**Award Contract**  
**For River Span**  
W. 16th St. Project  
To Cost \$838,478  
One of the worst traffic bot-  
tlenecks in Indianapolis, at the W.  
16th St. bridge over White River,  
will be eliminated this year by  
the State Highway Commission.  
A contract was awarded by the  
Highway Commission yesterday  
to Smith & Johnson Co., to erect  
a new and wider Emericichville  
bridge at a cost of \$838,478.  
Long a Hazard  
The present bridge has been  
considered a hazard for years  
due to heavy traffic on Highway  
52 over the span to points north  
as the main artery of travel to  
Chicago.  
Engineers said the old span  
must be replaced because it is out  
of alignment with the highway  
leading to it.  
The new bridge will be much  
wider and will straighten out the  
kinks in the traffic lanes.  
Construction work will be  
started about July 1.
