Last Friday night was the coldest September night known for years, and a heavy freeze for this season of the year was the result. It is said that thousands of bushels of onions in the Gifford onion district were frozen so badly as to be utterly worthless. The onions were frozen one-half the way through them, and ice formed nearly one-half inch thick wherever pools of water lay. Last year onions were left out until the last of November without damage from freezing.

Saginaw (Mich.) Courier-Herald says: Saginaw is seldom favored with an artist of Mr. Kirk's high ability. The most interesting number of the entertainment given by him last evening at the Masonic Temple, under the auspices of the City Union, Y. P. S. C. E., was a rendition of Charles Dickens' "Christmas Carol." The identity of the speaker seemed to be lost sight of, and for an hour the hearers were carried away into the mystic world of the great Dickens, the characters appearing really to exist and to act their respective parts on the stage in a manner highly delightful. At Free Baptist Church, Oct. 10.
