

Holiday Week End Accidental Deaths In U. S. Climb To 574

Traffic Takes Lives of 435 Across Nation

By United Press
The Labor Day week end total of accidental deaths climbed above the 500 total today as Americans ended their last summer holiday.

The United Press counted 574 deaths by violence between 6 p.m. Friday and midnight Monday. Traffic accidents claimed 435 lives. Forty-seven persons were drowned, 18 died in plane crashes and 72 in miscellaneous mishaps.

Highway fatalities, while less than the 480 estimated by the National Safety Council, were expected to increase with early morning reports. Last year the total was 491, the all-time high for Labor Day.

California reported the most traffic deaths with 45, followed by Michigan with 28, Illinois 25, Georgia and Indiana 22 and New York 23. New Hampshire, Rhode Island, Vermont and the District of Columbia had no auto fatalities.

The Safety Council said motorists apparently drove more carefully on rain drenched highways in many sections of the country.

Two Seized In Store Theft

Police fired seven shots at a burglar suspect who "broke out" of a store early today.

Two men were arrested late on preliminary charges of burglary.

Summoned to Joe's Liquor Store, 2650 Northwestern Ave., police could find no evidence of a break-in. As they prepared to leave, a man came crashing out through the front door.

Patrolmen Gilbert Maxey and Leon Chisley gave chase and fired at the fleeing man, but he escaped. A few minutes later, another squad arrested Freeman A. Foley, 23, of 2336 Indianapolis Ave., in a taxi near the liquor store. He was treated at General Hospital for a deep gash on his arm. The cab driver, Clarence Barnett, 23, 925 Roach St., also was held.

Police found the burglar had lowered himself into the store with a clothesline after cutting a hole through the roof. Missing was \$24, according to the owner, Joseph Tobak, 49, of 2833 Washington Blvd.

The Ames Radio & Appliance Store, 2523 W. Washington St., reported today it had been robbed of \$60 cash and \$100 in stamps over the Labor Day week end.

Paul Ames, owner of the store, said he closed his store Friday and when he reopened today he found the safe and cash register had been forced open.

Indiana Queen Picked To Win Miss A. Title

Miss Indiana today grabbed favorite odds on the Miss America tote board as lovelies from all over the U. S. prepared for the big Atlantic City beauty baffle.

Mal Dodson, giant-sized press agent for the contest, named Miss Indiana as odds-on favorite to trounce the field.

He expects blonde Ann Marie Garnier, 8025 Broadway, to win national honors for the Hoosier state for the first time.

Last year, Carol Mitchell grabbed second place in the beauty pageant, but no Hoosier has won the top title.

Mr. Dodson boasts a good average of picking winners, but admits he is no beauty himself.

Over the years Mr. Dodson weight 235 pounds, has size 7½, bust 48 inches, hips 45 ditto, and shot size 12) has an average of 85 per cent in picking the first 10 in this annual parade of femininity—even though he professes never to have seen a show him-self.

Besides Miss Indiana, Mal picks these other winners, without comment as to the order. Ten girls will wind up in the final.

The big boy likes Gwendolyn Harmon, Miss Alabama; Bonnie Diane Nicksic, Miss Arkansas; Marilyn Delores Reddick, Miss Canada; Joyce Marlene Yeske, Miss Connecticut; Neva Jane Langley, Miss Georgia; Barbara Jean Graves, Miss Massachusetts; Joan Elizabeth Kayne, Miss New York City; Patricia Mary Hunt, Miss Greater Philadelphia; and Mary Kemp Griffin, Miss South Carolina.

There you have it. Today, the girls dressed their fanciest and were wheeled down the boardwalk, or Rambler driven, in the annual pageant parade, witnessed by 100,000.

Tomorrow the judging begins. Each girl must compete for talent, and appear before the critical judges almost in the buff in bathing suits, and evening gowns.

The winner gets a \$5000 scholarship.

There will be four other winners, plus scholarship for "Miss Congeniality" and "Miss Talent."

U. S. Actress, Italian Together—But Why?

By United Press
ROME, Sept. 2—Film actress Linda Darnell and Italian Producer Giuseppe Amato basked together on the Isle of Capri today, but she insisted they weren't romantically involved.

Miss Darnell and Mr. Amato, 53, who have been seen together frequently since her arrival last week, held a press conference last night to straighten out reports about their relationship.

Miss Darnell, a divorcee, insisted she was in Italy only for a vacation and some movie work. But she added that she was "a free woman."

Mr. Amato, who greeted Miss Darnell with flowers when she arrived by plane from New York, said he was "happily married," but living alone.

After meeting the press the two took off for Capri accompanied by a woman secretary to remain until Saturday. Miss Darnell left her 4-year-old adopted daughter Lola behind in Rome.

Asked if she had any romantic feelings toward anyone else she added:

"None. But I am a free woman and feeling good in this romantic country."

Beef Production Rising in U. S.

WASHINGTON, Sept. 2 (UPI)—Beef production is on the way up, assuring housewives more and better cuts at possibly lower prices during the coming months.

The Agriculture Department reported today U. S. beef production is well ahead of last year—which saw the smallest supply in eight years—and is continuing to rise.

Another indication of a retail price break on beef this fall and next year was the lifting of the six-year embargo on Mexican cattle.

Secretary of Agriculture Charles F. Brannan and President Miguel Alemán of Mexico announced jointly yesterday that foot and mouth disease among Mexican cattle has been eliminated and that henceforth such cattle can be sold in this country.

Agriculture department officials estimated that about 500,000 head of live Mexican cattle will be imported into this country in the next year, adding to the big U. S. supply.
