Services Merger Held

WASHINGTON, Jan. 1 (UP)—Secretary of Defense James Forrestal tonight announced a unification saving of \$34.5 million last year.
He said the Armed Services saved that much through consolidation of certain activities.
Secretary Forrestal ordered a nation-wide drive among the Armed Forces for further economies through unification of operation.
Lt. Gen. LeRoy Lutes, munitions board deputy chairman and staff director, expressed confidence that at least as much can be saved next year as last.
MADE FORESTRY CHIEF—**WASHINGTON, Jan. 1 (UP)**—Secretary of Interior J. A. Krug today announced the appointment of Walter H. Horning, Portland, Ore., as chief of the Division of Forestry in the Bureau of Land Management.

Harness Committee Scores FCC for Radio Guidebook

WASHINGTON, Jan. 1 (UP)—A special House committee today charged the Federal Communications Commission with exceeding its authority in attempting to regulate radio program content.

The committee said the commission was "without power and authority" to issue the so-called "Blue Book" on the public responsibility of government-licensed radio stations and chains.

It added that the "Blue Book" was a "deliberate step toward government control of radio."

The commission's "Blue Book" was issued in 1946 to guide radio stations in the kind of programming the commission felt they should follow. A special committee headed by Rep. Forest A. Harness (R. Ind.), was established last June 10 to investigate the FCC.

It said the "Blue Book" reveals a lack of faith in the American system of free radio and a de-

sire to impose artificial and arbitrary controls over what the people of this country shall hear.

Charges 'Goon' Raid On Michigan Plant

WASHINGTON, Jan. 1 (UP)—Rep. Clare E. Hoffman (R. Mich.), charged today that 200 to 300 "goons" attacked the Shakespeare Co. plant at Kalamazoo, Mich., on Dec. 1 because a local CIO union was losing its strike against the company.

The charge was carried in a report by a one-man House Labor Subcommittee consisting of Mr. Hoffman. It was based on hearings conducted in Kalamazoo and Washington earlier this month.

The raid upon the plant and the beating of defenseless employee workers on Dec. 1 grew out of the fact that the local picket line was not able to prevent the operation of the plant, Mr. Hoffman said.

Sailors' Leaves Ended by Prank 'Juke' Broadcast

SAN DIEGO, Jan. 1 (UP)—A prankster sent naval personnel on shore leave streaming back to their ships last night and early today with a juke box broadcast saying: "This is an emergency. All Navy personnel return to your stations immediately."
Hundreds of servicemen left bars and night clubs when the announcement came over juke boxes in the establishments.
The 11th Naval District and police headquarters were swamped with telephone calls to find out about the emergency.
An investigation revealed that just before midnight a man who said he was "Admiral Kinney" called the Maestro Music Co., and requested T. L. Jones, manager, to make the announcement over the system's juke box system strung throughout the city.

Deafened Aroused by Tiny Hearing Device

Chicago, Ill.—Wide interest is being shown by thousands of deafened people in an amazing new hearing device which now enables them to fully enjoy music, persons and friendly companionship—and not be bothered by bulky, heavy separate battery pack and wires.
