

Three Injured Critically in Traffic Here

IPL Worker Struck At Rail Crossing

Three of seven persons injured in traffic crashes here last night and early today were in critical condition at General Hospital. Lester Ricketts, 35, of 2835 Lyons St., employee of the Indianapolis Power & Light Co., was removed unconscious from the wreckage of his truck about 6 a. m. today. His condition was reported as critical.

He was struck by a freight train of the Pennsylvania Railroad at the Holt Rd. and Troy Ave. crossing. The truck was demolished.

Careened Over

Three men and a woman were injured, one of them critically, in a three-car pileup in the 1100 block, N. Senate Ave. last night.

A car driven by George Linder, 30, of 333 Beauty Ave., first collided with a car driven by Charles E. Benton, 35, of Madison. Then the Linder car careened over and crashed into another car driven by John W. Thompson, 35, of 317 W. 21st St.

Thompson, who was arrested on a charge of having no driver's license, was seriously hurt and Linder, who was held on charges of reckless driving and failure to have a license, was slightly hurt. Listed as 'serious.'

Two passengers in the cars, Miss Catherine Hendricks, 21, of 1917 W. Michigan St. and Arthur Gridier, 30, of 1807 Bellefontaine St. were injured. Miss Hendricks was reported in critical condition and Mr. Gridier was listed as "serious."

Two boys riding on one bicycle were injured, one of them critically, last night when they were struck by a New York Central passenger train at the W. Michigan St. crossing.

They were Wallace Mosier, 13, of 742 N. Tremont St., and Harold Parker, 10, of 758 N. Tremont St. The Mosier boy was reported in critical condition.

Report Air-Conditioning Fails to Affect Heart

By Helene Service

WASHINGTON, Sept. 10—If you have heart trouble, stop worrying about going shopping or to a movie on a hot day because of the extreme change of temperature in air-conditioned places. This advice was given here today in a report to the American Congress of Physical Medicine.

Tests were made with ten healthy adult males and 21 men with heart trouble. There was no difference in their adjustment to a sudden change in temperature, Dr. Nathaniel Gluckman, of the University of Illinois College of Medicine in Chicago, told the Congress.

LIVING RIGHT—Charles Edward Sumner (right), Red Cross first aid director at the State Fair, yesterday snagged \$175 for identifying the Man of The Times, John T. Lippincott. "You are the Man of The Times," said Mr. Sumner as he handed Mr. Lippincott a copy of today's Times.

Around the World—

Armed French Police Guard Critical Assembly Session

Posted After Communists Attempt To March on Government Buildings

PARIS, Sept. 10 (UPI)—Powerful forces of armed French police and security guards were thrown about the National Assembly today in preparation for a vital vote of confidence on Premier-designate Henri Queuille.

Two days of sporadic Communist attempts to march on government buildings and stage demonstrations in the streets have followed the Communist manifesto calling on workers to impose a Communist-dominated government on France by force.

Police announced early today that 63 police and 10 Communist demonstrators were injured in a clash near the Renault plant on the Quai de Passy last night. Five plant workers were arrested.

A spokesman for Gen. Charles de Gaulle demanded that new French elections be held immediately. The spokesman condemned any coalition government that might attempt to delay the vote.

It was believed that Mr. Queuille, given an even chance of success in forming a moderate coalition government, would stand or fall on the issue of early French elections.

American Lutheran Society, the Hungarian ministry of interior announced, today.

The announcement said those under arrest were Bishop Lajos Ordasz, church superintendent Albert Ragyasy, and former secretary general of the church Sandor Varga.

They were charged with failing to report the money to the national bank as a foreign asset. It also was charged that the church intended to keep \$88,000 of the money in the United States.

(In New York, Dr. Franklin Clark Fry, president of the board of the American Lutheran Church, denied that \$500,000 had been sent overseas.)

Greece

FOREIGN Minister Constantine Tsaldaris said today that Greece would appeal directly to the United Nations for troops as a "last resort" to settle the frontier friction between this country and bands of Yugoslavs.

The friction had produced a new flareup in which the Greek minister said he reported a battle between Greek troops and Yugoslavs in the Greek frontier area.

The general staff said today that the number of Yugoslavs killed in the fight at Souda Wednesday had risen from nine to 20.

Sweden

THE foreign ministers of Denmark, Norway and Sweden have given tentative approval to the idea of a mutual Scandinavian military defense pact, it was reported today.

China

AN ironclad ban on the export of all commodities from Shanghai and reduction to 20 gold yuan—\$5 (U. S.)—as the limit in cash that anyone can take out of China was announced today as the government clamped the lid tighter than ever on economic controls.

Hungary

THREE high-ranking evangelical church officials have been arrested for "currency abuses" involving \$500,000 from the controls.

Stout Field Fire Hits Mess Hall

Damage \$5000; Fliers Eat at Ft. Harrison

A \$5000 mess hall fire at Stout Field today forced approximately 200 local airmen to eat their meals at Ft. Harrison temporarily.

The fire broke out in the mess hall kitchen about 9:25 a. m. while cooks were preparing the noon meal for base personnel. The public information officer said none was injured.

Assisted by two companies from the Indianapolis Fire Department, the Stout Field crash crew brought the blaze under control in about 20 minutes.

Confined to Stove Area

Base officers, who already have started an investigation, said the fire was confined to the area around the stove. The roof and the sidewalls of the kitchen were burned and water damage was extensive.

The cause of the fire which made the wood-frame and tarpaper structure unusable was not immediately determined. Investigators said they suspected a faulty fuse.

It was expected that the 200 officers and enlisted men who messaged at the building will be eating at Ft. Harrison for approximately a week.

New Building Planned

No plans for repairing the mess hall were being made because a new building is under construction and should be completed in the near future, according to the public information officer.

He explained that the airmen would be unable to eat at the civilian controlled restaurant at the base because financial arrangements could not be made immediately.

Charge Fur Workers 'Forced' to Aid Wallace

WASHINGTON, Sept. 10 (UPI)

Members of the CIO Fur Workers Union in New York are being "forced" to contribute to Henry A. Wallace's political campaign, according to Morris Goldiner, president of the Independent Fur Manufacturers Association.

The New Yorker made the statement in testifying before a House Labor Subcommittee now investigating charges that the union is dominated by Communists and has the city's fur industry at its mercy.

Uruguay Planes Crash

RIO DE JANEIRO, Sept. 10 (UPI)—Three planes of an 11-plane squadron that accompanied Uruguay President Luis Batlle Berres on a state visit to Rio De Janeiro crashed in flight last night while en route home.

Early reports said one plane was enveloped in flames, another disappeared and the crew of the third escaped. No mention was made of casualties.

Jet Exceeded Speed Of Sound, British Say

LONDON, Sept. 10 (UPI)—Britain claimed today to have exceeded the speed of sound for the first time with a jet plane.

The craft is a bat-shaped tailless De Havilland 106 research midwing monoplane with sharply swept back wings, tail fins and rudder.

Soviets Quit U. S.

NEW YORK, Sept. 10 (UPI)

Twenty-one members of the recently closed New York and San Francisco Soviet consulates, their suitcases bulging with American cigarettes, chocolate, soap, flour and sugar, were en route to Russia today aboard the freighter Nikolaev.

Confined to Stove Area

Base officers, who already have started an investigation, said the fire was confined to the area around the stove. The roof and the sidewalls of the kitchen were burned and water damage was extensive.

The cause of the fire which made the wood-frame and tarpaper structure unusable was not immediately determined. Investigators said they suspected a faulty fuse.

It was expected that the 200 officers and enlisted men who messaged at the building will be eating at Ft. Harrison for approximately a week.

New Building Planned

No plans for repairing the mess hall were being made because a new building is under construction and should be completed in the near future, according to the public information officer.

He explained that the airmen would be unable to eat at the civilian controlled restaurant at the base because financial arrangements could not be made immediately.
