After Forty years' experience in the preparation of models of One Hundred Thousand applications for patents in the United States and One Hundred countries, the publishers of the Scientific American Company have solved the problem for inventors, by publishing a list of patents, caveats, trade-mark, copyright, etc., for the United States, and to obtain patents in Canada, England, France, Germany, and all other countries, and to use the same, and their facilities are unsurpassed.

Drawings and specifications prepared and filed in the Patent Office on short notice. Terms very reasonable. No charge for drawings or drawings. Advice by mail free.

For the purpose of the Scientific American Company, as represented in the SCIENTIFIC AMERICAN, which has been established in the United States, and is a newspaper of its kind published in the world. The advantages of such a notice to the public are as follows:

This large and splendidly illustrated newspaper is published WEEKLY at \$3.00 a year, and is admitted to be the best paper devoted to science, invention, invention, engineering works, and other departments of industrial progress, published in any country. It contains the names of all patents and title of every invention patented in the United States for the last four months on a dollar, sold by mail newswriters.

If you have an invention to patent, write to Messrs. B. & C., Publishers of Scientific American, 65 Broadway, New York.

Send no money, but mail free.
