County Accidents Reach 109 Within 48 Hours On Slippery Highways

Rail Victims Hurlled Mile Down Track Near Kouts; Trolley Injuries Fatal to Local Man

Indiana's traffic fatality toll rose to 13 this week-end as slippery highways increased driving hazards. One train-auto crash claimed five lives.

Indianapolis and Marion County were free of fatal accidents, although 102 accidents occurred in the city and seven in the county in 48 hours.

One Indianapolis man died as the result of injuries received when he was struck by a street-car Thursday.

Dies in Hospital—Edgar Joseph Harris, 66, of 233 Hiawatha St., died last night in General Hospital. He had been a patient there since he was struck by an Indianapolis Railways streetcar in the 700 block of W. Washington St. Operator of the car was Melvin Rainey, 102 N. Elder Dr.

An entire family died in the train-auto accident near Kouts, in Porter County yesterday. The family was en route to the home of relatives who were to accompany them on an outing to Dunn's bridge on the Kankakee River.

Holy Land War Flares Openly In North Area

Jews Report Arab Capital Cut Off

TEL AVIV, Oct. 18 (UP)—The renewed war in Palestine spread today from the southern to the central front when Arab artillery shelled a town northeast of Tel Aviv, an Israeli communiqué reported.

The Israeli government reported that Iraqi artillery shelled Jewish-held Kfar Yavitz, some 10 miles east of Natanya, the coastal diamond center, and along the Arab "dangerous triangle" flanking Tel Aviv to the northeast. At least 15 shells landed near the town, the communiqué reported.

Israeli army sources reported today that Israeli troops have won a major victory in the four-day-old Negev battle by slicing through Egyptian lines and capturing an important height in the desert.

The victory was two-fold, the Israeli said. It cut off the bulk of Egyptian front forces from their main base at Gaza and opened a supply line to besieged Jewish settlements in the Arid Negev desert area of southern Palestine.

Gaza is the seat of the new Arab government for Palestine, recently proclaimed by the Arab higher committee, and is the main town of south Palestine.

UN Mediator Warns—Jews to Accept Truce

PARIS, Oct. 18 (UP)—Acting United Nations Mediator Ralph J. Bunche threatened today to call Israel before the United Nations Security Council unless its government agreed to his demand for a cease-fire in Palestine.

He said Egypt already had agreed to an armistice if Israel will do the same.

Mr. Bunche delivered his ultimatum last night in a face-to-face conference with Israel's Foreign Minister Shertok, who is attending the United Nations general assembly here.
