Churchmen Turn Builders To Help Fellow Member

Friends Sacrifice Week-Ends to Aid Butler Chemistry Teacher Erect New Home

Donald Wittig's new concrete block house near Mooresville will stand as a symbol of friendship among churchmen when it is completed.

Mr. Wittig, who teaches chemistry at Butler University and sings solos on Sundays in All Souls Unitarian Church, undertook to build his house. But the weather "caught up with him."

He sent out an SOS to his fellow churchmen and they responded. One day Thanksgiving Day and for the past six weeks, members have taken hammers and saws and have done their bit to help Mr. Wittig.

Leaders among the volunteer builders include Darrell Snyder and his 11-year-old son, David. David has displayed skill at nailing on sheeting.

Work Can Go Forward

Enough of the house now is finished for safe storage of tools and for construction to go forward in spite of winter winds and rain.

The church, determined to help its member "get a roof over his head," published this note in the congregational bulletin: "Any man or woman who wishes to be a brother to Donald, please call Darrell Snyder, BR-5401."

Presbyterian Men To Hear Minister

Men of the Tabernacle Presbyterian Church will present Dr. Arnold Hilmer Lowe of Minneapolis in an address on "Hope of Security in a Stormy World" Friday at a 6:30 p. m. dinner for men of the city in the church building.

Dr. Lowe is a native of Switzerland who traveled over Europe last summer and attended world Christian conferences at Amsterdam and Geneva. The speaker came to the United States at the age of 16 and later served as a missionary to Africa. He now is the pastor of the Westminster Presbyterian Church in Minneapolis.

The church has a membership of 3000, a yearly budget of more than \$200,000 and owns a large hospital. Men of all the Presbyterian churches in Indianapolis are making reservations for the dinner. Dr. Lowe will be an honored guest at a reception preceding dinner.

They include C. G. Pearce of J. L. Case Co., Racine, Wis.; Rep. William S. Hill (R. Colo.); Merrill D. Graham, Concord, Mich.; Fred L. O'Hair, Greencastle; Dr. Earl Buz, Purdue University, Lafayette; Dr. Donald Laird, Lebanon; C. E. Diller Jr., Princeton, Ill., and George Bowie of Firestone Tire & Rubber Co., Akron, O.

Blessed Sacrament Chapel Plans Night-Long Prayer

Catholics to Begin Program Friday

By EMMA RIVERS MILNER Times Church Editor

The Blessed Sacrament Chapel which adjoins St. Peter and Paul's Catholic Cathedral will stand open for prayer all night the first Friday of each month beginning this week.

The Blessed Sacrament will be exposed on the altar for the veneration of any who come to kneel in the quiet little chapel.

It is expected that men and women will pray for God's blessing on the city, the archdiocese, the United States and the whole world. Thus also it is hoped by the sponsors that Catholics will strive to make preparation for any coldness or indifference persons may have shown toward the Eucharist and for sins committed during the night.

The nocturnal adoration is an old devotion which began in Rome in 1810 and was inaugurated in this country 72 years

later. It is being started in the Blessed Sacrament Chapel with the approval of the Most Rev. Paul C. Schulte, archbishop of Indianapolis. The Te Deum International with James Fleetwood as chairman of the special committee is the sponsor.

Mr. Fleetwood is registering persons and the hour when they expect to be present in the chapel for the first night of adoration.

The chapel always is open all day on the first Friday of the month. The Rt. Rev. Msgr. Raymond R. Noll, cathedral pastor, therefore, said the new devotion will simply extend the period of prayer and adoration throughout the night.

Educator to Talk

Prof. A. L. Haddon, principal of the Bible College of Dunedin, New Zealand, and head of the church history department in the University of New Zealand, will give a series of six lectures for faculty and students of Butler University School of Religion and guests Nov. 30, Dec. 1, 2 and 3.

New Map Holder Saves Motorists Time, Trouble

By Science Service WASHINGTON, Nov. 27—Navigating your car with the aid of a road map need no longer be a two-man job, with one to hold the map and one to do the driving.

A road-map holder, on which U. S. Patent 2,454,139 has just been granted here to Linus J. De Muth of Fresno, Cal., will take an ordinary road map, will hold it conveniently above the dashboard instruments which he will be consulting from time to time anyway.

A set of prongs on a roller grips the edge of the map, and a ball-bearing mounting at one end permits it to be swung into any desired position.

Veterinarians to Meet

Central Indiana Veterinary Medical Association members will hear a talk by Dr. H. L. Decker of Richmond at their dinner meeting at 6 p. m. Wednesday in the Warren Hotel. Dr. Robert J. Hopkins is program chairman.
