## MUNN & CO'S PATENTS

After Forty years' experience in the preparation of more than One Thousand applications for patents in the United States and Foreign countries, the publishers of this paper have learned to act as solvers for patents, cements, trade-marks, copy-  
rights, inventions, and other commercial interests, and to obtain patents in Canada, England, France, Germany, and other countries. Their facilities are un-  
equalled.

Patents obtained through Munn & Co. are noticed in the largest circulation and the most important newspaper of its class in the United States.

The large and friendly illustrated newspaper is published weekly at \$1.00 a year, and is admitted to the best bookstores devoted to science, medicine, law, engineering, and other departments of industrial progress, published in any country. It contains all the latest news of all the latest inventions patented each week. Try it four months for one dollar.

If you have an invention to patent write to Munn & Co., publishers of *Scientific American*, 51 Park Row, New York, or send a specimen and a brief description of such a notice any patent office.
