Democrats Urged to Name Mrs. FDR for 2d Spot

(Continued From Page One) she is the only person in the party qualified to tear the Roosevelt mantle off Wallace and by sharing it with Truman, partially restore it to him.

SHE would keep a strong lien on the vast pro-Roosevelt vote that still remains in a nation where it became an article of faith that FDR, with all his faults, was for the poor man.

No man can guess how many of these people would feel sentimentally obliged to vote for the widow of their dead chief.

That in their own right, Mrs. Roosevelt is popular. Poll after poll throughout 16 years have shown her to be the best loved and best known woman in the world.

Above all, Mrs. Roosevelt's place on the ticket would inject an element of controversy that would cut across—and far deeper, perhaps, than any other issue in this prosperous time save the issue of war itself—the woman issue.

FIFTY-ONE per cent of the votes cast in the last election were cast by women, and there is a percentage of women who don't vote at all because they feel that politics is a man's game and one in which women and their opinions are ignored anyway.

To put a woman on the ticket would challenge the loyalty of women everywhere to their sex, because it would be made to seem that the defeat of the ticket meant the defeat for a hundred years of woman's chance to be truly equal with men in politics.

Many women's groups which are very powerful politically might go for the Democrats on

Ike Replies 'No' To Democrats' Bid To Mount Bandwagon

Refuses Again to Mount Bandwagon

With the Democratic national convention just two weeks off, Gen. Dwight D. Eisenhower was the man who had everybody wondering today.

The Ike-for-President bandwagon was rolling merrily along, despite the general's insistence that he doesn't want to be in the driver's seat.

Two organizations—Americans for Democratic Action and Veterans for Eisenhower—are out to swing the District of Columbia's 12-man delegation to him in today's Democratic primary.

A draft-Eisenhower motion picture touched off a bedlam of cheers, whistles and shouts of approval from Wisconsin Democrats last night at their state convention in Madison.

But the convention was hastily adjourned before the proposal could be put to a vote.

In Minneapolis, Douglas B. Anderson, Midwestern representative of Americans for Democratic Action, told a state ADA gathering that Gen. Eisenhower "will accept a draft nomination if President Truman withdraws."

Ike Says 'No' Later at New York, a source close to Gen. Eisenhower said that his latest reaction to reports of "draft-Eisenhower movements" was that his decision not to run for President "applies to the Democrats as well as the Republicans."

Regardless of the general's statement his name is likely to go before the Democratic convention which opens in Philadelphia on July 12.

In California, James Roosevelt, son of the late President and a staunch Eisenhower booster, was further entrenched as head of the state Democratic Party at an organizational meeting yesterday.

U. S. Discloses Marshall Plan Aid 'Terms'

Expect New Blast Of Red Propaganda

WASHINGTON, June 28 (UP)—The State Department today disclosed the "terms" which Marshall Plan countries are accepting to insure that U. S. economic aid to Europe is not wasted.

The announcement of the "terms" was expected by diplomats here to signal a fresh Communist propaganda blast assailing the multibillion dollar European Recovery Program as "U. S. imperialism" and "Rule of the Dollar."

Meanwhile, President Truman signed the \$6,030,710,228 foreign aid spending bill—largest in the nation's peace time history.

Conditions Revealed For the 16 Marshall Plan nations, the bill carries \$4 billion in cash, which, at the President's discretion, can be spent in a single year. ERP has an additional \$1,055,000,000 in spending power through funds already appropriated by Congress and the sale of notes to the Treasury Department.

The conditions were disclosed with the release here of the text of bilateral agreements with Ireland and Italy. Officials said all agreements are virtually the same. Ireland's signing is subject to final ratification by the Dublin parliament.

In exchange for U. S. aid, Italy and Ireland, as other countries will, made:

ONE: Guarantees of a favorable economic climate for European recovery—by adopting necessary measures to establish financial stability, increase trade and establish a valid rate of currency exchange.

SPECIAL CONCESSIONS TWO: Special concessions to the U. S.—Agreed to submit to the international court at The Hague any claims by U. S. nationals arising from government measures in their countries; to guarantee the convertibility of dollars of new private American investments in their countries; to make arrangements whereby the U. S. can obtain critical materials needed for stockpiling.

THREE: An agreement, in an exchange of separate notes, to grant most-favored-nation trade treatment to U. S. occupied areas including Germany, Japan, Korea and Trieste.

FOUR: A pledge to set aside in local currency an amount of aid which they receive. The U. S. must agree on the purposes for which this "special fund" is spent. Part of it will be used to pay economic co-operation administration expenses abroad.

Officials said the British agreement will be announced simultaneously in Washington and London tomorrow when it is submitted to Parliament for ratification. Government sources said the British had granted most-favored-nation trade treatment to Germany, but not to Japan or Korea.

'Sugar,' Lost Pet Bird Found Dead Police Sgt. John Kestler has said news for Mrs. John Jablonsky, 507 N. Alabama St., whose pet parakeet, "Sugar," disappeared from her home.

The policeman's 14-year-old son, Leo, was mowing their lawn at 1121 Reid Pl. Saturday when he found a silvery blue parakeet lying on the lawn. It was gasping for breath. The boy gave it water and tried to revive it but the bird died.

Sgt. Kestler said he read of the bird's disappearance in The Times Saturday and has tried to locate Mrs. Jablonsky. Her description of "Sugar" tallies with that of the bird found in his yard, he said. He added that "Sugar" was apparently exhausted from the flight of several miles between the N. Alabama residence to his South Side home.

Man Found Slain, Suspect Seized William Miller, 33, of 1935 N. Capitol Ave., was found dead from knife wounds in the rear yard of his home early yesterday.

Chester Jordan, 46, living at the same address, was held on a vagrancy charge in connection with the killing after witnesses said they saw Jordan and Miller fighting.

Police quoted Jordan as saying he stabbed Miller after the latter struck him with a club during an argument.

Game Receipts to Aid Catholic Nursery Methodists Staff Sets Graduation

Ticket Sale for Indians-Blues Contest Handled by Daughters of Isabella

When the Indians meet the Kansas City Blues tomorrow night in Victory Field it will mark the end of a lot of hard work for a group of Catholic women.

For weeks now members of Mother Theodore Circle 56, Daughters of Isabella, have been scouring the city, selling tickets for the game. The proceeds will be used to start construction of a new nursery at St. Elizabeth's Home, 2500 Churchman Ave., where the proper care and treatment of unfortunate babies can be given.

Tickets for the benefit baseball game may be obtained through tomorrow from D. of I. members or at booths in L. S. Ayres & Co., L. Strauss & Co., the Claypool Hotel, Kie's Brothers, Sportsman's Store and Room 1303, Merchants Bank Bldg.

Founded in 1915 Since the D. of I. was founded in 1915 its main interest has been the care of dependent children.

The organization first founded Again the D. of I. came to the fore and soon the present Home was built.

This time the need is the new nursery. The enthusiastic D. of I. members are going to show the Very Rev. Msgr. August R. Fussenegger, archdiocesan director of Catholic Charities, who now supervises the Home, that it can be had.

Need for a home for children was borne out by the day nursery and the D. of I. was called upon to raise the funds.

By 1919 more than \$20,000 had been accumulated. The Indianapolis Community Fund also contributed some money. And in 1921 the Home became a reality.
