

# Two Boy Fugitives Trapped In Car Crash

## Flee School At Plainfield In Stolen Auto

### Seized in Police Chase; Freedom Short-Lived

After a wild chase in which state police fired two shots at a stolen car overturned in the 5500 block, Raymond St., about 3 a. m. today.

Under the car, officers found two badly frightened 15-year-old boys who had escaped only a few hours earlier from the Indiana Boys' School at Plainfield. One of the boys had been sentenced to the school from Elwood and the other from Charleston.

**'Spot' Stolen Car**  
The stolen car belonged to Ory Fox, of R. R. 3 near Bridgeport. State Police Officers Herbert Roush and A. B. Peterson "spotted" the car in Raymond St. a few minutes after the theft, was broadcast.

As the stolen car speeded away from them, the officers each fired shots into the car. When the boys attempted to turn a sharp corner, the car overturned.

They were not injured.

## Wrecked Car, Jail No Strain; Uriah Wants His Teeth

THE only thing that worried Uriah Ikenberry Holden, 43, of R. R. 19, Box 505, when his car was struck by a New York Central locomotive and dragged half a block, was the loss of his false teeth.

"I was struck at a crossing in the 4100 block, Massachusetts Ave., about 1 a. m. today while on his way home.

"I've driven over that crossing a thousand times and never got hit before," Holden said as he was arrested and charged with drunkenness.

When he got up for breakfast in jail this morning he couldn't eat. His false teeth were missing.

"That's the only thing that worries me," he said.

His car was a wreck.

## Report 'Chemicals' Blight Vegetation

Residents in the 200 and 300 blocks, S. Walcott St. reported today that some chemical was blighting vegetation in their neighborhood, causing leaves, lettuce and grass to wilt.

It was believed by some residents that chlorine gas was seeping from the nearby John W. Jones Chemical Co., 425 S. State Ave.

However, William C. Waddell, company manager, denied that any damaging gas could be escaping from the plant. He said there had been no chlorine gas shipped by the firm since last Apr. 15.

## Korea Reds Threaten To Cut Electric Power

SEOUL, May 11 (UP)—Soviet-occupied north Korea reacted to the smashing success of the elections in the American-occupied zone today with a new threat to cut off electric power in the south.

A spokesman for the Communist-dominated North Korean People's Committee was quoted by Pyongyang radio as saying the power would be cut unless south Korean representatives authorized to settle the issue of payment for power were sent to the northern zone by May 14.

Both American and United Nations officials were pleased with the turnout in yesterday's elections, forecasting a favorable report to the United Nations General Assembly in September. But eight new deaths raised the weekend toll to 100 in southern Korea.

## AUXILIARY SPONSORS PARTY

Capt. William E. English Auxiliary 56 will hold a public card party at 1:30 p. m. tomorrow at the Food Craft.

## IN INDIANAPOLIS

NO "NEW LOOK"—This bright and shining fire engine, purchased just recently by Drexel Gardens volunteer fire department, lost its "new look" yesterday when it smashed up at Lyndhurst Dr. and Seerley Rd., en route to a fire. Three volunteers escaped serious injury when the steering apparatus failed.

## Troopers Carry Portable Scales

### State Tightens Up on Truck Weight Laws

DETROIT, Mich., May 11 (UP)—The superintendent of the Indiana State Police said today that his department was organizing 20 "flying squadrons" of troopers equipped with portable scales to improve enforcement of the state truck weight laws.

Col. Robert Rossow of Indianapolis made the statement in an address before the American Trucking Association, Inc., regional meeting here.

Col. Rossow also disclosed for the first time that state police furnish the Indiana Motor Truck Association with carbon copies of all arrest tickets involving truck drivers, and the tickets are in turn sent to the truck owners.

**Violations Decline**  
"The joint action has exceeded expectations," Col. Rossow said. "Violations are diminishing."

He said there were now three permanent weighing stations in Indiana, three others to be constructed, and that he planned to ask for six more permanent stations.

Col. Rossow said the "flying squadrons" would operate in addition to permanent weighing stations. They will be set up with-

## Merchant Group Marks 50th Year

Members of the Merchants Association of Indianapolis will observe the golden anniversary of the association at the Broadmoor Country Club tonight.

A. K. Scheidehelm, past vice president, will preside and introduce guests. Walter E. Wolf, president, will introduce past presidents. Officers for the new year will be installed.

## Offer Free Medical Tests To 720 Grade Pupils

A medical examination by 15 doctors will be offered free of charge to the 720 pupils of the University Heights grade school at 8 a. m. tomorrow by the school's PTA.

Examinations will be offered to pupils in all eight grades, according to Hugh Thompson, school principal.

## Phone Strike Averted

NEWARK, N. J., May 11 (UP)—A strike by 13,000 telephone switchboard operators was averted at the last minute today when an agreement was reached between the New Jersey Bell Telephone Co. and the workers.

## Group Urges \$100 Million For Highways

### Ask Long-Range Plans for State Roads

Indiana should spend more than \$100 million on its highways every year for the next 11 years, a group of city, county and state road officials said today.

The Indiana joint committee on the street and highway program recommended a \$1 billion long range maintenance and improvement plan at its second meeting yesterday.

James Hallett, an engineer for the State Highway Department, said a recent nine-month survey showed that nearly \$67,500,000 will be needed annually until 1960 in order to modernize the network of state roads. The estimate includes no new construction.

**Ask Huge Refunds**  
County and city officials said the state should refund \$24 million yearly from the state gasoline levy to the counties, and \$10 million annually to the cities from the same tax.

Mr. Hallett said the amount needed yearly for adequate highway modernization and maintenance would be almost four times the 1947 state grant for road use.

Last year, Mr. Hallett said, the state appropriated \$26 million and the federal government added \$9 million in road grants. Committee members said they would study six proposed methods of fund raising and meet again June 21.

## AUXILIARY TO MEET

Ladies Auxiliary of the General Protestant Orphans Home will meet at 8 p. m. tomorrow for a business session. Plans for a pitch-in dinner will be discussed.

GLAMOUR FOR LIMESTONE—The stone used in buildings throughout America will take on a modern line of art, using Bedford coeds as models, when the Indiana Limestone Centennial is celebrated at Bedford June 14 through June 19. Those selected include, standing, left to right, Pat Adams and Betty Lou Taylor; kneeling, Dorothy Dougherty, and, reclining, Norma Edwards.

## Nab 'Peeping Tom' Suspect; His Alibi—'Picking Lilies'

### Police Seize Man Hiding Behind Bush; Find \$2000 on Prowler Slain Sunday Night

The second "peeping Tom" episode in two days, one of them resulting in a fatal shooting, alerted police to renewed vigilance for prowlers here today.

While detectives were still investigating the background of the 34-year-old prowler who was shot to death here Sunday, another suspect was arrested in the 500 block, N. Belmont Ave., about 9:30 o'clock last night.

On the complaint of Mrs. Sarah Brown, 573 N. Belmont Ave., that a man was peeping into her windows, officers found the suspect hiding behind a bush. "I'm just picking lilies," explained the suspect when police questioned him. He gave his name as William Wentworth, 20, of 583 N. Lynn St. and was charged with being a "peeping Tom."

Meanwhile, detectives examining the clothes of the unclaimed body of the "peeping Tom" shot to death Sunday, found \$2000 in \$100 and \$50 bills hidden in the sleeve of his coat.

Also in his pockets were two black books, containing apparent code letters which police believe were linked to names and addresses here in Ft. Wayne, Chicago and Toledo, O.

Papers in the victims' pockets indicated his name was Carmin David Moretti, formerly of Ft. Wayne, Chicago and Toledo. He was slain by Clarence H. Cochrane, 48, of 252 Arsenal Ave., while peeping into a window of the Cochrane home.

Biggs said Clark petitioned several months ago to have his term shortened on technical grounds in connection with his conviction.

A detainer was filed against Clark by Kansas authorities who wanted him for a parole violation.

Clark was to be turned over to the authorities following his release from prison, Biggs said.

But Detrich goes free and was expected to return to his home in St. Louis, Mo.

## Acts From Tech Play To Be Given at Dinner

Acts from the Technical High School "Sketchbook" will be given at the Laymen's League dinner tomorrow at 6:30 p. m. in the Centenary Christian Church.

The Pennsylvania Railroad Two-Tone Quartet will sing; Miss Ruth Via will give readings, and a "Key-Man" contest will be featured. Rex Fordice will be master of ceremonies.

STRAUSS SAYS: ...TRADITION WITH A TOUCH OF TOMORROW

## PREDICTION

There will be a lot more men this summer who will be cool—without being wrinkled like a prune—because of the upswing in demand for these

## SPRINGWEAVE TROPICAL SUITS

A short time ago—a very large company was put into our cases—in just a routine way—and the departures started almost immediately—they kept going out steadily—constantly—without any urgings or promptings on our part! We've just added a lot more. There's magic in them thar suits!

SPRINGWEAVE TROPICAL WORSTED SUITS by GOODALL have the virtues of Four skillfully blended fibers.

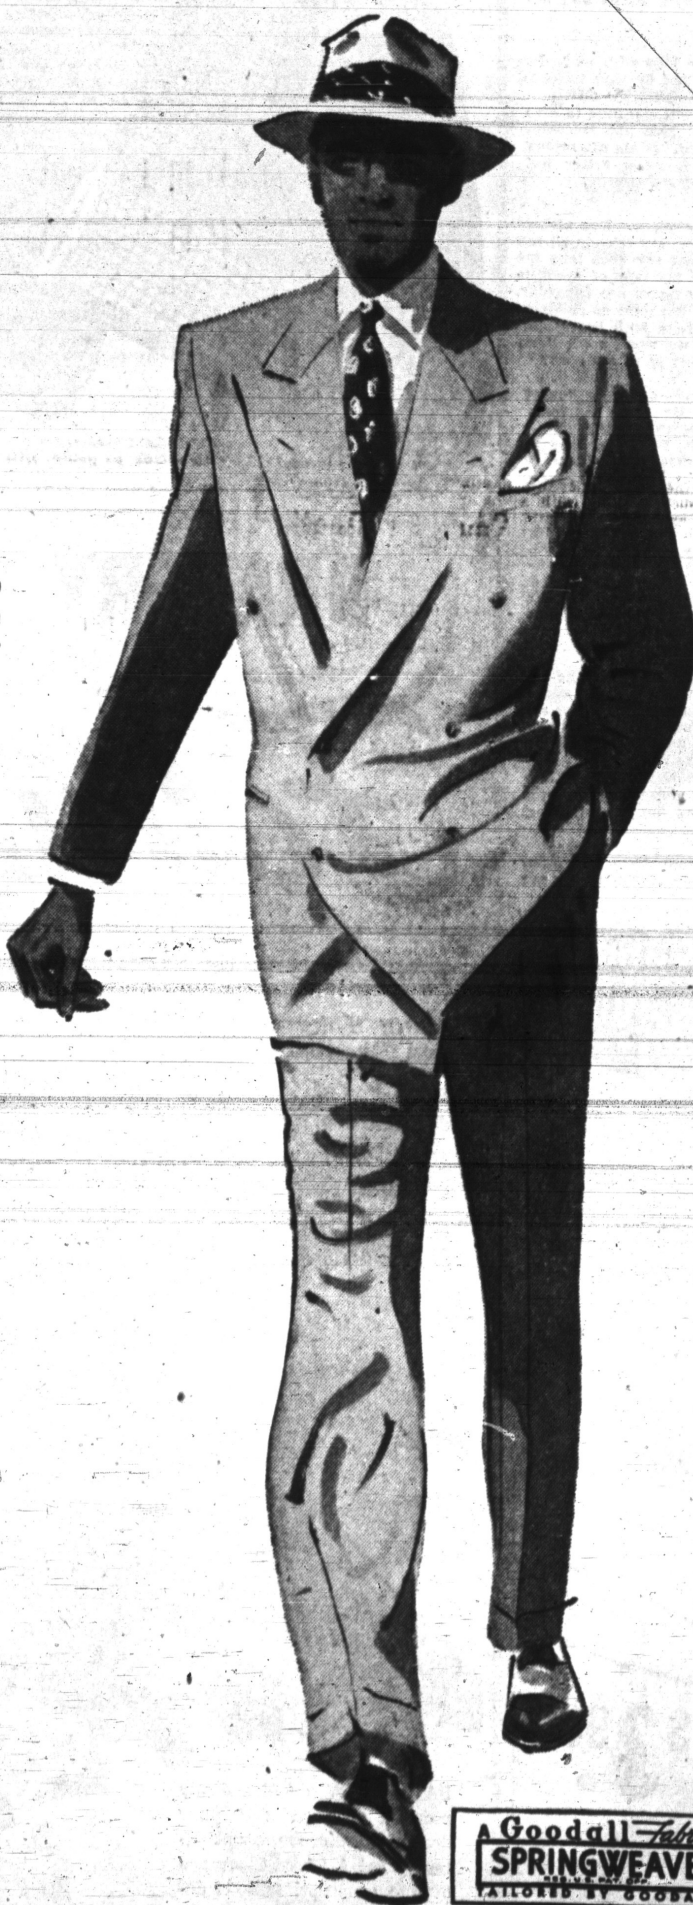

Cool!  
Angora fibers for resiliency—a bit of virgin wool for body—and two fine rayons—for smooth texture and drape.

THEY RESIST WRINKLES—Just try and wrinkle one—use the test as indicated at the right.

But—even more telling—is the wrinkle-freedom that Springweave Suits have given in actual service through the years—to a million and some men!

43.50

Springweaves are in plain colors—in small checks and stripes—various builds of men can be fitted.

A Goodall Fabric SPRINGWEAVE TAILOR BY GOODALL

**KNOT THE SLEEVE**  
PULL—HARD!  
Give it the works—Untie!—and run your hand over the material. Smooth—soft—the Wrinkles are all gone!  
**CAUTION—**We would like to suggest a little warning—Be sure to take your arm out—before tying a knot in the sleeve!
