

## Jacobs to Speak At CIO Parley

Legislator to Fly  
To Ft. Wayne Tonight

Times Washington Bureau  
WASHINGTON, Oct. 7—Rep. Andrew Jacobs, Indianapolis Democrat, will fly to Ft. Wayne tonight where he is scheduled to address the Indiana CIO convention tomorrow.

Although he is the only Hoosier in Congress who is a member of the Education and Labor Committee, Mr. Jacobs was not asked to speak at the AFL state convention in his home town earlier this year. At that time he was chairman of a subcommittee investigating anti-democratic practices in unions. During the House recess this and other subcommittees were abolished by Chairman John Lesinski (D. Mich.) of the House Education and Labor Committee.

Seeks to Debate Matter

Mr. Jacobs has charged that Chairman Lesinski has no such powers and is seeking to have a committee meeting held to debate the matter with him. He is expected to refer to this issue when he addresses the Indiana CIO.

A speaker on the convention program Sunday will be Rep. John R. Walsh, Anderson Democrat. He left for Indiana accompanied by his secretary, Victor Hood of Marion.

Other Capitol Hill Hoosiers back in Indiana now include Republicans Sen. Homer E. Capehart and Rep. Charles A. Halleck. The latter returned with his wife to their home at Rensselaer.

## Cars Break Out In Mystery 'Rash,' Lose Paint

SHREVEPORT, La., Oct. 7 (UPI)—Paint mysteriously peeled from automobiles in widely separated areas of the south and southwest today.

Baffled automobile owners in Louisiana and Arkansas reported hundreds of cars were damaged.

The only explanation—was that only a guess at this stage—was that the recent Gulf hurricane had borne to the mainland some mystery substance that reacted on the paint.

In Little Rock, Ark., one automobile dealer reported that all of his cars had "broken out in a rash." Erruptions, about the size of "goosepimplers," caused the paint to pit down to the raw metal. Then the cars began turning brown with rust specks, giving them a freckled appearance.

Dr. Lena Levine . . . speaker today at the Indiana State Conference on Social Work.

## Workers Ratify Dock Strike Pact

### Progressive Wage Increase Provided

HONOLULU, Oct. 7 (UPI)—CIO longshoremen ratified an agreement today settling the 160-day-old Hawaiian dock strike for a progressive wage increase reaching to 21 cents an hour by Mar. 1.

Only minor fringe issues remained to be agreed upon before 2000 striking longshoremen, whose walkout cost the Territory of Hawaii an estimated \$100 million, return to work.

Russell Starr, chairman of the employer negotiating committee, said he could see "no reason" why the minor issues should be an obstacle to complete agreement.

### Ratification Unanimous

A spokesman for the International Longshoremen's and Warehousemen's Union announced that nearly 1000 union members, representing most of the strikers at the port of Honolulu, had unanimously ratified the wage agreement.

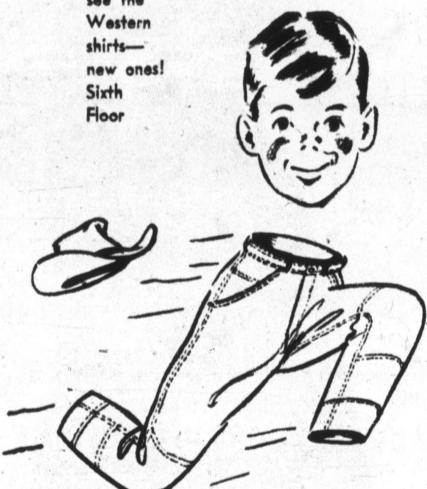

The proposal was announced yesterday by union President Harry Bridges and representatives of seven struck stevedoring companies.

Union negotiating teams are scheduled to begin a tour of five out-island ports today to bargain for settlement of the fringe issues which must be agreed upon before the longshoremen return to work.

Both sides agreed to extend the longshore contract to June 15, 1951, when the West Coast waterfront agreement expires. All striking longshoremen will be rehired without discrimination.

## Women's Status Reported on Rise

### Counselor Hails 'More Democracy in Home'

Women are playing a more prominent role in the family unit than ever before, a New York City marriage counselor said here today.

Dr. Lena Levine of Brooklyn Jewish Hospital said that the change in the woman's status has resulted from the introduction of a more democratic way of thought in family life and in the nation's participation in two world wars.

"More and more we are seeing the transition from a patriarchal to a more democratic form in the home," she said. "Women are expecting much more from marriage than ever before."

Dr. Levine said the day would come when the traditional concept of femininity and masculinity would be discarded altogether. Instead, she said, the husband and wife will consider each other as individuals.

"I am very hopeful for the future," she commented.

Dr. Levine addressed a general meeting of the State Conference on Social Work and a luncheon of the Planned Parenthood Committee of Indiana today in the Claypool Hotel.

### Urge 'Sense of Values'

In mapping a plan for children in the family, Dr. Levine suggested that young newly married couples wait at least one year before having a child.

During that time, she said, a period of adjustment is needed for the couple's own needs and in its relationship with parents. Older more established couples need not wait, she said.

Dr. Levine expressed the opinion that women would have many children were there not the feeling of financial and emotional insecurity.

"We urge those couples to get a better sense of values," she said. "Parents should have as many children as they can. After all, not every child must be college educated as many of these people believe."

James A. Watson of Terre Haute today began a one-year term as president of the Conference.

Mr. Watson, director of the Vigo County public welfare department, was chosen yesterday at a meeting here of the board of directors of the 59th annual conference.

Randall Shafe of Indianapolis, assistant director of the American Legion's child welfare division, was selected as president-elect for 1950-51. Mr. Watson succeeds Miss Bertha O. Leming.

### Today's Speakers

Heading the list of today's speakers were Walter Leckrone, editor of The Indianapolis Times, and Hugh F. Reed, Chicago.

Other new conference officers are Otto F. Walls, Knightstown, first vice president; Ray Smith, Indianapolis, second vice president; Kenneth F. Allman, Rensselaer, third vice president; Mrs. Austin Clifford, Bloomington, fourth vice president; Kenneth R. Miller, Indianapolis, treasurer, and Mrs. Margareta Tangermann, Valparaiso, secretary.

Six new members of the board of directors were elected for three-year terms. They include Mrs. Tangermann, Mr. Allman, Miss Sarah Paynter, Muncie; Anton Vick, Mishawaka, and Nell Bridges, Terre Haute.

The four-day meeting will close tomorrow with a dinner of the Indiana Association of Clinical and Applied Psychologists in the Canary Cottage.

## Turns Clock Back On Watts Case

### New Judge Overrules 4 Previous Motions

The state was back "starting from scratch" today in the trial of Robert Austin Watts after a new judge assumed jurisdiction yesterday and overruled four motions of the previous judge.

The rulings of new Judge William F. Marshall, Rush County, opened the issues in the trial of Watts for the 1947 murder of Mrs. Lois Burney.

This means that instead of just trying the trial proper, Watts' second hearing will go back into legal technicalities which preceded the first trial.

Judge Marshall allowed Watts to withdraw the not guilty and insanity plea which he made in the first trial and the report of psychiatrists. Judge Harold Barger was removed from the case by a defense plea for change of judge, after he denied these motions last Monday.

Judge Marshall then granted a defense motion for a plea in abatement which charged Negroes were systematically excluded from the grand jury which indicted Watts and set hearing for Oct. 13. This plea also had been denied by Judge Barger.

The state, led by Marion County Prosecutor George S. Dailey, opposed the plea in abatement on the grounds that it was a useless time-consuming device. Prosecutors contend that the United States Supreme Court had overruled the exclusion contention in the same opinion in which it granted Watts a new trial.

### Slovak Security Police Seize American Student

PRAGUE, Czechoslovakia, Oct. 7 (UPI)—An American student said today he was picked up by security police in Slovakia, taken on a wild ride during which his car rolled over and hurt his shoulder, and held in a solitary cell for five days.

The student was Savel Kliachko, 26, of Palo Alto, Cal. He came here on invitation of the Czech government to attend Charles University.

## Lawyers for Tokyo Rose To Appeal Verdict Monday

SAN FRANCISCO, Oct. 7 (UPI)—

Attorneys for Tokyo Rose, today said they will appeal her conviction and sentence for treason in the Ninth Circuit Court of Appeals here next Monday.

The wartime Japanese broadcaster, Mrs. Iva Toguri D'Aquino, was sentenced to 10 years in prison and fined \$10,000 in a hushed courtroom yesterday by Federal Judge Michael J. Roche.

Unless her conviction for broadcasting propaganda over radio Tokyo is reversed on appeal, she is really an orphan. Now all about Los Angeles-born woman your ships are gone. How are you going to get home now?"

As sentence was pronounced, she stood motionless with her eyes downcast.

2 Severe Earth Shocks  
Recorded at Fordham

NEW YORK, Oct. 7 (UPI)—

Two fairly severe earth shocks, believed to have occurred in the Dutch East Indies, were recorded on the Fordham University

seismograph today.

Father Joseph Lynch, university seismologist, said at 6:21:48

and 6:28 a. m. (Indianapolis time). He said they occurred

about 10,000 miles east of New York.

you going to get home now?"
