Movietime, U. S. A.—

Contest Gives You Chance At Prizes Worth \$8000

Miss those pleasant evenings when the whole family stayed home and enjoyed each other's company?

Here's an idea on how you can have a fun-filled evening with the kids and the old folks, too.

Enter the \$8000 Times Movietime, U. S. A. contest and get the entire family making up entries. They'll have a lot of fun, and it might be a very profitable evening, for there are 245 prizes worth \$8000 waiting for you.

First grand prize in this contest is a glistening ivory-and-red 1951 Nash Rambler automobile, a car with all the extras.

But you'd better get started making up entries today because this contest closes Monday night. That gives you only five days to get in as many entries as you wish.

That's where the family comes in. With everyone making up entries, the more opportunities you will have of taking home your share of the prizes.

All you have to do to enter this big contest is make up a short-story, paragraph, sentence or describe an incident using movie titles clipped from the amusement pages of The Times.

You can use up to three of your own words between each title to make your entries logical, but you can use not more than 20 titles in each entry.

Make sure that each one of your entries ends with "It's Movietime, U. S. A."

Cleverness in your entries will be one of the major judging points. All entries will be judged on neatness, cleverness, originality and aptness of thought.

When your entries are completed, take them immediately to your favorite theater and deposit them in the contest box on display. Make sure that each entry is accompanied by an Official Entry Blank clipped from The Times.

It doesn't cost you anything to enter this contest. Just drop your entries in the contest box. Don't mail or bring entries to The Times.

Here is a complete prize list:

Railroad Travel Was Faster Then

BOSTON (UP)—It was faster traveling on the Boston & Maine Railroad a century ago than it is today, according to a Danvers lawyer.

Speaking at a state house hearing on railroad matters, town counsel William B. Sullivan Jr. produced a timetable showing that the Boston-Danvers trip on a wood-burning train took 41 minutes in 1854.

Today, he said, the run takes 49 minutes.
