One of our good-natured young men while returning from the home of his sweetheart last Thursday evening, was frightened by an apparition which he imagined hung from a tree by the roadside. This is as near as I can imagine, this version of the affair as given by him: "As I was returning from the home of my lady friend, clothed in my best mind, I saw a few rods in advance of me an object suspended from the limb of a tree, swinging to and fro like the pendulum on a clock of destiny. Immediately I stopped and called the factors of my invisible self, to a consultation meeting. After eighty ballots, the proposition to run was carried, to my great relief. Crawfishing to a safe distance I at once put the order of my individual Supreme Court into execution forthwith, yea, sooner. RESOLUTIONS.

That, owing to the organization of the so-called Threshers' Union, which we consider an arbitrary and selfish combination with a view of raising prices on threshing and to dictate to the farmers and non-union threshers not belonging to the Union, Therefore,

RESOLVED, that we, the farmers in the vicinity of Wheatfield Center, do protest against allowing a Threshers' Union Machine to thresh our grain, and invite non-union threshers to do our work;

RESOLVED, That should a Union Machine offer to thresh our grain at half price we pledge ourselves to employ a non-union machine at the regular price, namely, 5cts. for bundle Buckwheat; 1 1/2 cts. for Oats; 6 cts. for loose Buckwheat; 3 cts. for Rye.

Signed by twenty-two representative farmers. JNO. V. MYERS, Secretary.
