## Playing Children Set Fire to Home

Children playing with fire yesterday imperiled the lives of two other children, sent a woman to a hospital and caused damage to a house they set on fire.

Mrs. Madeline Peifree, 1113 Charles St., was in her living room when her niece, Patty Tracy, 5, raced in through the front door and said the back porch was on fire. She and Rocky Peifree, 4, had been playing with a lighted stick.

Door Locks Shut  
Mrs. Peifree rushed out to see and the front door locked as it slammed. The mother went back to the front to get her children Linda Pauline, 3, and Janice, 19 months, and found the door locked. She kicked out the glass and later was treated at General Hospital for severe cuts.

She tucked the children under her arms and led them to safety as the rear of the house was destroyed before firemen could arrive.

## Visiting Sheriff Dag-gones Hoosierland Geography

Learns South Bend Isn't Jeffersonville

While a Tennessee deputy sheriff wandered around Jeffersonville, Ind., with a kidnapping warrant for a 20-year-old girl last night she waited patiently in a South Bend jail cell 234 miles away.

Gladys Bennett, of Jeffersonville, was arrested in South Bend after her 14-year-old sister, Mary Elizabeth, was stricken ill and had to be taken to a hospital.

Miss Bennett told South Bend police she took her sister from her Ashland City, Tenn., home to the Ohio Boys' Industrial School a year ago. Snell, the prosecutor said, was released from the industrial school June 2 after serving nine months for robbery.

Fires 7 Times  
Snell told police he met the girl and her eight-year-old sister as they were leaving a carnival. He said he sent the younger sister home and then forced the other sister at gun point to accompany him to a nearby church.

The younger sister ran to her home and her parents called police.

Patrolman Lee discovered Snell and the girl in the shadows of the church steps and ordered them to come out. Snell lunged at Officer Lee. During the scuffle the youth drew the automatic and fired seven times. Three of the shots hit the patrolman. He died immediately.

It is more than 200 miles away from Jeffersonville at the

## Interprets Law On Land Brokers

Attorney General Discusses Licenses

Attorney General J. Emmett McManamon ruled yesterday that all financial institutions operating under the recently enacted Real Estate Brokerage Law must obtain real estate corporation licenses.

The attorney general's ruling applies to banks and mortgage loan institutions with real estate departments.

The law, passed by the 1949 session of the Indiana Legislature, affects all real estate brokers and salesmen.

Mr. McManamon ruled however, that it will not be necessary for insurance companies making mortgage loans only and employing appraisers for the purpose to obtain corporation licenses.

Some Are Exempt  
He also ruled that mortgage loan appraisers, either on a salary or commission basis, do not require a license if they are officials of a financial institution.

Mr. McManamon also interpreted the new law as providing that real estate information may not be obtained from an unlicensed individual or corporation.

The act exempts certain persons from getting a license, he added. The attorney general said, however, that this referred mainly to persons acting as an executor or administrator of an estate and includes trustees under a trust agreement.
