

# Truman Heads East; 2 Stops in Indiana

## Expects Lots Of Red Faces In Washington

### Happy President 'In Great Form'

EN ROUTE WITH PRESIDENT TRUMAN, Nov. 4 (UP)—President Truman began his triumphal return to Washington and four more years in the White House at 8 a. m. (Indianapolis Time).

The man from the "Show-Me" state who showed the world with his stunning victory at the polls boarded his special train at Independence, Mo., with his wife, Mrs. Bess Truman, and daughter, Margaret.

### "In Great Form"

The President was in great form at the railroad station. "There's going to be a lot of red faces in Washington," he told the thronging crowd.

He joked with reporters and photographers and shook hands with friends, among them H. R. Burgess, an expressman at the Independence station.

As he shook hands with Mr. Burgess and flash bulbs popped, Mr. Truman laughed and said: "It's terrible for an old rabbit like you to get all this advertising."

The sendoff crowd was smaller than usual, mostly because Independence had virtually knocked itself out the last two nights listening to the election returns and then celebrating Mr. Truman's remarkable victory.

His home town gave him a tremendous show here last night with a noisy reception on the steps of the Jackson County Courthouse where he began his political career two decades ago.

More big celebrations were in store as his train rolled eastward. His train was to make two five minute stops in Indiana, one at Vincennes at 5:04 p. m. and the other at North Vernon at 7:21 p. m.

A tremendous reception was anticipated upon his arrival at Washington at 10 a. m. Indianapolis time tomorrow.

## Feminine Side of Congress Gains Member in Voting

WASHINGTON, Nov. 4 (UP)—There will be two more noses to be powdered in the 81st Congress.

The congressional election upset carried eight women into the House, one more than before.

In addition, a woman goes to the Senate—Mrs. Margaret Chase Smith, Maine Republican.

The Democratic sweep apparently meant that one veteran woman House member, Rep. Mary T. Norton (D. N. J.) will be known again as "Madam Chairman."

Mrs. Norton, first elected in 1924 and never defeated, can wield the gavel over the House Administration Committee if she wants the job. She is the committee's ranking Democrat.

Or, she may try to reclaim the chairmanship of the Education and Labor Committee—a post she held for several years prior to the 1946 Republican congressional sweep.

Of the seven women House members in the 80th Congress, four others retained their seats. Two of the victors are newcomers and one recaptured a seat she lost in 1946.

The first-timers are: Reva Beck Bosone (D. Utah), an attractive red-haired Salt Lake City police judge, who defeated incumbent Republican William A. Dawson.

Mrs. Cecil M. Harden (R. Ind.), a 53-year-old former school-teacher who stood off a Democratic trend in Indiana to beat Jack J. O'Grady, her Democratic opponent.

Mrs. Chase Going Woodhouse (D. Conn.), who staged a comeback, turning out incumbent Republican Horace Seely-Brown Jr., who had defeated her in 1946.

Women were Reps. Helen Gahan Douglas (D. Cal.), former movie and stage actress.

Edith Nourse Rogers (R. Mass.), a veteran of 24 years service and chairman in the 80th Congress of the House Veterans Committee; Frances P. Bolton (R. O.) and Katharine St. George (R. N. Y.).

## Barkley Assails Professional Polls As Propaganda

PADUCAH, Ky., Nov. 4 (UP)—Vice-President-Elect Alben W. Barkley hadn't quit fighting today just because he got elected to the second highest job in the United States.

He took a few swings at the professional polls, after he finished with the Republicans.

The "home town" boy who made good more than 40 years ago was the cause of a wild victory celebration late yesterday in Paducah. But even before the celebration was over, Mr. Barkley took time out to charge that the polls "misled" the people as to what will happen.

THE SENATOR from Kentucky said this is the second time the people have been misled by polls in a presidential election. He referred to the Literary Digest poll which wrongly predicted an Alf Landon victory in 1936, and the Gallup and Roper polls this year which said Gov. Thomas Dewey, the Republican nominee, would win easily.

Sen. Barkley declared, "the evil of such polls is that they present propaganda. Perhaps the pollsters are not going to the right people."

As he shook hands with Mr. Burgess and flash bulbs popped, Mr. Truman laughed and said: "It's terrible for an old rabbit like you to get all this advertising."

## West Europe Hails Truman's Vote Victory

### Boredom Is Reaction Behind Iron Curtain

LONDON, Nov. 4 (UP)—Diplomats from Norway to Greece cheered President Truman's election today as a guarantee there would be no change in American foreign policy.

Western Europe, bent on rearmament and recovery, also gratefully hailed the victory of Mr. Truman as a forerunner of continued American aid.

The Iron Curtain countries indicated boredom was their only reaction.

Premier Einar Gerhardsen of Norway said the victory would serve to stabilize U. S. foreign policy, a statement that was echoed by the Greek press.

But the Communist view was that both major candidates were tools of imperialist American capitalism which was seeking to liquidate the last vestige of democratic freedom in the U. S. and unleash a new war.

Shows Russians Those who welcomed the victory said it would reveal to the Russians that there is no doubt about American policy toward Moscow and that there will be no brake on organization of anti-Communist economic and military blocs.

Semi-official reaction in Whitehall was that Mr. Truman would feel justified in proceeding at full speed with his plans for financing the military phases of the Western union agreement.

One Whitehall source said: "The return of Truman means we know where we are."

Other reaction: PARIS—United Nations delegates predicted that Mr. Truman now is "on his own" with a firm mandate from the people to end the wavering of American foreign policy.

ROME—American election news forced other news to the inside pages of Roman newspapers as sales skyrocketed.

VATICAN CITY—A Vatican source said "the splendid electoral campaign proves the American people are politically mature."

MOSCOW—The newspapers Izvestia and Pravda reported Mr. Truman's election briefly on the last pages—without comment.

PROCESS CLEARS SALT Salt-containing crude petroleum is cleared of this impurity by a process which involves passing a heated mixture of the crude and water through a bed of fiber glass; when the water is separated out, it carries the salt with it.

## Experts Say Polls Missed Lower Economic Groups

### Error Didn't Matter in Landslides, but Shows Up in Close Contest, They Point Out

CHICAGO, Nov. 4 (UP)—Two authorities on public opinion surveys today blamed two basic flaws in prediction procedures for the failure of political polls to pick the winner in Tuesday's general election.

The experts were Clyde W. Hart, director of the National Opinion Research Center, and Philip M. Hauser, professor of sociology, both at the University of Chicago.

The polls failed, said Messrs. Hart and Hauser, because they did not use the best methods for scientific sampling, interviewing and analysis, and because the pollsters were not careful enough in interpreting data into forecasts of behavior.

Poll samples did not give enough representation to the lower economic groups, said the experts. In past presidential elections, that error resulted in understatement of the Roosevelt vote, which was not noticed because the polls picked the right winner.

This Election Closer But Tuesday the error was disastrous, said Messrs. Hart and Hauser, because the election was closer and because the error was "in the wrong direction."

Another possible source of error Tuesday was under-representation of the farm votes, said the experts. Too many of the "rural" voters sampled may actually have been suburbanites, they said.

Messrs. Hart and Hauser blamed the polls' failure to predict President Truman's success in Iowa on that lack of rural population in the sample votes.

Mr. Hart's National Opinion Research Center makes surveys on social, political and economic questions, but does not do election forecasting.

## Magenheimer Wishes Successor Best Luck

Sheriff Al Magenheimer today issued a statement, congratulating his successful opponent, James F. Cunningham, Democrat, in the race for sheriff.

"I wish Mr. Cunningham success during his term in the sheriff's office for the next two years," Sheriff Magenheimer said. "I also thank the many thousands of friends who worked in my behalf during the campaign."
