**HEAD COLD QUIZ**  
HOW LONG DOES A HEAD COLD LAST?

**ANNOUNCES DISCOVERY**

DALLAS, TEXAS.—Hal Horton, radio star of 1321 Commerce Street, Dallas, Texas, has switched to Calvert because he discovered Calvert makes a lighter highball. "I'm a moderate man," he stated, "and I appreciate Calvert's milder qualities."

**Inventor Patents Stake to Hold Seed**

WASHINGTON, Feb. 5—Planting garden in the spring will be much easier, if a device on which U. S. Patent 2,435,539 has just been issued here to William L. Gould of Albany, N. Y., comes into general use. All you will need to do is stick stakes into the freshly spaded soil.

Mr. Gould's invention is a specially designed garden stake. It can be made of wood, plastic or any suitable low-cost material. Through the lower end a hole is bored, and below it is a pocket or recess in which the seed can be placed.

Down the middle of the stake a hole is bored, and parallel with it on each surface is a channel. Water can be poured down the hole or along the channel that happens to be uppermost when the stake is thrust into the ground at an angle.

The seed below, encouraged by the water, germinates and sends its root down through one side of the transverse opening, its stem upward through the other. When it rains, the channel on the flat side of the stake catches water and carries it to where it will do the most good.

**Cattle Trade Slow; Most Prices Off; Vealers Firm**

Cattle trade was very slow at the Indianapolis Stockyards today with most bids unevenly lower on all classes. Vealers were about steady. Fat lambs lost fully 50 cents. Hogs were largely 50 to 75 cents lower, with some late sales on sows at \$1 to \$1.50 off.
