

### City Churches Plan Drive To Aid Needy

Clothing To Be Sent To People In Europe, Asia

By EMMA RIVERS MILNER

The Indianapolis Church Federation and the United Christian Youth Council will conduct a drive for clothing for the needy in Europe and Asia Oct. 20 through Nov. 6.

The drive was decided upon and arrangements discussed at a dinner meeting last night in the YMCA. Jeremiah Edwards of New York, official of Church World Service, was present. Mr. Edwards gave suggestions to the church federation regarding arrangements for the collection.

The clothing will be distributed through Church World Service and given in equal quantities to Europeans and Asiatics.

**Addressed Group**  
Mr. Edwards also addressed a group of representative churchmen yesterday afternoon on the subject of the displaced persons of Europe and the relation of the churches to them.

By the end of 1949, the Jewish people expect to have found homes and work for all remaining displaced persons of their faith, he said. He praised the efforts of the Roman Catholic and Lutheran churches on behalf of displaced persons.

**Lagged Behind**

Non-Lutheran Protestants have lagged behind the other groups in the resettlement program, he said. Church World Service, the clearing house for Protestant resettlement work, now holds assurances for jobs and housing for 30,000 DP's, according to Mr. Edwards. Before the present law expires, the Protestant churches hope to resettle the 30,000.

The question of displaced persons "displacing" Americans in housing and work came up for discussion in yesterday's meeting. The fear of this eventuality, if many more of the refugees are brought over here, seems to be a stumbling block in the way of the resettlement program, according to the Rev. Paul Huffman, pastor of the First United Lutheran Church.

Pastor Huffman and others explained with emphasis that DP's occupy abandoned farm houses and "double up" with other families. In other words, they make themselves content with places to live and in job situations that Americans do not want.

### Doctors Urged to Join Socialized Medicine Fight

(Continued From Page One)

"It is incumbent of us to criticize actions of politicians while we ourselves evade political service or interest in political affairs," he said.

He urged the members of his profession to take a "keen interest" in political affairs.

**Cites Inconsistency**

"It is inconsistent of us to criticize actions of politicians while we ourselves evade political service or interest in political affairs," he said.

"Doctors have a tremendous potential with the patient and his family, but it is seldom used. It is used in my state and we are proud of it."

"It is going to be a sad commentary if the medical profession if the doctors in Indiana and every other state in the union do not register and vote in the elections of 1950."

**Praises New Drug**

Meanwhile, in an earlier talk today, a Mayo Clinic doctor voiced new hope for rheumatic fever sufferers through treatment by two modern drugs—cortisone and ACTH.

Dr. Arlie R. Barnes, Rochester, Minn., told the Medical Association that the drugs brought about "profound and prompt" improvement in eight cases.

Dr. Barnes' paper was delivered this morning at the third session of the four-day meeting in Murat Temple. Visiting doctors are seeing surgery by television for the first time in the state's history and continuing their battle against socialized medicine.

Through use of the drugs, Dr. Barnes said, temperatures of acute rheumatic fever victims were returned to normal and joint tenderness and swelling were abolished.

**Left in Good Condition**

The patients were dismissed in good condition after an average hospitalization period of two months, he said.

However, Dr. Barnes cautioned that "there is no basis as yet to claim that the drugs will necessarily prevent the development of rheumatic heart disease." He said "only prolonged observation will answer that question."

Events on tonight's convention program include dinner meetings and reunions of Indiana University Medical School classes of 1909 and 1937 in the Athenaeum.

Dr. Wilton M. Krogman, University of Pennsylvania Medical School, will address a general meeting at 8:15 p. m. His subject will be "The Bones Speak of Murder."

Adoption of convention resolutions will come tomorrow at a luncheon meeting of the House of Delegates. Increased position to compulsory health plans is expected.

Among technical addresses tomorrow will be those by Dr. Donald A. Covatt, New York University Medical College; Dr. Howard C. Coggeshall, Southwestern Medical College, Dallas, Tex.; and Dr. Merle Bundy, State Board of Health.

The 100th anniversary meeting will close tomorrow night with the annual dinner and dance in the Indiana Ballroom. Awards will be presented to Dr. Charles C. Crampton of Delphi, "Family Doctor of the Year," and to Dr. Cleon A. Nafe, Indianapolis, 1948 president.

**Sections Elect**  
Fifty-year members of the association will be honored. Kenneth McFarland, superintendent of Topeka, Kas., schools, will speak. New officers of the Association's general practice section are Dr. Clarence Rommel, West Lafayette, chairman; Dr. Lester D. Bibler, Indianapolis, vice chairman; and Dr. Charles Wise, Camleten, secretary.

Dr. Paul Fouts of Indianapolis was named chairman of the medicine section. Other new officers are Dr. Marshall L. Hewitt, South Bend, vice chairman, and Dr. William Province, Franklin, secretary.

**Morton Gould Dies, Coal Executive**  
Services were being arranged today for Morton L. Gould, Marott Hotel, retired local and national coal industry figure, who died yesterday in Methodist Hospital. He was 85.

Mr. Gould was president of the old Linton Coal Co. He was president of the National Coal Operators Association in 1925 after serving as president of the Indiana Bituminous Coal Operators Association in 1923.

Born in Terre Haute, he lived most of his life in Indianapolis. He was graduated from Indiana University.

Survivors include his son, John D. Gould, Indianapolis; his daughter, Mrs. Colin G. Jameson, Newfane, Vt.; a grandson, John D. Gould Jr., Indianapolis; a granddaughter and a great-grandson.

**Ferdinand R. Gioscio**  
Ferdinand R. Gioscio, 131 N. Noble St., owner of the Ornamental Craftsman, Inc., died today in St. Vincent's Hospital. He was 49.

A lifelong resident of Indianapolis, he was a member of the Holy Cross Catholic Church.

Survivors include the mother, Mrs. Mary Gioscio; two brothers, Donald and Ralph Gioscio; five sisters, Miss Florine Gioscio, Mrs. Leo Lobo, Mrs. Marie Kafader, Mrs. John Frazee, all of Indianapolis, and Mrs. Frank Davis, Mt. View, Cal.

**Butler ROTC Cadets Rated Best in Nation**  
Local College Unit Leads 127 Schools In Examinations

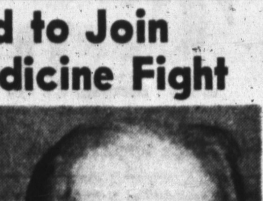

The one-year-old Air Force ROTC unit at Butler University was recently rated the top organization in the nation on the basis of countrywide examinations.

Cadets of the Butler unit received higher marks than leading ROTC students enrolled in 127 private and land grant colleges and universities, according to an announcement by M. O. Ross, president of the university.

Lt. Col. Jerome Tarter, USAF, professor of air science and tactics who started the unit from scratch a year ago, was congratulated for his work by both faculty and student members.

Three members of the unit were selected by Lt. Col. Tarter for special recognition as distinguished military students. Selected Cadet Major H. E. Keller, senior, and Jack K. Comerford, senior, Indianapolis junior; Cadet Capt. A. D. Gates, Indianapolis senior, and Jack K. Comerford, senior, Indianapolis junior.

Meanwhile, cadets of both elementary and secondary ROTC planned to select an "Air Angel" from a field of eight candidates nominated by their respective organizations in balloting Friday morning.

Dr. Charles C. Crampton

Dr. Crampton of Delphi, 77-year-old country doctor, is the State Medical Association's "Family Doctor of the Year."

He has delivered 1400 babies in 55 years and is credited with assisting in Indiana's first Caesarian delivery. He will receive an oil painting award at the banquet of the association's centennial convention tomorrow night.

Dr. R. B. Robins

Dr. Robins, national Democratic committeeman from Arkansas, urged Indiana doctors, in an address before the State Medical Association convention today, to take an active part in politics, for the purpose of blocking socialized medicine and a "trend toward socialism."

Adoption of convention resolutions will come tomorrow at a luncheon meeting of the House of Delegates. Increased position to compulsory health plans is expected.

Among technical addresses tomorrow will be those by Dr. Donald A. Covatt, New York University Medical College; Dr. Howard C. Coggeshall, Southwestern Medical College, Dallas, Tex.; and Dr. Merle Bundy, State Board of Health.

Meanwhile, cadets of both elementary and secondary ROTC planned to select an "Air Angel" from a field of eight candidates nominated by their respective organizations in balloting Friday morning.

Competitors for the title include Virginia Means, Pi Beta Phi; Dorothy Stonestreet, Delta Gamma; Sally Mulbarger, Zeta Tau Alpha; Charlotte Johnson, Kappa Alpha Theta; Susan Walker, Delta Delta Delta; Betty Ann Greene, Kappa Kappa Gamma; Joan Alman, Alpha Chi Omega, and Barbara Hinkle.

University officials said they believed enrollment had reached a "stabilization point" following graduation of most war veterans. The number of new students entering the university this fall, however, constitutes an all-time high.

Total enrollment hit 21,826 with more than 8000 part-time registrants at IU extension centers in

### Panting and Keyed Up For Butler Victory Saturday

Panting for victory, "Mr. Duffy," Butler bulldog mascot, eyes the Butler-Wabash Iron Key, symbol of rivalry at stake Saturday when the two schools meet for this year's football game at Crawfordsville. Lawrence Sanburg, Indianapolis freshman, and (left to right) Miss Mary Lou Renick, Indianapolis, and Miss Donna Farr, Elkhart, Butler coeds, also are "keyed" up over the coming game.

### 13,489 Enroll Full Time at IU

BLOOMINGTON, Ind., Sept. 28.—Indiana University counted noses today to find enrollment of full time students at 13,489.

This is almost a thousand off from the all-time high of 1948 but more than double any pre-war peak.

University officials said they believed enrollment had reached a "stabilization point" following graduation of most war veterans. The number of new students entering the university this fall, however, constitutes an all-time high.

Total enrollment hit 21,826 with more than 8000 part-time registrants at IU extension centers in

### Vandals Spill Million Gallons of Water

LA GRANDE, Ore., Sept. 28.—Police today sought someone who spilled a million gallons of water.

The water came from a series of mysteriously opened fire hydrants.

The reservoir's water level, which had been built after a long period of drought—dropped two

### Cleared of Murder Charge After 35 Years

WASHINGTON, Iowa, Sept. 28.—A 35-year-old murder case was closed today with Oscar Fetter, 63, declared innocent.

"On grounds of insanity" of shooting his sweetheart's father in 1914.

He was accused of slaying Hugh Douglas Sr., after Mr. Douglas's daughter reportedly broke her engagement to him.

He was declared insane shortly after the killing and held in the mental ward of the Anamosa Reformatory for 35 years. He was released as cured last spring and was returned here to face trial on the old murder charge.

### Brace and Bit Burglars Bore To \$250 Payoff

The brace and bit burglars struck again today.

Hacking and sawing their way through the roof of Norman G. Stanley Wholesale Florists, 232 N. Capitol Ave., the burglar pair braved a tear gas-protected safe to get to an estimated \$250 loot.

Police believed the "well-cased job" bore the same marks as the burglary of Guarantee Tire & Rubber Co., 3226 E. 10th St. on Sept. 19, where burglars cut through a roof and punched their way to \$570 in a safe.

At the florist establishment the burglars first climbed to the top of the one-story building and cut a hole in the outer roof, using a brace and bit and saw.

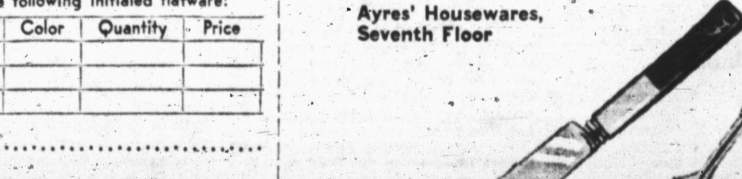

Inside they pried off about 10 feet and cut another hole in the inner ceiling. Detectives said the burglars' tools were so placed to cut the hole directly over a table and behind an office which shielded them from the front window and the view of passers-by. This would have to have been planned in advance and indicated the burglary was "well-cased," police said.

This compared to the burglary of the tire company, where the hole in the roof was cut directly over a set of shelves which acted as a ladder for the intruders.

Once inside the burglars moved a safe from the florist company office to a spot behind a post, where they were again shielded from view. They punched around the combination and got to the contents of the safe, working on even though the protective tear gas was released.

### Stainless Steel Flatware by National in "PRISTINE" Pattern

One Initial at No Extra Charge! Teaspoon, 29¢ 24-Piece Flatware Setting for six, 8.95<sup>net</sup>

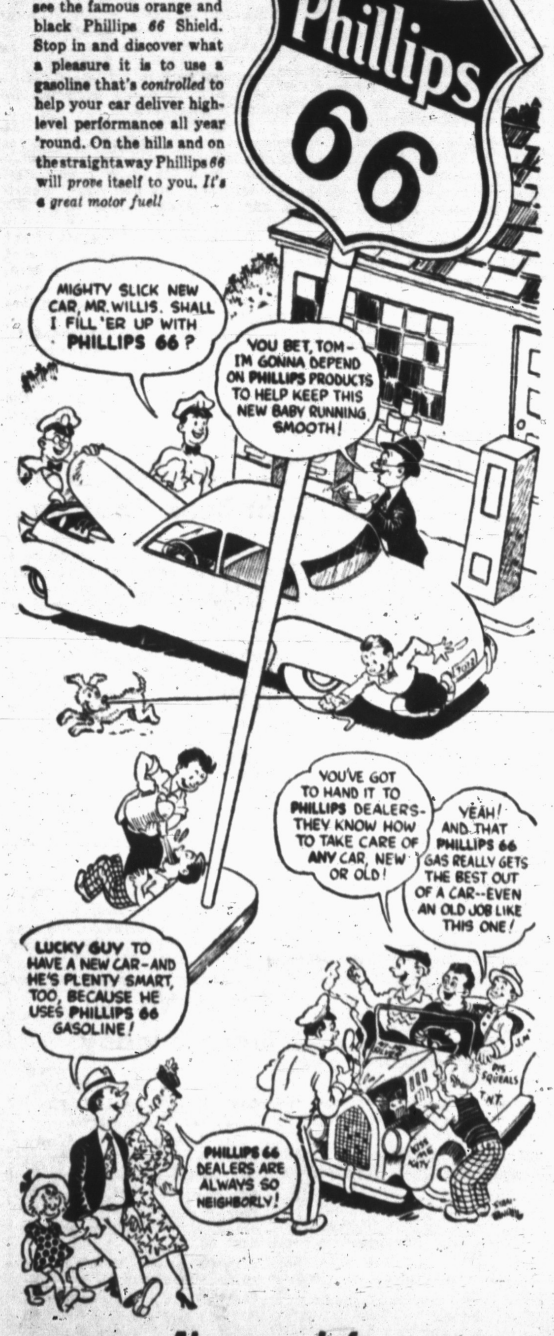

Handsone "Pristine" flatware, personalized with one initial at no extra charge. Mirror finish, heavy quality stainless steel keeps its bright finish always. All open stock.
