

Senate Urged By Patterson To Favor Pact

Calls Kremlin 'Power-Hungry And Ambitious'

WASHINGTON, May 9 (UP)—Former Secretary of War Robert F. Patterson said today the "ambitious and power-hungry dictatorship" of Russia will withhold "the word to march" if the Senate quickly ratifies the Atlantic Pact.

The defense treaty, Mr. Patterson told the Senate Foreign Relations Committee, will give the West a combined strength "far in excess of any that Moscow can muster." The Soviet leaders, who pay "strict attention to physical power," will be convinced they cannot win a future war, he said.

Mr. Patterson, a vice president of the Atlantic Union Committee which advocates a federation of western democracies, testified as Committee Chairman Tom Connally (D. Tex.) issued speed-up orders in an effort to ratify the pact before the Big Four parley on Germany begins May 23.

Likened to Hitler

Maintaining that the Kremlin has pursued "ruthless aggression" in the same manner as did Hitler's Germany, Mr. Patterson said such a policy would be continued by Russia "as long as it believes that it will not run the risk of defeat by doing so."

Mr. Connally asked all remaining witnesses to trim their testimony to a minimum. He said new applications for hearings will not be accepted after tomorrow.

He expressed fear that prolonged hearings on the defense treaty might be "misunderstood and misrepresented by Russia."

Bolsters Position

He said the U. S. position at the Paris parley, which opens two weeks from today, would probably be strengthened considerably if the committee gives the pact a hearty endorsement.

Mr. Connally said he hoped to wind up hearings on the pact this week.

The speed-up move appeared to be in line with Secretary of State Dean Acheson's recent warning that the pact must be approved no matter what Russia does to "raise or lower the international temperature."

Mr. Acheson and Ambassador-at-Large Philip C. Jessup were expected to emphasize this later today at a private conference with Mr. Connally and Sen. Arthur H. Vandenberg of Michigan, the Republican foreign policy leader. The four were to cover the position the United States will take at the Paris meeting.

Military Pay
A House Armed Services subcommittee, working on a proposed pay raise for servicemen, says it has "no apology" to make for not recommending an increase for the lowest-ranking enlisted man. The measure carries pay raises ranging from 3.03 per cent for the private first class to 49.5 per cent for the brigadier general.

But the committee justifies this by saying that since 1908, when military pay scales were last overhauled, the lowest-ranking GI has had his pay boosted 400 per cent when the general has

Hoosier War Birds Display Might

Photos by Bob Wallace, Times Staff Photographer.

Three F-51 fighters assigned to Indiana Air National Guard make a pass over target during machinegun and bombing attack practice held at Camp Atterbury yesterday. Sorties were first in a series of Sunday sessions to enable Hoosier pilots and ground crews prepare for emergency defense of state and nation. First Lt. Walter Jones and Capt. William Hoelscher, range control officers, guide war birds to targets.

Sager students get first-hand tips on loading one of F-51 six 50-caliber machine guns, preparatory to actual run over target. The man doing the "telling" is one of Guard's battle-experienced crew chiefs.

gotten an increase of only 10 per cent.

The full committee is expected to approve the bill Friday and send it on to the House.

Taxes

Chairman Walter F. George of the Senate Finance Committee said higher taxes might actually increase the anticipated government deficit for fiscal 1950, instead of wiping it out as President Truman has indicated.

He said a deficit might result from a drop in government revenues reflecting a decline in business activity. "To increase taxes when income is already declining," he said, "would simply accelerate the downward movement and result in an even larger deficit." President Truman has asked Congress to raise taxes to bring in another \$4 billion to help offset an expected deficit.

'Small Change' Bandit Takes \$300 in Tavern
Robert Hanna, 32, discovered today that it was no nickel and dime burglar who looted his tavern at 3032 E. Washington St. Mr. Hanna told police that the burglar took \$300 in change from the cash register but left \$3 in nickels and dimes.

Mr. Hanna also listed as missing \$170 worth of whiskey and gin and a \$65 wrist watch. Police said the loot was hauled through a broken window on the east side of the building.

Cigarette Fires Cartridge And 'Shoots' Woman
A cigarette "shot" an Indianapolis woman yesterday.

Mrs. Buna Paillikin, 21, of 516 Bell St., was treated at Methodist Hospital yesterday for a leg wound after a 22-caliber cartridge lying in an ash tray at the home of her father, Bert Poland, 722 Lexington Ave., discharged and struck her.

Police said they believed a burning cigarette tossed into the ash tray "fired" the shell.

IN INDIANAPOLIS

A low-pressure area centered over Missouri will move eastward and blanket Indiana by tonight, bringing more rain tonight and tomorrow.

A high-pressure ridge extending from Central Canada to the Texas Panhandle was expected to replace the low-pressure mass by tomorrow night and bring generally fair weather with slightly lowered temperatures throughout the state.

See Weather Map on Page 2. Temperature in Indianapolis one year ago today: High, 76; low, 57.

Schricker Silent On Appointment

GOP Hits Naming Of Beer Wholesaler

Gov. Henry F. Schricker and Indiana Alcoholic Beverage Commission Chairman Bernard Doyle had no comment today on a Republican charge that a Brookville man holds illegally a state beer wholesaler permit and a state flood control commission appointment.

GOP State Chairman H. Clark Springer charged that Gov. Schricker "disregarded the 1947 state liquor law" when he appointed beer wholesaler Alfred C. Brown as a member of the flood control group Apr. 16.

Mr. Springer demanded that the ABC revoke Mr. Brown's license, which expires July 31.

Mr. Springer said the law prohibits beer wholesalers from holding any public office.

Members of the flood control commission serve without pay. Mr. Brown was appointed presumably because of his active interest in a project to restore the old White River Canal.

Mr. Springer's charge came after Mr. Brown was elected president of the Beer Distributors of Indiana, Inc.

REDS EXPELL FBI AGENT
ST. LOUIS, May 9 (UP)—St. Thomas A. Younglove, of St. Louis, FBI undercover agent who has testified at the New York trial of 11 Red leaders, was expelled from the Communist front from where the collision occurred at 2:30 a. m.

Accidents Kill 7 in Indiana, 3 IU Students Die in Crash

Seven died in Indiana traffic accidents yesterday, including an Indianapolis warehouse employee who, police said, ran in front of an automobile in the 300 block of Virginia Ave.

The Indianapolis victim was William E. Anderson, 45, of 717 Harrison St. He was killed by a car driven by Raymond D. Wilson, 19, of 3145 Central Ave. Police did not hold the driver.

Wallace Arthur Miller, 38, Shelby County farmer, was killed early yesterday when his car was hit at the Washington St. crossing in downtown Shelbyville by a fast west-bound freight.

Three Indiana University students and a fourth man died when their car crashed through a guard rail on State Road 37, two miles south of Bedford, and plunged down an embankment.

They were: Harley Samuel Shroyer, 22, Michigan City; Walter Bagrakovich, 22, Michigan City; Robert Paul Shreve, 23, Garrett.

Joseph Leslie Rogers, 24, R. R. 3, Bloomington; Mrs. Janet L. Norman, 48, was killed when her husband's car was struck by another vehicle at the junction of State Road 8 and a county road four miles east of Albion. State Police said she was thrown from the car, run over and dragged 117 feet along the highway.

Shelbyville police said that Mr. Miller was thrown from his sedan and that he was found just below the depot platform about 50 feet from where the collision occurred at 2:30 a. m.

His father, Jesse Miller, who operated a farm with his son near

Edinburg, said that Mr. Miller had come to Shelbyville Saturday night to buy a Mother's Day present.

Dr. R. E. Wynne, Lawrence County coroner, said the four men died of skull fractures when their southbound car went over an embankment just south of White River bridge on State Road 37. They lay in the wreck for about two hours before being found.

Their demolished car first was noticed about 5 a. m. yesterday, but Dr. Wynne fixed the time of death at 3 a. m.

State Police said that they had failed to make a sweeping curve and that the car, which was owned by Mr. Shroyer, turned end over end. Authorities were unable to determine who was the driver.

Dr. Wynne said that Mr. Shroyer also had a broken neck and crushed chest; Mr. Bagrakovich, fractured jaw, right arm, right hip and pelvis; Mr. Shreve, crushed chest, broken right arm and left ankle, and Mr. Rogers, crushed chest and broken right leg.

In the accident on State Road 8 east of Albion in which Mrs. Norman was killed, her husband, Albert Norman, a production engineer for Studebaker Corp., was injured, state police said.

Authorities said that the car driven by Mr. Norman was struck by another driven by Robert Hana, 39, of Chubbucko.

Two other persons were injured, one seriously, in accidents on Indianapolis streets yesterday.

Stephen Hostet, 4, of 417 E. 19th St., was in serious condition in Methodist Hospital with a head injury. Police said he was struck near his home by a car driven

State Police Give Exams to 600

Competitive examinations for almost 600 applicants for the Indiana State Police force were scheduled in three centers in the state today.

Prospective troopers in central Indiana were to take the examination at 2:30 p. m. on the campus of Butler University.

Applicants in the northern third of the state took the examination this morning in the Peru Senior High School assembly room and those in the southern section, this morning in the Bedford Junior High School assembly room.

Only persons who had entered applications with the department and had received letters of authorization from Arthur M. Thurston, superintendent of Indiana State Police, were eligible to take the examinations.

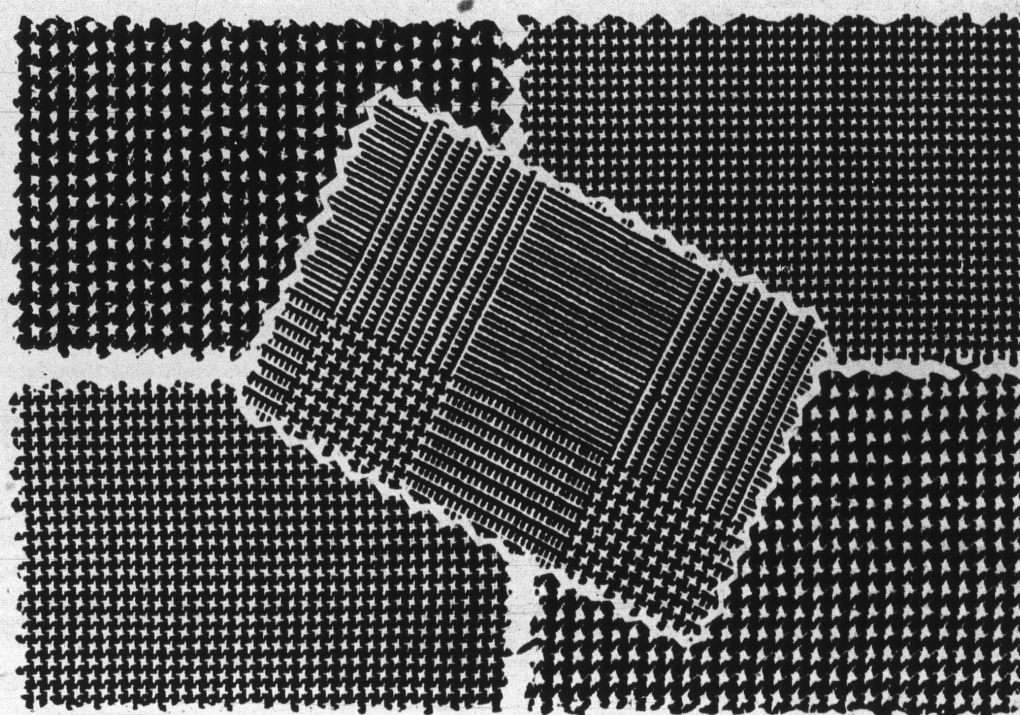

Those failing to take the test, were to be eliminated from further competition for the force. Superintendent Thurston said. A recruit school for successful applicants will be held at Indiana University starting June 20, he said.

By William E. Richter, 35, of 4944 Norwalk Ave.

The other traffic victim was Jane McCarter, 26, of 4101 E. Iowa St., who was in fair condition in St. Francis Hospital with an injury to her right hip.

Police said she was injured in the collision of two cars at Ritter and Burgess Aves. One, driven by George R. Harris, 20, of 364 Downey Ave., was going east on Burgess Ave. The other, driven by Arnold McCarter, 30, of 4101 E. Iowa St., was headed north on Ritter Ave.

CHECKS, SIR

THE COOLEST, THE BEST TURNED OUT, THE COMFORT-A-BLEST MEN THIS SUMMER—WILL BE SUITED IN CHECKS AND PLAIDS

Now of course, we are not going to state that a check (or plaid) suiting is cooler than any other of similar weight or weave!

But there is something so sprightly about checks—cheerful, not loud—they have an optimistic outlook—as to serve as a mental tonic—they make men feel good—even cooler! (it's psychology).

This summer checks are to the front! You'll see them in the best places—on some of our ablest citizens.

Muted or clear checks—black and white—or multicolor.

The Man's Store presents them in various fabrics—in traditional treatments as well as in ENTIRELY NEW EFFECTS.

Checks—they were good a hundred years ago—they are as new as tomorrow!
