The carnival people pulled out
Sunday morning, but instead of
going to Paris, Ill., are understood

church the 40 votes he was enti-

Some pieces of Kankakee marsh
lands which have always been deluged
with water are now plainly
showing the effects of the ditch-
ing. In becoming dry they are
sending forth a growth of weeds
of a size that will take grubbing
to get them out, or a fire that will
be a detriment to the land. But
there is satisfaction in knowing
that soil that will grow great weeds
will bring mammoth corn when
tamed down.—Crown Point Star.

time, will continue with him. Mr.
Cowgill is closing his affairs here
and will probably decide to locate
at some point in Illinois in the
same line of business. He has
been a resident of Rensselaer for
about eight years, and has made a
host of friends here who will be
sorry to see him and the family
leave Rensselaer.
