BEGINNING FRIDAY MORNING AT 9:30 AS THE DOORS OPEN

# PIPE SALE

5,000 of them—the famous (You know the name)Pipes in one of the greatest events  
of its kind ever heard tell of.

They're genuine imported Briars—  
they're carved with hand  
guidance—It's one of the most  
famous pipes in America (You know  
its name as well almost as  
you know yours!!)

DIVIDED INTO 2  
GREAT SALE GROUPS

\$2      \$3

These 7.50

Pipe

Reamers

They are made of  
such fine  
steels — there  
is so much precision  
workmanship required  
to make them—that  
the price puts them  
out of an active retail  
stream. So the  
manufacturer quit  
making them. These  
too-good pipe reamers—  
While they last

1.00

The lowest priced pipes ★this man makes are \$5—Half of them are 7.50 andeven 8.50 ones.

(★ He does make a tiny pipe that regularly sells for \$2)

The maker requested us not to mention the name right out in public prints.

His name, of course, is on every pipe — as clear as life.

This event represents a Clearance of his stocks.

He used up excess briars. He told us that — that maybe here and there a skilled pipe maker's hand may have slipped in carving a detail — some are odd lots — some are surplus lots — some of the shapes are discontinued —

But he emphasized that EVERY pipe — is worthy to carry his name.

In order to make choosing easy — we shall have these pipes out on tables right inside the doors easy to get at. Extra service facilities. Help yourself — \$2 & \$3 — instead of \$5 & \$7.50.

## A FEW NOTES:

DROP IN  
on your  
lunch hour  
—if no other  
time is convenient—  
You'll find choosing  
right at hand—  
And the service will  
be quick.

There are dozens of  
shapes—and thousands of  
patterns in carving—(No two  
are carved alike. (That's one of  
the beauties of these pipes).

If you have a  
Son—(or Sons)  
in College—send  
him (or them) a  
pipe or several
