# Regular GOP Committee Completes Slate

## Kaiser Sells Local Mill to Chicago Firm

### Plant Here to Run At Full Capacity

Sale of the Kaiser-Frazer Steel Rolling Mill division in Indianapolis was announced this morning from Willow Run by Clay E. Bedford, Kaiser-Frazer vice president in charge of manufacturing.

The group buying the Kaiser-Frazer mill here is headed by Victor Nemiroff, president of the Electro Manufacturing Corp., Chicago, electrical contractors and suppliers.

The announcement said the plant would continue to operate with about the same personnel. It employs approximately 400. The property will be transferred July 1 and Kaiser-Frazer will operate at capacity until that date. E. E. Ordway, general manager, said this morning.

Kaiser-Frazer bought the steel plant from the Chapman Price Co. Oct. 6, 1947.

Mr. Bedford explained at Willow Run that K-F's steel outlook had improved greatly in the last 90 days as a result of the acquisition of the Ironton Blast Furnace at Provo, Utah, which, within two weeks is expected to begin producing 300,000 tons annually.

Mr. Bedford said Kaiser-Frazer would receive for the Indianapolis mill all that had been paid for it.

### Sicilian-Born Americans Plan Messina Bridge

ROME, Apr. 29 (UP)—Press reports said today that a group of Sicilian-born Americans would finance construction of a bridge across the Straits of Messina, linking Sicily with the peninsula at the toe of Italy's boot.

The bridge will be started "in the near future," the reports said, and will be high enough to permit the largest commercial and war ships to pass beneath it.

1948 PHOTO GIRL—A farmer's daughter, Joyce Thorsen, 19, wows 'em in the big city, outclassing hundreds of urban beauties for the title of "1948 Photo Girl." Chosen at the Chicago Press Photographers' Annual Ball, the 118-pound queen gets a free trip to Hollywood and a movie role.

### Train Derailed on Colorado Line

PARKDALE, Colo., Apr. 29 (UP)—Traffic on the Denver & Rio Grande Western Railroad was tied up early today after an engine and three baggage cars of a passenger train were derailed near here.

None of the 65 passengers aboard the train was hurt.

Railroad officials blamed last night's derailment on a sprung rail.

### Killed by Train In Michigan City

MICHIGAN CITY, Ind., Apr. 29 (UP)—Funeral services were planned today for Omer Philipps, 44, who was killed when a New York Central train struck a car last night.

Leo Missal, 57, Michigan City, who was driving the car, was reported in serious condition with a fractured skull at a hospital here.

Mr. Philipps' death was the second traffic fatality in 48 hours. The death of three-year-old Marvin Fisher Monday night ended 630 consecutive days without a traffic death.

The regular GOP organization committee is slating temporarily the following candidates for the legislature:

For the Senate—Arcadia Balz, Robert Lee Brokenburr, Harry O. Chamberlin, Roger G. Wollcott and Harold O. Burnett.

For House of Representatives—Harry E. Bacon, Harry W. Clancy, Dr. Clark Day, Nelle B. Downey, James F. Durnil, Rufus Kuykendall, Joyce Loomis, A. Ross Manly, Frank W. Morton, John G. Tinder and J. Russell Townsend.

## Rival Faction Hasn't Made Final Decision

### May Double Up on Several Candidates

By NOBLE REED

A slate of candidates that will be supported by the regular Republican organization committee at the primary election polls Tuesday was completed today.

This faction, known officially as the Republican Candidates Committee, is composed of party workers aligned with County GOP Chairman James Ingles and Joseph J. Daniels, former 11th District chairman.

They are slating George L. Denny for the Congress nomination, Frank Fairchild for prosecutor, Sheriff Al Magenheimer for renomination, Arthur W. Grayson and George C. Kincaid for the two county commissioner nominations, Dr. Roy B. Storms for Coroner and Paul R. Brown for surveyor. Louis W. Fletcher is unopposed for county treasurer.

#### No Final Decision

The rival faction organized as the Marion County Republican Campaign Committee, formed around associates of James L. Bradford, former county GOP chairman, had not reached final decisions on its slate. However, this group may double up with the other committee on several of the candidates.

One certain double slate candidate will be Sheriff Magenheimer, whose candidacy was backed first by the Bradford committee and later "taken" by the other group.

The only formidable opposition to the sheriff is Otto W. Gasper who still has some 100 regular organization workers behind him but apparently not enough to overcome the double slate power behind the sheriff.

#### Fights Uphill Contest

In the prosecutor race, the incumbent, Judson L. Stark, appeared to be facing an uphill contest against Mr. Fairchild, the organization candidate. Up to today, Prosecutor Stark had not appeared on any organization slate.

The Bradford group was still presumed to be backing Hoyt Moore for the Congress nomination against Mr. Denny but no formal slating of Mr. Moore has been authorized.

The regular GOP organization committee is slating temporarily the following candidates for the legislature:

For the Senate—Arcadia Balz, Robert Lee Brokenburr, Harry O. Chamberlin, Roger G. Wollcott and Harold O. Burnett.

For House of Representatives—Harry E. Bacon, Harry W. Clancy, Dr. Clark Day, Nelle B. Downey, James F. Durnil, Rufus Kuykendall, Joyce Loomis, A. Ross Manly, Frank W. Morton, John G. Tinder and J. Russell Townsend.

## Old Jerusalem Heeds UN Truce

### Designed to Save Religious Shrines

TEL AVIV, Apr. 29 (UP)—British light artillery and mortars shelled Jews attacking Jaffa today, but Haganah and Irgun Zvai Leumi forces returned the fire and were advancing.

After a nightlong lull, the fighting of the last five days was resumed after dawn. British two-pounders and mortars laid down a heavy fire and Irgunists replied with mortars, machineguns and other automatic weapons.

Royal Air Force Spitfire fighters, five of which late yesterday attacked Irgun positions with rockets, circled over the Jewish positions again today, but did not attack. British authorities said they were for "moral effect."

Both Arabs and Jews received with joy the news of the United Nations agreement for a truce for the old walled city of Jerusalem. It halted a mass evacuation of Arabs from the Holy City.

Arab and Jewish spokesmen agreed yesterday to the truce.

Arab efforts to halt the evacuation had failed, even though consultants of adjacent Arab states had been asking a deposit of \$100 before issuing visas. The money is returnable when the visa holder returns to Palestine.

Jews, meanwhile, laid down a landing strip on the outskirts of Jerusalem under Arab fire and scheduled regular flights to Tel Aviv. The Jewish lifeline supply route by highway has been under heavy Arab pressure.

A report from Beirut said the Lebanese government has imposed press censorship on all Palestine matters, including military movements. Other Arab governments are expected to follow suit.

Combined Jewish forces in Tel Aviv sealed off the Arab port city of Haifa by land and pressed their attack into the fifth day against formidable Arab resistance.

### OES ELECTS—Mrs. Sonoma Woodruff of Ft. Wayne and Ray E. Walters, Nappanee, will serve as the new grand matron and grand patron, respectively, of the Indiana Grand Chapter OES.

### OES to Install State Officers

#### Ceremonies Tonight In Murat Temple

The Indiana Grand Chapter, Order of the Eastern Star, will install new officers tonight at 8 p. m. in the Murat Temple.

The installation ceremonies will follow the closing of the 74th annual session of the state OES this afternoon in the theater.

Mrs. Mildred Y. Smith, past worthy grand matron, and Delph L. McKesson, past worthy grand patron, will conduct the installation.

#### Monrovia Gets Charter

The Indiana Grand Chapter granted a charter for a new chapter in Indiana as one of its final acts in the last session this afternoon.

The new group will be called "Monrovia Chapter 580" and will have headquarters in Monrovia after it is constituted at an early date.

Officers in addition to those named are: Mrs. Lucille Geyer Sunman, associate grand matron; Herbert C. Morrison, Crawfordsville, associate grand patron; Mrs. Daisy M. Crist, re-elected grand secretary; Mrs. Jane B. Sene, West Lafayette, grand treasurer; Mrs. Bernice Hudson, Ellettsville, grand conductress, and Mrs. Floy Green, Greenwood, associate grand conductress.

#### W. J. FREANEY INSTALLED

SAN FRANCISCO, Cal., Apr. 29 (UP)—William J. Freaney, Indianapolis, was installed as treasurer of the Wine and Spirits Wholesalers of America today at the fifth annual meeting of the national trade group.

## Steckler to Attend U. S. Health Parley

William Steckler, Indianapolis three years ago after nursing attorney, will leave tomorrow for homes had fallen into disrepair. Washington, D. C., to attend the National Health Assembly as a representative of the Indiana Association of Licensed Nursing Homes.

The assembly was organized recently at the request of President Truman, who will address the group Saturday night.

Approximately 700 persons from the entire nation will attend to discuss a long-range health program.

Mr. Steckler will participate Sunday in a panel discussion on the aging population in the U. S. Monday. Lena Scherer is worthy patron.

### PLANS BUFFALO SPEECH

Lowell L. Holmes, Indianapolis "human engineer" and management consultant, will address the Shrine Club of Buffalo, N. Y., tomorrow.

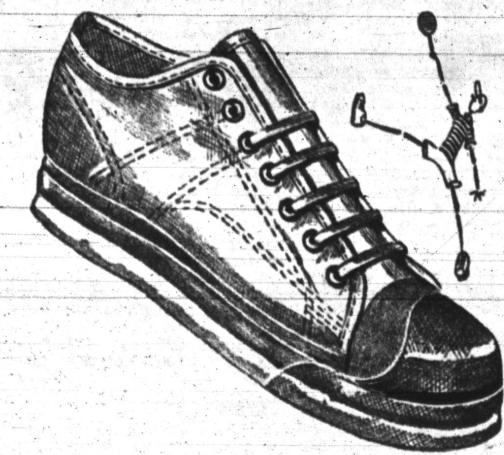

He will speak on "What Makes A Man Tick."

### OES 452 PLAN PROGRAM

Prospect Chapter 452, OES, will hold a Mother's Day program

Sunday in a panel discussion on the aging population in the U. S. Monday. Lena Scherer is worthy patron.
