**You'll Say It Was Worth
Waiting for**

Several years of planning . . . several years of construction, with all its problems, have brought to completion Pearson's new, larger and completely remodeled store . . . a definite step forward with Indianapolis and our great surrounding territory.

It's yours . . . ready for you . . . and we hope you'll say, after seeing it from top to bottom . . . from front to rear, that, "It was worth waiting for" . . . and perhaps at the same time forgive us for cluttering up Pennsylvania Street and subjecting you . . . to so much construction noise and debris for so long a time.
