

## Cancer Society Told of Progress

### William Ball Speaks On Co-operative Effort

The program of the Indiana Cancer Society calls for relief, re-education and research, and progress is being made along each of these lines, William Ball of Muncie, president of the society told a state-wide meeting yesterday noon in the Columbia Club.

Mr. Ball told of the society's co-operative efforts with Indiana and Purdue medical schools at the all-day session attended by more than 200 representatives of the county Cancer Societies over the state.

He said instructive pamphlets were being distributed to assist in early diagnosis and that important strides were being made in the checking of the disease.

#### Strong Health Program

Gov. Gates said when he took office the per capita health expenditures of the state amounted to only 10 cents per person. This, he said, has been increased to a point of effectiveness and that when he leaves office he intends to have so strong a health program under way that it will have to be completed by the next administration.

The Governor also pointed to strides being made in mental health treatment which he said had been woefully lacking in the state.

Anton Hulman Jr., of Terre Haute, chairman of the state-wide drive which opens April 1 and runs for a month, said he believed the group could raise the quota, estimated at about \$322,000 (amount raised last year) with \$61,750 for Marion County, and that it might even be exceeded if those who believe in the cause intensely move into the campaign with the same vigor they have shown in their county societies.

### Cpl. F. R. Brinker Stationed in Guam

#### Serving With 1938th Engineer Aviation Unit

Cpl. Francis R. Brinker, son of Mr. and Mrs. F. F. Brinker, 1206 E. Tabor St., is stationed in Guam with the 1938th Engineer Aviation Utilities Co., as a draftsman.

A former tailor for William H. Block Co., he entered service Sept. 4, 1946, at Camp Atterbury. He was sent to Tokyo in 1947, later being transferred to Guam.

Cpl. Donald Mayo is in charge of the NCO Club of the 1938th Engineer Aviation Utilities Co. in Guam. He is the son of Mrs. Marie Rolen, 1603 Hoyt Ave.

He entered service in 1946 and was stationed in Texas and California before going overseas. Prior to his assignment in Guam, Cpl. Mayo was in Tokyo six months.

Promotions have been received by three Indiana men assigned to the 20th Air Force in Guam. Kenneth E. Groff, son of Mr. and Mrs. George Roff, Butler, has been promoted to sergeant. Steven Patkus, son of Steve Patkus, Mary, Indiana, has received his rank as corporal and James H. Lady, son of Mr. and Mrs. Raymond R. Lady, Greencastle, has been promoted to private first class.

#### Church Group to Hear Mrs. Russell Sanders

The Women's Association of the Meridian Heights Presbyterian Church will present Mrs. Russell Sanders in a review of Brace's "The Garret Chronicle" Friday at a program and tea beginning at 2 p. m. in the church.

Mrs. Carl Iserloth will introduce the speaker. Mrs. L. M. Henderson is association president.

#### "Blessing on the Day I Found TRU-AID"—Her Rheumatic Pains End!

One lady recently took TRU-AID three days and said afterward that she never would have believed such a "wonder medicine" existed. She says she could not raise her left arm more than a few inches. Rheumatic pains afflicted the muscles of her shoulder and arm. She could hardly move the fingers on her left hand. Now this lady's rheumatic pains are gone since she got TRU-AID and she says she can use her left arm as well as her right, in fact, she says she simply blesses the day she got this medicine and she feels like an altogether different woman.

TRU-AID is the new liquid formula containing three valuable medicinal ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get TRU-AID. Sold by All Drug Stores here in Indianapolis.

**FREAK ACCIDENT**—Charles Graham, 55, was trimming a tree from his porch roof at 1854 Central Ave., when a large limb fell, demolishing the porch. Mr. Graham was plunged to the ground. He is in fair condition at General Hospital. He lives at 607 N. Hamilton Ave.

### Hirohito a Virtual Prisoner. Aides Dictate His Moves

By KEYES BEECH  
Times Foreign Correspondent

TOKYO, Japan, Mar. 9.—A man's house may be his castle as the saying goes, but in Japan in this occupation year of 1945 it may also be his prison.

Such at least is the situation with respect to Emperor Hirohito and his imperial palace.

Hirohito, chief instrument of American occupation policy, is a virtual prisoner today.

Permitted Few Visitors

Hirohito's keepers are top officials of the imperial household ministry, a stubborn island of feudalism in Japan's postwar sea of democracy. His every move is dictated by imperial household functionaries. He is permitted few visitors.

The ill-concealed arrogance of the palace clique is often a source of annoyance to American occupation officials who have been exposed to it.

Hirohito may have renounced divinity, but so far as MacArthur's headquarters is concerned he is still a sacred cow. This is because American policy, from Potsdam to the present, has tacitly upheld the emperor system.

One Allied correspondent who

called for information of the Emperor's annual poetry contest was curtly told that the contest was not being run for the benefit of newspapers.

Japanese newspapermen fare even worse. They are allowed only as far as the tiny corner allotted them in the household ministry building just inside the palace grounds.

**City Vehicles Use 3576  
Less Gallons of Gas**

A reduction of 3576 gallons of gasoline used by city vehicles during January and February, compared with the amount used in the same period last year, was announced today by D. G. Watkins, municipal garage superintendent.

The city used 64,965 gallons for the first two months of this year. Last year during January and February a total of 68,541 gallons was used by city-owned vehicles. However, the city is paying 20.3 to 21.8 cents a gallon today, whereas last year at this time it was paying 14 to 15 cents a gallon.
