Her hoop skirt falls into a cathedral train, and her finger illusion veil cascades from a tiara of orange blossoms. She will carry white roses with an orchid center.

At any rate, she is learning the fine points of food preparation before her marriage this spring to Richard Clemens Vongnegut. Her parents, Col. and Mrs. Harry Hood Martin of the Indianapolis Athletic Club, announced her engagement to the son of Mr. and Mrs. Anton Vongnegut, 7878 College Ave., in December.

And now Barbara is enrolled in the Cordon Bleu Cooking School here. Conducted by Don P. Coffin, the local school has its headquarters in the Citizens Gas & Coke Utility kitchens. There each week three different groups of women meet for instruction in the intricacies—as well as the practical aspects—of cooking.

Barbara's class of six meets each Monday. From a list of recipes which Mr. Coffin reads as class starts, each student chooses the one she wants as her project. Copies of all the recipes read may go into pupils' notebooks, though. If a special one is requested, Mr. Coffin sees that it's included in the following week's lesson.

After ingredients are listed, the real

work begins. Students roll up their sleeves, tie on their aprons and compose their respective dishes. This is when the "professor" is most in demand. Somehow every wail for help gets an answer.

It's Mr. Coffin himself who frequently steps in to handle the involved parts of recipes. As shown above, he demonstrates the proper "stretching" of dough for apple strudel . . . and the way to put the "roll" into French chocolate roll.

Some of those practical aspects of food preparation come along while a dish finishes cooking. What's more practical than dishwashing? And dishwashing it sometimes is for the class.

Best part of the whole business arrives as the closing hour approaches. That's the time for taste testing . . . although the pupils usually wrap up their handiwork and proudly tote it home "to show the rest of the family."

With their teacher, interest in cooking began as "just hobby" and grew into a profession. He is a graduate of the original Cordon Bleu School and Restaurant in New York. Result of Mr. Coffin's hobby probably will bring a foreign fillip to menus in a number of Indianapolis homes.
