## I was frankly skeptical!

says MRS. W. B. COLE  
3018 Wren St., Indianapolis

1. "I couldn't believe it—yet I decided to give No-Rinse Surf a try! Of course, on washday, I saved half the time and work it always takes—but I was still skeptical when I hung my clothes out to dry."

2. "Imagine my surprise—everything dried as soft as any wash I ever had with three rinsings, and as white as if I'd soaked those shirts and sheets overnight in bleach! What's more, all my clothes smelled so sweet and clean!"

3. "Mother's set in her ways, but even she was sold when I showed her how beautifully my daughter's little dresses looked—how clear and crisp the colors looked! No-Rinse Surf will be a family affair from now on!"

See for yourself with No-Rinse Surf—only washday product approved by U.S. Testing Co. for no rinsing!

## 60 Feared Dead In Plane Crashes

### French Airliner Plunges Into Sea

PARIS, June 13 (UP)—Sixty persons were killed or missing and believed dead today in the crashes of two French planes, one in the Persian Gulf and the other in the steaming jungle of Madagascar.

Forty-four persons were believed drowned or battered to death when an Air France C-54 plunged into the Persian Gulf off Bahrain Island.

Officials said six persons were rescued and five bodies were recovered, with the other 39 of the 50 crewmen and passengers still missing.

A military plane with 16 aboard disappeared on a routine flight of 186 miles between Tananarive and Tamatave, Madagascar. Air force officials said little was known of the crash.

The four-engined transport flying from Indo-China to Paris carried 43 passengers and seven crewmen, officials reported. They said all aboard were French except one displaced person, and none was of international prominence.

Reports to the headquarters of the French national air line said the plane was going in for a landing at Bahrain early today when it fell into the gulf.

Early reports gave no clue to the cause of the mishap. Just before the big ship went down the pilot radioed that he was coming in for a scheduled landing.

Helicopters were reported to have joined small surface vessels searching for survivors and bodies.

Louis Pontier, director general of Air France in Egypt, left Cairo for Bahrain to investigate the crash.

The plane went down about three miles northeast of Bahrain. It was piloted by Capt. Jean Sladek, a pioneer with 19,500 flying hours to his credit.

## Court Rules Bauer Can Be Deported

NEW YORK, June 13 (UP)—Frederick Bauer, 45, former Hoosier soldier, faced deportation today for serving in both the German and U. S. armies during World War II.

Bauer, a patent attorney in Washington, was arrested as a possible German spy while serving at Ft. Benjamin Harrison near Indianapolis in 1945. He was cleared of that charge but an investigation showed he served in the Wehrmacht from 1940 to 1942.

Federal Judge William Bondy ruled yesterday the U. S. Attorney General might deport Bauer, and the immigration service moved to start deportation proceedings.

Mrs. Wilma Bauer, formerly of Rockville, Ind., who has been detained with Bauer for five years on Ellis Island, testified for her husband. Their two children were born on the island.

## Bullets Fly as Police Chase Speeding Car

One man was under arrest today and three others were being sought by police after a bullet-punctuated chase through West Side streets last night.

The fleeing automobile, occupied by four men, sought to outrun a police-commanded private automobile. Sgt. Clarence Lewis hailed a passing car and began the chase when occupants of the car failed to heed his orders to halt after completing a U-turn in 500 block, Indiana Ave.

The police officer fired three shots in the air during the chase. "Three men 'balled out' and ran at Walnut and Fayette Sts. The remaining occupant, Oliver Harper, 22, of 1004 S. Kenwood Ave., was arrested on a charge of city vagrancy.
