Russ Warned By U.S. About Arms Policy

Austin at UN Defines Aim As Blocking World Reds

PARIS, Oct. 12 (UP)—The United States warned the Soviet Union today that the American re-armament program is being speeded to "stay the heavy hand of Russia's constant drive for world power."

U. S. Delegate Warren Austin made this statement in a speech before the United Nations Political Committee, which was considering a Russian proposal for immediate one-third disarmament by the Big Five.

Russian Delegate Andrei Vishinsky replied in a shouting, screaming speech of one hour and 57 minutes in which he made some of the bitterest charges ever heard in a United Nations meeting.

Takes Offensive

Mr. Austin had taken a leaf from Mr. Vishinsky's book. Instead of defending American policy, he took the offensive.

He denounced Russia for blocking a lasting peace, creating a threat to peace, refusing to cooperate in the United Nations, and frustrating a settlement of the Berlin crisis.

Admitting that the United States disarmed "too far and too fast" after World War II, Mr. Austin said this mistake was going to be remedied by a stepped-up armament program designed to protect against Russian aims of world domination.

Mr. Vishinsky came back fighting. Red-faced, waving his arms, pointing his finger accusingly at Western delegates, frequently raising his voice to a shriek, the prosecutor of the famous Moscow purge trials:

ONE: Asserted that Russia will give no information about her armed forces to the world until and unless the U. S. discloses the size of her stockpile of atomic bombs.

TWO: Accused the Western Powers of "making believe" that they wanted to prohibit the atomic bomb, while actually depending upon "this illegitimate queen."

THREE: Warned that "there is a reply for every weapon, gentlemen—don't forget that—there is a reply for every weapon."

FOUR: Accused the Western Powers of plotting with Nazi Germany to attack Russia in 1939.

FIVE: Attacked John Foster Dulles, Republican foreign policy adviser who frequently has been mentioned as a probable choice for U. S. Secretary of State if Gov. Thomas E. Dewey of New York is elected next month.

He said Mr. Dulles' New York law firm of Sullivan & Cromwell played a major part in building the war potential of Hitler's Germany.

SIX: Denounced the delegates of the U. S., Britain and France for "transgressing all permissible limits" in their "unbridled attacks" on Soviet Russia.

Meanwhile, a sub-committee of the Political Committee overwhelmingly approved the Western Powers' "plan" for international control of atomic energy, rejecting the latest Soviet proposal on this question.

By a vote of 8 to 2, with India abstaining, an 11-nation sub-committee favored a Canadian resolution which would suspend the work of the UN Atomic Energy Commission until the Big Five and Canada could find that "there exists a basis for agreement on international control of atomic energy."

100,000 Prepared To 'Defend' Paris

Special Force Trained In Case of Revolt

PARIS, Oct. 12 (UP)—The French government has organized a detailed plan to seize Paris within one hour in case of armed revolt, forestalling any rebel effort to take the capital, confidential reports said today.

A force of 100,000 loyal troops and police have been especially briefed and trained for this emergency by Jules Moch, hardboiled Socialist Minister of the Interior who has an equal dislike for Communists and De Gaulleists.

These reports said the plan would be put into effect whether the threat to the government came from the extreme left or the extreme right.

It was understood the plan has been polished since the Communist-led strikes last November and is fully prepared to meet the threat of the current Communist-led strike wave paced by a walkout of 350,000 coal miners.

Creighton Says Foes' Financial Plank Creaking

\$158 Million Deficit Seen if GOP Loses

Robert Creighton, GOP candidate for governor, tore into the Democratic state platform today charging it is so "inconsistent" that simple arithmetic will show it will create a financial deficit.

Speaking at a luncheon of Columbia Club members this noon the candidate declared provisions of the Democratic platform "would create a deficit of \$158 million in four years."

As guest of honor at the Republican club luncheon, Mr. Creighton declared:

"Indiana voters will decide Nov. 2 whether they favor the practical government pledged by the Republican platform or a return to McNutt's little New Deal, which my opponent (Henry F. Schricker) helped to foist upon the people of the state 16 years ago. Mr. Schricker has been running for office on the same platform ever since."

Says GOP Rebuilds

"The man who opposes me was made governor before the people could catch up with the New Deal and all the things it stands for."

"Fortunately, the people began to realize what the New Deal was doing to state government and gave our party control of the General Assembly while Mr. Schricker was still in office."

"We Republicans began at once to rebuild from New Deal political wreckage the kind of state government for which our party stands."

Mr. Creighton charged that his opponent has asked to be elected on a state platform "which out-New Deals the New Deal." He then voiced his feelings about the financial structure of the Democratic platform.

It was understood the plan has been polished since the Communist-led strikes last November and is fully prepared to meet the threat of the current Communist-led strike wave paced by a walkout of 350,000 coal miners.

Guard Awaits OK

To Expand '38th'

Plan Reorganization Of State Units

Indiana National Guard officers today awaited authority from Washington, D. C., to expand the 38th Infantry Division in compliance with the announced reorganization of the Guard's infantry and armored divisions to increase their fire power and mobility.

Gen. Howard Maxwell, state adjutant general, said that when confirmation came from the National Guard Bureau, a self-protected anti-aircraft artillery battalion with automatic weapons and a heavy tank unit would be added to the Hoosier division.

To Increase Divisions

Under the new reorganization policy, National Guard infantry divisions will be increased from the old peacetime strength of 13,000 men and officers to 14,000 and armored divisions will be increased from 9000 to 12,000.

Budget limitations have made it necessary to hold the strength of the 38th Division to 6000 men and officers, said Gen. Maxwell. However, he said he expects to be able to increase that number considerably when the move to set up the new units gets underway.

Announcing the reorganization plans in Washington, Maj. Gen. Kenneth Cramer, chief of the National Guard Bureau, said the move will be made in order to have Guard units set up under the same tables of organization as those of the Regular Army.

Hailed Into Court

The engine was left at the tourist court and its crew haled into Mayor Charles W. Burke's court.

The court assessed a total of \$100 in fines and confiscated the car and whisky. Shortly before noon, the Legion crewmen were still there, still undecided whether to pay the fines.

Dr. H. E. Moss of Indianapolis, one of those arrested, wired National Legion headquarters at his home town to put Attalla out of bounds. In turn, he said the headquarters had wired all delegations to Miami to bypass the town "now and forever more."

BLOOMINGTON, Oct. 12—Mrs. Eddie Hudson, who served as trustee of Perry Township while her husband, Fred O. Hudson, trustee, was in the Bloomington Hospital, has been named by the Monroe County Board of Commissioners to succeed him following his death last Wednesday.

Mrs. Hudson will have more than two years to serve.

Miners to Seek 4th Wage Boost

CINCINNATI, Oct. 12 (UP)—The United Mine Workers 40th convention today adopted a "fourth round" wage policy calling for a general pay boost, shorter work week, increased royalty fund and other improvements.

The convention's wage scale committee did not spell out the detailed demand. But the miners' president, John L. Lewis and a national policy committee have urged work week, increased royalty fund and other improvements.

Mr. Truman will arrive at 4:15 p. m. Friday in Indianapolis and will speak from the north steps of the Indiana World War Memorial at 8:30 p. m.

His final swing is set for Oct. 26 when he will cross the northern part of the state in a final burst of campaigning to get him self returned to the White House.

Mr. Dewey will return to Indiana Saturday for a morning rally at Rensselaer, home town of Indiana's second district Congressman Charles Halleck, floor leader of the House of Representatives.
