GOP Seeks Dewey 'Kick-Off' For Indiana

Capehart Makes Bid For Cornfield Rally To Launch Campaign

Gates, Creighton Fail to Appear at Farm Caucus to Outline Preliminary Plans

By ROBERT BLOEM
An ambitious group of Indiana Republicans pushed ahead today with plans to induce GOP Presidential Nominee Thomas E. Dewey to "kick-off" his fall campaign in a Hoosier clover field. Sen. Homer E. Capehart formally made his bid yesterday to have the big kickoff take place at his Daviess County farm, scene of the historic cornfield rally of August, 1935.

The Senator also had hoped his Daviess County meeting, to which he flew party leaders and newsmen in a special plane, would prove a help toward uniting warring factions within the Indiana GOP. But observers at the session agreed that from that standpoint, the meeting was a flop.

About 30 persons attended the meeting at the Capehart farm. Nearly half of them were newspapermen and photographers.

Most conspicuous among the absentees were Gov. Gates and Robert Creighton, the party's nominee for governor in the coming election. They are leaders of the so-called Statehouse faction of the party whom Sen. Capehart had hoped to induce to join the Washington faction in the Dewey bid.

The senior Senator went ahead on his outline of the rally plans, however, and had an unofficial committee of eight named to investigate its possibilities.

Gov. Gates and Mr. Creighton were named to the committee along with Sen. Capehart, Sen. William E. Jenner, Rep. Gerald Landis (R. 7th Dist.), State Chairman Clark Springer, Lt. Gov. Rue J. Alexander and James Benham of Terre Haute, vice president of the Indiana Republican Editorial Association.

Mr. Springer, who is having trouble of his own trying to keep his job, was the only one there who raised specific objections to rally plans.

He told the gathering the idea was good but that he didn't want to get the party's official organization tied up in the promotion. He said every organization mem-

ber would be needed in the routine job of registering voters for the elections.

The committee agreed to check with Mr. Dewey before going too far with the plans to determine whether he would go along. The Hoosier plan calls for a two-day shindig, opening Friday, Sept. 11, in Indianapolis.

They hope Mr. Dewey will schedule a big meeting here with GOP senatorial nominees from all over the country and with Midwest congressional candidates that day. He would then ride his special train to Daviess County for the big rally which the Hoosiers hope would pull more than 50,000 spectators from Indiana and Kentucky.

Springer Fights Back
Shortly before taking off for Capehart Farms yesterday, Mr. Springer repeated his statement that he would continue to fight to stay on as state chairman.

He charged members of the Statehouse faction with willingness "to wreck the party for the factional desires of a few individuals."

"The party is big enough for everybody," he remarked at the conference, "and I'm going to continue to fight to see that every group within the party has a voice in its affairs."

OPTIMIST CLUB SPEAKER
A. E. (Pete) Jessup, Indiana Boys' School superintendent, will address the Indianapolis Optimist Club at noon tomorrow in Hotel Severin.

IN DRIVER'S SEAT—Sen. Homer Capehart took party leaders for a ride in tractor drawn wagons over his 1800-acre farm yesterday to point out its advantages as a spot for the kickoff of the national Republican campaign next September. In the wagon behind are Lt. Gov. Rue Alexander, Sen. William E. Jenner, Ruel Steel (standing) executive secretary to the governor, and Rep. Gerald Landis (R. 7th Dist.).

Wallace Gets Challenge to Reject Reds

ADA Scores Party As Tool of Soviet

Henry A. Wallace's third party was challenged today to renounce its "double standard of political morality" and disavow Communist support.

The challenge came from Americans for Democratic Action whose leaders once worked with Mr. Wallace under the New Deal banner of President Franklin D. Roosevelt.

In a statement presented to the new party's platform committee in Philadelphia, ADA denounced the Wallace movement as "an instrument of Soviet policy." It appealed to the party to "declare its independence of communism," but said there is little chance its advice will be heeded.

The ADA statement came on the heels of Mr. Wallace's charge that the indictment of 12 Communist leaders in New York is a Red-baiting attempt to promote a new fear of Russia. He said the indictment was "an attack on other minority groups."

Seek Dollar Gifts
The Wallaceites open their national convention in Philadelphia tomorrow. They will nominate Mr. Wallace and Sen. Glen Taylor of Idaho for President and Vice President, respectively, and adopt a platform urging peace with Russia and public ownership of essential industries.

Meanwhile, the Democratic National Committee laid plans for a "grass roots" campaign for money. But it refused to say how much it has now, or how much it expects to get in the coming drive.

National Treasurer Joe Blythe said:

"A single dollar contribution from a working man is a greater contribution and sacrifice for him than a big donation from a man of means. When a working man gives \$1 to the Democratic Party, that means he is on our side. He will vote for us and probably take some of his neighbors along."

Gov. Thomas E. Dewey has decided to make the nation's foreign policy a major issue in his campaign for the presidency, it was learned reliably today.

Blame Truman
The Republican presidential candidate is keeping in close touch with developments abroad through John Foster Dulles, his adviser on international affairs. And he is constantly seeking the views of Republican leaders.

Harold E. Stassen, who fought Gov. Dewey's nomination, discussed the "grave" Berlin situation with him at Quaker Hill yesterday.

Mr. Stassen said the entire Berlin problem was the result of agreements made by President Truman at Potsdam.

The Truman Potsdam decisions made it "impossible for a satisfactory administration over Berlin in Germany," Mr. Stassen added. He also assailed Russia's "obstructionist tactics."

Mr. Stassen pledged Gov. Dewey his "wholehearted support" and active participation in the campaign.

Army Fliers Not Same As Pilots Seen During War

By DALE STAFFORD, Times Special Writer
KEFLAVIK AIRPORT, Iceland, July 22—Memo to the fellow who was associated with the Army Air Forces during World War II: Today's pilots aren't the hell-bent, live-for-today, gamble-the-month's-pay-on-one-roll-of-the-dice individuals you used to know.

Instead they are family men intent on making good for the same reasons as Mr. Civilian—to provide for the present and future welfare of themselves, their wives and their children.

The 16 pilots of the 56th fighter group on the first west-to-east jet plane flight across the north Atlantic are outstanding examples of today's air force personnel.

Their average age is 28.1 years and 13 of the 16 are married. Of the 13 married men, nine are fathers.

And they talk and perform like a single poker game and we didn't see a pair of dice.

For five days I lived with these pilots in the wilderness of Labrador. Having started their historic flight, the pilots wanted to complete the mission in a hurry. But weather kept them grounded with little outlet for their energies.

But in five days there wasn't a single poker game and we didn't see a pair of dice.

Proposes School Enrollment at Birth

NEW YORK, July 22 (UP)—Every child should be enrolled in a public school the day of his birth, an educator said today.

Prof. Howard A. Lane of New York University said schools could in this way accept responsibility for knowing all about the child "instead of helping to promote later deficiencies which have to be corrected by clinics, reformatories, and other institutions."

Governor Fills Board Vacancies

Vacancies on the boards of trustees of several state institutions were filled today by Gov. Ralph F. Gates.

All posts on the bipartisan boards left open by expiration of four-year terms on July 19, were Democratic.

The Governor's action included both reappointments and the naming of new board members.

Those reappointed: Clifford V. Smith, Muncie, Indiana State Reformatory; Mrs. Edna Bingham, Indianapolis, Woman's Prison; Lewis P. Urschel, North Manchester, Indiana Boys' School; Edward Venshage, Evansville, Muscatatuck State School; Mrs. Agnes Morris, Princeton, Indiana School for the Blind.

Ralph Tresselt, manager and co-owner of the Peterharm Pharmacy, Evansville, was appointed to replace G. W. Schnute also of Evansville, on the board of trustees of the Evansville State Hospital.

Birdie Barticklow, Rising Sun, was named to the board of trustees of the Madison State Hospital to replace Mrs. William D. Rickette, also of Rising Sun.

Mrs. Eva Grigory, Bloomington, president of the State Legion Auxiliary, was appointed to the board of trustees of the Indiana Soldiers and Sailors' Home, Lafayette, to replace Mrs. Vaun Scott Seybert, Indianapolis.

Police Seize 4 Burglary Suspects

Find Two Boys Atop Coal Shed

Five police squads assigned to round up an alleged burglary gang, surrounded a house at 902 S. New Jersey St. at dawn today.

Acting on information that one gang member was "holed up" in the attic, police advanced on the house with tear-gas bombs. They knocked on the door vigorously. No answer.

"Come out or we'll come in after you," they shouted. Still no answer.

So they kicked in the door and searched the premises.

Then they learned the man they wanted had moved to 3839 E. Pleasant Run Blvd.

Finally, at that address, they arrested Max K. Lee, who offered no resistance. Lee was charged with vagrancy.

Earlier, Charles Beyl, 32, 1020 S. New Jersey, was seized by Merchant Policeman Elzie West who fired three shots at Beyl as he fled from the A. & M. Market at 1119 Shelby St.

Door Jammed Open
Officer West said the back door of the grocery had been jammed open. A small safe, pulled from its moorings, had been left behind by the intruder.

After quizzing Beyl, who was held on a vagrancy charge, police went to 1015 S. New Jersey St., where they found two boys, one 16 and the other 14, crouched atop a coal shed.

The youths, they said, ventured information leading them to Lee. Both boys were taken to the police juvenile aid division.
