## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 8 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Irregular or painful elimination sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 18 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## China Goes Under Rule of Military

Martial Law Covers Nanking, Shanghai

SHANGHAI, Nov. 11 (UP)—

The Nationalist government imposed martial law today on the entire lower Yangtze Valley, including Shanghai and Nanking, in effect converting the Chinese heartland into a forward war zone.

Threatened with disaster, Generalissimo Chiang Kai-shek suspended civil rights in a vast stretch of China as Communist armies struck for the gates of Nanking and hunger riots spread.

Along with martial law, the government ordered a nightly curfew from 11 p. m. to 6 a. m. in the rich valley from Shanghai to Nanking and on northward to Communist-threatened Pengpu and south to Hangchow.

Defenses Crumble

The measures were the sternest since the Japanese occupation. The drastic measures were invoked as Nationalist defenses crumbled on the approaches to Nanking and Communist columns rolled over the weakened Kuomintang bastions.

The Communists claimed victories on all sides of Suchow, strategic rail junction 200-odd miles northwest of Nanking. But the official Central News Agency reported government successes in some sectors of the central front around Suchow, and said the city itself was normal.

Wholesale Exodus

A wholesale exodus from Shanghai and Nanking took on the appearance of a mad scramble after U. S. Army dependents and leaving by plane and ship.

Dependents in Nanking were ordered flown to Tsingtao, where the U. S. Seventh Fleet is stationed and where ships are waiting to carry them home.

Allied headquarters in Tokyo ordered three Army transports to head for Shanghai and turn over their passenger space to Americans ready to get out of China. Some 100 U. S. dependents left China last week, and 450 others had been ordered out.

On the economic front, the Central Political Council decided to readjust the exchange rate of the gold yuan to 20 to one U. S. dollar, making the gold yuan worth 5 cents American. When it was introduced about three months ago, it was worth 25 cents.

## Shift to High

Even car thieves are fussy these days.

This was proven last night, when burglars entered the showrooms of the K. W. Carr Motor Co., 501 Virginia Ave., moved a \$1700 car in order to drive off a sleek, new Chrysler valued at \$3000.

Ralph Hayes, 63, of 1666 Naomi St., service manager, who discovered the theft this morning, said it was the second time in a year that a new car had been taken from the showroom floor.

## Hog Prices Here Dip Again; Extreme Top Set at \$23.25

Stockyards today, averaging from 25 to 50 cents a hundredweight under yesterday's average. Although all other livestock remained steady with yesterday, May 20, when the top was also hogs sold at \$22.75 to \$23, with \$23.

## The Harry Trumans Get Notice to Move

WASHINGTON, Nov. 11 (UP)—The Trumans got notice today that they'll have to move out of the White House shortly after their return from their Florida vacation Nov. 21. The President, Mrs. Truman and their daughter, Margaret, probably will have to live across the street in the state department's Blair House for the next year or more, because the White House is undergoing major repairs that won't be completed until late 1949 or early 1950.
