SHOOTING SCENE—The car which Robert C. Popp, victim of a "triangle" shooting, was driving is shown here crashed against a tree on English Ave. Police found Mr. Popp in the car, his face nearly torn away by the blast of a shotgun. He died later in General Hospital.

Husband Seized In Love Slaying

Rail Clerk Shot to Death in Speeding Car

(Continued From Page One)

Popp first fired at him with a pistol, but officers said they found no gun in the Popp car. Instead, detectives said they found three empty shotgun shells in the street near the Popp car.

The shells were from Butler's gun which he turned over to police after his arrest, at his home later, detectives said.

The suspect, in his statement, said he shot Mr. Popp "because he had been keeping company with his wife," Mrs. Geneva Butler, 34.

Returns Home Early

The accused said he returned home earlier than expected yesterday and saw Mr. Popp lying on the front room divan with Mrs. Butler. His statement, according to detectives, said Mrs. Butler jumped up and slammed a door shut to the kitchen and that when he got into the room he said he saw his wife's friend running out the front door.

Mrs. Butler, in her statement to police, said her husband got his 410 gauge shotgun and struck her on the head after quarreling for some time. Then, she said, he forced her to accompany him in his car, threatening to shoot her if she refused. She said they drove toward the Popp home and that they overtook Mr. Popp in his car.

Her husband crowded the Popp car over the curb and she jumped out of her husband's car and ran, she said. She told of hearing several shots.

Butler's version was slightly different. His statement, according to detectives, related that Mr. Popp stopped his car and fired "at me" and that he then got out of his car and as Mr. Popp drove away fired at him twice with his shotgun. Butler's statement said he intended to shoot him when I found him in the house but I couldn't release the safety on my gun.

Mrs. Butler said her husband, when he forced her to get into their car, declared "I'm going to find Popp and kill him."

Father Finds Son

Albert Popp, father of the victim, said he heard the fatal shots and later found his son sprawled near his wrecked car. The victim lived with his father and a brother, James Popp.

Butler's statement said he left the scene of the shooting without going over to the Popp car.

Sgt. Robert Smith and Patrolman Robert Alkins, answering an emergency call, found Mr. Popp dying in the street. Though she has known Mr. Popp for nearly 10 years, Mrs. Butler said she has seen him only occasionally and "strictly on a friendly basis" since her marriage more than two years ago.

Reveals Arguments

Butler told police that he and Mr. Popp had argued repeatedly over Mrs. Butler. He said he had called Mr. Popp several times and warned him to leave her alone. Tragedy struck the Popp family early last spring when the mother, Mrs. Anna Popp, died.

Since the death of their mother the two brothers have lived at home with their father. The third son, John, who is married and has three children, lives at 427 S. Parker Ave.

The victim served five years in the Army, most of the time in the Pacific.

Catholics Announce Two New Parishes

The Roman Catholic Archdiocese of Indianapolis today announced the boundaries of two new parishes. One, the Church of the Nativity, will be located on the former Thomas Seimler 16-acre estate near Five Points. The other, the St. Michael Archangel Church, will be built at 13th St. and Tibbe Ave. The Rev. Fr. Louis Gooter, now an assistant at Our Lady of Lourdes Church, will be pastor of the Church of the Nativity. No priest has been appointed for the other new parish.

State Park Visitors Increase 200,000 in '47

Indiana State parks drew more visitors in 1947 than in 1946. Parks director Kenneth Coughlin said today more than 1,400,000 persons visited the parks and monuments last year, an increase of some 200,000 over the previous year.

VICTIM—Robert C. Popp, who died last night of gunshot wounds, following a love triangle shooting, was a clerk for the Pennsylvania Railroad.

SUSPECT—Charles V. Butler shot Mr. Popp after he found him and Mrs. Geneva O. Butler together at the Butler home.

State to Start Check on Drivers

Indiana's Bureau of Motor Vehicles will begin putting Hoosier motorists "on record" Monday.

In a statement reminding drivers that the new program is about to get underway, Secretary of State Thomas E. Bath pointed out that traffic violations, accidents and other evidence of dangerous driving now become a permanent part of each driver's license record.

Mr. Bath urged motorists to contribute their fair share and cooperation to the success of the plan designed to promote a high level of traffic safety.

Two Changes in Applications

H. Dale Brown, director of the bureau which is under the Secretary of State's office, explained that as the driving records build up during the coming months, drivers who have many accidents, too many traffic warnings or convictions, will be subject to re-examination and possible loss of their right to operate a car.

Two major changes, Mr. Brown pointed out, have been made in the method of applying for new drivers' licenses.

First, instead of permitting all current licenses to expire at the end of February, the department has ordered that all are good until the end of the birth month of the individual holder. In other words, a driver whose birthday falls on July 4 must apply for a new license sometime during July.

Second, all applications for drivers' licenses must be made in person this year. No application forms will be mailed. Applications must be made either at local license branches or at the State House.

The changes apply, however, only to the regular drivers' licenses, Mr. Brown said. Chauffeurs' and beginners' licenses still are under old rules and automatically expire Feb. 28.

The price still will be \$1.25 for a two-year license.

FRANCE GETS \$69,300,000

WASHINGTON, Jan. 2 (UP)—The State Department announced today that France will receive an initial allocation of \$69,300,000 to purchase grain and coal under the \$522,000,000 interim aid program.
