from the North-Central

states. The air mass associated with this front will lower the mercury to 50 degrees in North Dakota, Montana and Wyoming tomorrow morning. A 60-degree minimum temperature is forecast at Boston; 68 at Detroit; 68 at Chicago and Milwaukee. But the minima will be 70-75 from the Great Lakes southward to the Gulf, and from New York to Miami. Afternoon readings in these areas will be correspondingly warm Tuesday.

State Police Nab 5 In Gaming Raid

LOGANSPORT, Ind., Sept. 8 (U. P.).—Police raided a gambling establishment at a mile west of here early today and arrested five men.

The troopers, led by Sergeant Irwin Rhoda of the West Lafayette state police post, confiscated a variety of gambling equipment. The men were later released on their own cognizance pending further investigation.

They were identified as Loren Morrison, 34; James Musto, 48; Philip Digelo, 34, all of Peru; Paul Clawson, 42, Logansport, operator of the gaming place, and Zachary Burch, 28, Oceana Bluff, Iowa.

Cass County Prosecutor Keith Campbell said the case would be turned over to a county grand jury. A warrant for the men's arrest was issued by Justice of the Peace Don Freacher on the basis of an affidavit sworn out by a state detective who had previously visited the gaming house.

BURN RESERVE COAL
LONDON, Sept. 8 (U. P.).—Scores of Britain's export factories burned their reserve coal piles today with no end in sight to the wildest strike of 80,000 Yorkshire coal miners.
