

Here's Your Chance, Gals, To Show Off Your Talent

Plenty of Room Left for Feminine
Entertainers in Times-WISH Contest

By ART WRIGHT

There is plenty of room for all types of feminine entertainers in The Times-WISH Talent Hunt which will give performers an opportunity to appear on the Music With the Hormel Girls broadcast show here Apr. 16.

Early applications for auditions provide a balanced selection of vocalists, instrumentalists and dancers. The "early birds" who have sent their clippings from The Times included groups as well as single acts.

Other entertainers still can send their applications as auditions won't be held until Apr. 12 and 13. The five finalists selected during auditions will appear with the Hormel Girls in the WISH studio show, following the network application from The Times and broadcast Apr. 16 at 5:30 p. m. send it in.

Announces Hadacol Rationing

SENATOR DUDLEY J. LeBLANC

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc in Lafayette, La. "The demand for HADACOL has increased 1000 per cent in the past year."

"When I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycerophosphate should for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'"

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product."

Yes, in HADACOL, Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

At the present time it is difficult to predict how long the shortage of HADACOL will continue. It is still being merchandised in less than a third of the nation and is being denied to all foreign countries because of the production bottlenecks.

Senator LeBlanc was the first candidate for Governor in Louisiana to advocate the Old Age Pension. In fact, it is said by some that he was the first public official to talk about specific Old Age Assistance in the United States.

His heart has always beaten in sympathy with the cause of the down-trodden, and with that very thought in mind he developed a medical formula known as HADACOL that is now sweeping the Southland. People are singing the praises of HADACOL everywhere it is sold.

Senator LeBlanc has served his people in public life faithfully and well. In private life he brings to you a service which is appreciated by suffering humanity—HADACOL.

And, as he has so often said to his enemies and to those who opposed his Old Age Pension: "Let me quote you an ancient mandate of God Himself:

"Honor thy father and thy mother that thy days may be long upon the land which the Lord thy God giveth thee."

So it is that there is a man who has worked untiringly for the cause of the common man, the infirm and the sickly, and by his past activities in behalf of these people you have the assurance that what he has produced in HADACOL he believes to be the best for you that money can buy.

So, if you have been sickly for a long time and you can't find the cause, then you owe it to yourself to try HADACOL. Why not be wise? Don't be satisfied with temporary relief. Get after the cause of your trouble. And, as so often, it's because you need this amazing health-building, nerve and tissue repairing HADACOL formula. Millions of people have been benefited by it. So don't you think that you owe it to yourself to give this great medicine a chance to help you? Remember the name HADACOL! Remember the man who discovered this remedy! Remember his activities in behalf of the poor, the humble and the needy! Don't delay. Start using HADACOL—you and your family—today!

We are asking our customers to have patience, and accept no substitute. Insist on the genuine HADACOL! Remember there is nothing that was ever made but what it could be made worse and sold for less, and that is what you call imitation.

Trial size only \$1.25. But if you are so fortunate as to obtain the large family or hospital size, we urge you to save money—only \$3.50.
