### Fee Is \$20 Now For Eating 'Hopper'

TUCKER, Ga., Oct. 27 (UP)—Grasshopper-gulping got caught up in the inflation spiral today.

J. W. Drummond, 16-year-old Tucker high school student, ate a "hopper" on a \$20 bet with another student—the highest fee yet reported in the newest undergraduate fad.

"Tasted like live grass," Drummond said.

### Jewish Editor to Talk

Dr. Chaim Greenberg of New York City, editor of the publication, the Jewish Frontier, will address the dinner meeting of the Beth-El Men's Club at 8 p. m. today in its temple at 34th and Ruckle Sts.

### GO TO SESSION

Two Indianapolis men, George E. Frank and Theodore R. Dann, will attend the annual meeting of the national finance council of the National Jewish Welfare Board Nov. 5, 6 and 7 in Louisville.

### Bus Strike Pickets Defy Union Chief

NEW YORK, Oct. 27 (UP)—Strikers threw picket lines around garages of seven bus lines today in an effort to continue the city's worst bus strike.

Michael Quill, president of the Transport Workers Union (CIO), who has ordered the 8500 striking drivers to return to work, charged the move was instigated by Communists trying to prolong the strike "to keep the city in turmoil and have it that way on election day."

The pickets were sent out by arrangements.

### Canada to Refortify Coast, Paper Asserts

HALIFAX, N. S., Oct. 27 (UP)—Canada's east coast will soon be refortified with long range, radar-equipped coast artillery guns, the Halifax Mail said today.

First steps in the rearmament program were taken last week, the newspaper said, when an order from Ottawa halted demolition of fortifications on McNab's Island at the entrance to Halifax Harbor.

### Critics Hail This Season's Symphony as 'Best Yet'

By HENRY BUTLER

For his 12th season with the Indianapolis Symphony, Fabien Sevitzy has assembled probably the best orchestra the town has ever had.

That's the consensus of the lucky few who have managed to catch rehearsals in the Murat this week.

Orchestra members, always, seven o'clock, will tell you in rehearsal intermission that Dr. Sevitzy's 1948-49 ensemble is remarkably smooth.

Yesteryear's rehearsal, second and dramatic effect. Woodwinds ly to Tchaikovsky's Fifth Sym-

phony, which will be the major work on Dr. Sevitzy's programs at 8:30 p. m. Saturday and 3 p. m. Sunday.

In the "Hoosier accent" the maestro likes to kid and be kidded about, he called for "sing-link tons" from the strings. The strings, led by Leon Zawisza, concertmaster, with his recently acquired Stradivarius, duly produced singing tones as rich and sonorous as you'll hear from any orchestra.

Brasses this year are more golden-toned and precise than a

Strad, so can we."

Some have gags to spring on you, like Ralph Lillard of the percussion section. Pointing to a newly varnished rack for the crash symbols, Mr. Lillard will tell you: "Here's a Stradivarius trap-stand. If Zawisza can have

golden-toned and precise than a

Strad, so can we."
