# Berlin Crisis Must End Now or Not at All, Says High American Source

Fears Delay Will Result in Permanent Division of Former Capital Into 2 Cities

A high American source warned today that the Berlin crisis must be settled soon or not at all. This source confirmed the Western power view that the Berlin situation is deteriorating so rapidly that only an immediate solution will prevent the virtually permanent division of Berlin into two cities.

The West does not take the position that a solution is impossible, this source said. But he added that the point is being approached rapidly where a continuation of the present trend toward two cities will make it impossible to introduce the Soviet mark as a single currency for the entire city.

He added ominously that the trend is going that way very rapidly. This source also said Soviet action in Berlin during the past two months, aimed at further division of the city and its administrative operation, has introduced a new element into the picture.

## Moscow

Mrs. Eleanor Roosevelt was compared to a fly today in a Paris dispatch in the government paper Izvestia.

The paper reported her statement before the subcommittee on human rights in the United Nations in which she said that the Soviet constitution is "only of pure propaganda significance." Izvestia said the Soviet constitution, with its broad human rights, is like the sun, which a person like Mrs. Roosevelt cannot darken.

"Can a fly eclipse the sun?" the paper asked.

## Marburg, Germany

An American official reported today that black marketeers had harvested millions of dollars worth of property and cash in this panhandle of the U. S. occupation zone and taken it into the Russian zone.

The official said a campaign had been going on to smash the ring. Its operations reach over into other zones than the American, and most of the profits go to the moviehouse, he added.

## Paris

Andre Vlahinsky of Russia attacked the United Nations special committee on the Balkans today as a collection of illegal detectives and amateur Sherlock Holmes.

Mr. Vlahinsky spoke in the General Assembly as it neared the end of debate on assistance to the Greek guerrillas by Albania, Yugoslavia and Bulgaria. He repeated charges of threats to Greece's political and territorial independence, and again said the report of the special committee was nothing but junk and garbage.

## Berlin

The Red Army newspaper Tagliche Rundschau said today that present American foreign policy, if continued, will "unavoidably lead to a new war."

The newspaper reviewed American foreign policy during and since World War II, and said that a "remarkable change" in it was responsible for the failure of allied co-operation.

Blaming Wall Street for the change, the paper said wartime co-operation with Russia was only a temporary expedient and that American finance always had been the bitter enemy of the Soviet Union.

## Texaco Chairman Denies 'Rumor' of Resignation

NEW YORK, Nov. 27 (UP)—W. S. S. Rodgers, chairman of the board of the Texas Co., today issued a formal statement denying "one word of truth in the rumor" Harry T. Klein was to become chairman and James Y. Forrestal, defense secretary, president of the company.

Earlier this week, the daily oil publication Oilweek printed a Washington dispatch quoting "authoritative sources" as saying Mr. Forrestal would become president of the Texas Co. upon his resignation from the cabinet and that he would succeed Mr. Klein, who was to become chairman. Mr. Rodgers, according to the publication, was slated to resign.

## Another Robin Hood?

STRACUSE, N. Y., Nov. 27 (UP)—Police reported today a thief took \$6 worth of toys from a drug store and distributed them to neighborhood children. Patrolman Francis Carroll said parents returned all the toys except one—a white toy dump truck worth 50 cents.

## N. Y. Dock Strike Pact Due Today

Unloading of Ships Expected Tomorrow

NEW YORK, Nov. 27 (UP)—Unloading of strike-bound ships in New York harbor will be resumed tomorrow if a majority of the 45,000 East Coast Longshoremen vote in favor of a proposed new contract today.

Joseph P. Ryan, president of the AFL International Longshoremen's Association said he expected his men to ratify the pact and end the 18-day walkout despite protests by isolated rebel locals.

In a meeting described by Mr. Ryan as a Communist attempt to keep the strike going, 2000 Brooklyn dockers last night rejected the 13-cent hourly wage increase which union negotiators and shippers agreed to Thursday.

3500 Jump Gun Nevertheless, 3500 Philadelphia dockers jumped the gun and voted a day early in favor of the agreement. Men at Hampton Roads, Va., already have accepted a 10-cent agreement negotiated Nov. 9 and are virtually certain to accept this one.

CIO stevedores on the West Coast vote today and tomorrow on a new contract that would bring them a 15-cent hourly boost and end the 87-day stoppage.

Herbert Hoover. He became a member of the Phi Kappa Psi Fraternity there.

In 1899, he and his wife, Mrs. Clementine Russell, whom he met at Stanford, were married. He repeated charges of threats to Greece's political and territorial independence, and again said the report of the special committee was nothing but junk and garbage.

Central Rubber & Supply Co., which he had guided for more than half a century, will be closed in his memory Monday.

## 23 Escape as Fire Hits Apartment House

HARRISBURG, Pa., Nov. 27 (UP)—A general alarm fire gutted a three-story frame apartment house today but all 23 residents escaped safely, some down fire ladders.

One mother dropped her young daughter from a second-floor window into the arms of a passerby below. A crippled woman was carried from the building by firemen.

Police said witnesses told them that a man was seen tossing a lighted match into a can of kerosene shortly before the fire was discovered by two residents who lived on the third floor.

## Insurance Firm Names Loans Chief

Robert G. Hatfield has been placed in charge of all Indianapolis loans and real estate of the American United Life Insurance Co., Frank H. Dunn, vice president in charge of the loan and real estate division, announced today.

Carl J. Gets, formerly with this branch, has resigned, effective Dec. 31.

## Fumes Kill Three

MARIETTA, O., Nov. 27 (UP)—A defective gas burner was blamed today for the death of Mrs. Edward Schoppner Jr., 28, and her two children in their home in nearby Marietta. The bodies were found by the husband when he returned from work yesterday.

The average stainless steel beer barrel has a useful life of over 10 years. During its life it is cleaned and refilled more than 200 times.

## Need a Stick to Measure Depth of Chuckhole

Robert Case, 5707 Greenfield Ave., and Forrest Bruce, 5735 Greenfield Ave., use a stick to measure the depth of a hole in Audubon Rd. near Brookville Rd., where a sewer was recently constructed. The contractor said the street would be repaired by tonight.

## Kidnaped, Robbed by Two Soldiers, Local Man Reports

Held Captive During 10-Hour Auto Ride

An Indianapolis machinist told Cincinnati police today that two soldiers commandeered his automobile last night and held him captive during a 10-hour ride through Indiana and Kentucky. James C. Rector, 35, of 135 N. Park Ave., reported his captors jumped from the car in downtown Cincinnati shortly before 8 a. m. today after robbing him of \$160.

Mr. Rector said he picked up the soldiers who wore 1st Army division patches in a Jeffersonville restaurant and agreed to drive them to Indianapolis. Near Franklin, Ind., he said one of them pressed a hard object against his neck and the other took the wheel of the car.

"They told me to keep quiet and I wouldn't get hurt," he told Cincinnati authorities. The men suggested driving to Louisville, but later changed their minds and headed for Cincinnati, Mr. Rector said.

"When we ran into fog, they made me drive for a while," he said. Before releasing him in the downtown area of Cincinnati, the soldiers took \$160 from his wallet, but returned \$20 to let him "get back home on," he said. "They let me keep my wrist watch, too, when I told them my dead father had given it to me."

A machinist at the McQuay-Norris Manufacturing Co. here, he lives with his mother, Mrs. Nannie G. Rector, at the Park Ave. address.

Mr. Rector said today her son left at 11 p. m. Thursday night to visit his brother, Richard, in Webb Cross Roads, Ky. He had expected to return tomorrow, she said.

Mr. Rector had received his pay check Wednesday and had intended to borrow \$100 from his brother, his mother said.

## 23 French Rightists Sentenced to Prison

PARIS, Nov. 27 (UP)—Twenty-three members of the pre-war rightist revolutionary organization Cagoule were sentenced to prison terms ranging from one year to life last night.

Eleven others were acquitted. Four were sentenced to four months each but granted an immediate amnesty.

## ECA to Step Up Europe Spending

WASHINGTON, Nov. 27 (UP)—The Economic Co-Operation Administration had a green light from President Truman today to speed up spending for European recovery.

Congress originally gave the Marshall Plan agency \$5,055,000,000. But it authorized the President to let the agency spend everything in 12 months if he considered such action necessary.

ECA Administrator Paul G. Hoffman told the President in a letter Oct. 29 that he thought general recovery in Europe would benefit more by accelerated spending now.

Mr. Truman agreed late yesterday that the "pressing needs" of Europe dictated such a course. His action clears the way for Mr. Hoffman to ask the new Congress for a deficiency appropriation of \$1,250,000,000 for the April-June period.

## CIO to Stage Big Organizing Campaign

New Drive Aimed at White Collar Workers

By WILLIAM JACOBS  
Seattle-Herald Staff Writer

PORTLAND, Ore., Nov. 27—The CIO is about to launch a drive designed to make it the "greatest influence for good" in the United States.

President Philip Murray told convention delegates here this is what they must do within the next 12 months:

ONE: Stage a great organizing drive.  
TWO: Put the CIO house in order, and this means further reduction of the little remaining Communist influence.

THREE: Form a strong working alliance with the Democratic Party, the AFL and all other right-thinking groups to work for the benefit of all the people.

Face Big Task This is a big order, but the delegates believe anything can happen in this day of miracles, which they say the Truman election ushered in.

The CIO's legislative program adopted here largely parallels the Democratic Party platform. It calls for repeal of the Taft-Hartley law and restoration of the Wagner Act. It also calls for aid to education, housing and health measures. It supports the Marshall Plan and the government's foreign policy.

The CIO is willing to get a helping hand from the AFL and other labor organizations but nothing that has been said at this convention can be interpreted to mean that Mr. Murray is looking for a way "back into the house of labor," as William Green puts it.

Seek White Collar Groups The organization work which CIO leaders contemplate will be aimed chiefly at bringing millions of unorganized white collar workers and government employees into the CIO fold.

Because the two unions which now have jurisdiction over these employees have failed in their mission, machinery has been set up which will make a structural shake-up possible. These unions are the United Office and Professional Workers and the United Public Workers.

Along with the organization work the CIO looks for another round of wage increases, with added emphasis on social insurance and pension schemes.

The job of setting the CIO's house in order is already well under way, and it is safe to say that the executive board will be ready to give tardy unions a healthy prod. They have been voted virtual purge power.

## Hoosier Girl Shares in Top National 4-H Club Honors

Ruth Clinton, Odon, Cited for 5 Projects; Colorado Youth Also Wins Coveted Prize

CHICAGO, Nov. 27 (UP)—An Indiana girl and a Colorado boy held top honors in the national 4-H club achievement program today. Silver trophies awarded by President Truman and \$200 scholarships went to Ruth Clinton, 20, Odon, Ind., in Daviess County, and Dick T. Brown, 18, Olathe, Colo., for their club work.

Runners-up in the achievement competition were Randall Peterson Jr., 20, Groton, S. D., and Maryelaine Ely, 18, Gary, Colo.

During the 11 years Miss Clinton has been in club work she raised 1800 chickens and cared for several acres of land. She was cited for five projects which included the making of 201 garments for herself and family at an estimated saving of \$800.

Graduated in 1947 The daughter of Mr. and Mrs. Walter Clinton, she was graduated from Odon High School in 1947. Since then she has been employed at the naval ammunition depot, near Bedford.

Miss Clinton's 4-H work previously won her trips to the Indiana State Fair and to the National 4-H Congress in 1946. A freshman at Colorado A & M college, Mr. Brown has been in 4-H work nine years. He began in 1940 with five pure bred Cornish ewes and now owns a flock of 125 and two stud rams.

Officials said Mr. Brown developed a feeding technique which entitles him to rank with adult farmers. Other Awards Given Four-H citizenship awards, including \$200 scholarships, went to Burton O. Besch, 17, Chino, Mont., and Beverly Runnels, 16, Brazoria, Tex.

The awards were made at the 27th National 4-H Club Congress, meeting here in conjunction with the International Livestock exposition, which opened today.

## Native Red Troops To Grab South Korea

SEOUL, Korea, Nov. 27 (UP)—More than 200,000 veteran Communist troops, mostly Koreans, have returned to North Korea from the Manchurian campaign to replace withdrawing Soviet troops, it was reported today.

Premier Lee Bum Suk of South Korea said he received this report in a letter from Chung Sang Chin, former vice minister of agriculture in the Soviet-sponsored government of North Korea. Chung fled North Korea and sought refuge in South Korea.

The premier said Chung wrote that the North Korean people army will start marching into South Korea on the day the United Nations General Assembly in Paris is concluded.
