

Expect Russ Will Reject U. S. Demand

Moscow Magazine Defends Action Of Soviet Airmen

MOSCOW, Apr. 19 (UPI)—Foreign observers predicted today Russia will reject the American note charging that a Soviet fighter shot down an unarmed U. S. Navy private plane over the Baltic Sea.

The note, demanding an apology and indemnity for the plane and its missing crew of 10, was delivered to the Kremlin Monday night.

The Soviet press did not mention the American note, but charged that American "imperialists" provoked the incident.

In an article obviously written before the American note was received the authoritative magazine New Times said that the Soviet fighter pilots "executed their duties perfectly."

"The American provocation in the Baltic testifies that Washington pursues the same adventurous, provocative path and kindles international incidents and conflicts just as did the Nazis and Japanese Fascists," New Times said.

If American imperialists wanted to probe the firmness of Soviet air borders, they became convinced that those borders are vigilantly guarded and Soviet fliers executed their duties perfectly.

"Perhaps Washington tried to check the practical consequences arising from the fact that in spite of common sense, Washington refuses to recognize Latvia as part of Soviet territory.

"Then the occurrence with the B-29 gives graphic evidence how little Washington's recognition or nonrecognition of the facts of life in this part of the world signifies."

New Times condemned British, Dutch, French and other newspapers for "speaking with an American accent and shedding crocodile tears" over the "heartlessness" of the Russians in their treatment of a lost American plane.

Bandits Rob St. Louis Loan Office of \$1000

ST. LOUIS, Apr. 19 (UPI)—Two unmasked bandits robbed a loan office of \$1000 and escaped in rush hours of the CIO United Auto Workers and the world's third largest auto maker resumed discussion of non-economic contract clauses.

They walked into the Public Service Savings and Loan Association on the city's West Side differences.

Just before closing time and the spokesmen sidelined their conflicts in other contract clauses.

Norman R. Matthews, UAW Chrysler director, said there were "only a few stumbling blocks in the way of complete agreement" on \$100 monthly pensions for 65-year-old workers after 25 years' employment.

Mr. Matthews told 1000 strikers at a "solidarity" rally yesterday that "we have the ball on the five-yard line and we're going over for a touchdown."
